

Springer E-books database is a collection of more than 50,000 online full-text E-books purchased by the BMCC Library. The E-books can be downloaded easily in PDF format on computers, smart phones and on E-book readers.

➤ Getting Started

1. Go to the BMCC Library's homepage: <http://lib1.bmcc.cuny.edu/>
2. Click on **E-books** (left side of the page under find info.) and then click on **Springer E-books** database.
3. In order to view and download the e-Books, you need to search within Springer E-books database. (*Note: It is not necessary to create an account if you wish only to read or download an eBook.)

➤ Downloading E-books

1. Click on the search result you would like to read from the list of search results in the database.
2. Click on the **Download PDF** button (upper left-hand corner) and save the file on your computer.

➤ Transferring E-Books to the E-reader

1. Connect the E-reader to your computer with the USB cable.
2. Select the file that contains the book and drag it to the reader.
