DEAR STUDENT:

Welcome to the Borough of Manhattan Community College of The City University of New York. Located in the heart of the financial and governmental district of the city, the college provides students with a unique opportunity to pursue a high quality education.

At the Borough of Manhattan Community College, you will have every chance of succeeding. Our faculty and staff are committed to your future, and will work with you to create a successful learning experience. Our facilities are among the newest and finest in The City University, and include a gymnasium, laboratories, lecture halls, and theatres. We invite you to use these outstanding resources to the fullest.

We look forward to your active participation in the BMCC learning community. Best wishes in your academic pursuits.

Sincerely,

Augusta Souza Kappner
President
A PROFILE

The Borough of Manhattan Community College (BMCC), chartered in 1963, is part of the City University of New York. BMCC is a two-year urban institution providing education for youths and adults. The College, located at 199 Chambers Street, six blocks north of the World Trade Center, is the only diversified community college in Manhattan. At this location where major corporations and governmental agencies have their offices, BMCC continues its primary mission: to provide educational programs that are relevant to the needs and interests of its students and the external community.

The History
When the Borough of Manhattan Community College opened in 1964, partnerships were established with community businesses for the expressed purpose of training students to fill their manpower needs. In fact, when the College was established the educational focus was to train students for business careers and to provide a general liberal arts education for those who wished to transfer to four-year colleges. In addition to supplying graduates and student workers to the business community, the College created on-site training and management developmental courses for mid-level employees. These courses were tailored to the specific needs of the companies. Keeping in step with national and local occupational trends, BMCC continuously modified and refined its in-house and on-site programs.

By 1974, enrollment had increased from 467 students to over 6,000 day and evening students. Now it became necessary for BMCC to expand its classroom space from two floors in a commercial building to seven locations throughout the midtown area. The phenomenal expense of renting classroom and office space for the College prompted the City of New York to plan and finance the construction of a new self-contained campus. To the disappointment of the College community, plans and construction were halted due to the City’s fiscal crisis. Only the steel frame of the building was erected and the structure remained untouched for five years. In spite of the inconvenience of scattered classroom space, BMCC continued to train skilled workers for employment in business and health careers, to prepare students for transfer to four-year colleges and to help individuals develop intellectually, socially and culturally. Nine years passed before the new campus was finally completed.

The Facility
The campus, situated on 4.28 acres, became occupied in January 1983. The modern structure, expanding four blocks from Chambers Street to North Moore Street is equivalent to the Empire State Building lying on its side (minus the tower). In addition to the 71 classrooms, eight seminar rooms, numerous laboratories and three lecture halls (one hall seats 200 and the others seat 100), the campus library contains a shelving capacity for 100,000 volumes and is equipped with 550 study carrels which permit use of audio/video cassettes. The campus features a 1,000-seat auditorium, a 299-seat theatre and a 99-seat drama workshop. There is an intercollegiate-size swimming pool, a gymnasmium which can be divided into three regulation basketball courts and a day care center.

Other Features at BMCC
- A Media Center containing a television and audio studio. Television programs and videotapes are produced and transmitted here.
- A comprehensive College bookstore.
- A weightlifting room with a universal gym, rowing machines and stationary bicycles.
- Two dining facilities and a snack bar.

As it has done for over twenty years, the Borough of Manhattan Community College continues to cultivate the talents and interests of its diverse student body and to prepare its students to enter the mainstream of New York City. The College looks forward to meeting the challenges of the rapidly changing technological society.
ADMISSIONS

Anyone who has a high school diploma or a New York State High School Equivalency Diploma is eligible to attend the Borough of Manhattan Community College.

TO APPLY
Fill out one application only and pay a $25.00 application fee. Applications are available at • public high schools • selected community centers • the City University's Office of Admissions Services, 101 West 31 Street (6th Floor), New York, NY 10001 • the Admissions Office at the Borough of Manhattan Community College, room S300, 199 Chambers Street, New York, NY 10007, (212) 618-1229.

NOTE: You should apply as early as possible, however your application will be considered whenever you apply. All applications permit students to apply to six programs even if the programs are at six different CUNY institutions.

There are six types of applications:

1. The University Application For Admission
For students who are applying for regular City University programs and for students who wish to apply for the College Discovery Program. Use this application if:
• you are currently in high school.
• you are a high school graduate and have never attended college.
• you have a High School Equivalency Diploma and have never attended college.
• you are a permanent resident, an immigrant or a refugee.

2. The Application For Advanced Standing (Transfer)
Admission
This application is for students who have previously attended college and have a 2.0 (C) or above cumulative Grade-Point Average. There is an Advanced Standing deadline. Students must submit all credentials (the application, high school transcript and all previous college credit transcripts) by the deadline.

NOTE: Once you are registered at BMCC, you cannot have earned credits from another institution transferred to BMCC.

3. Application For Students Educated Abroad
Use this application if you have:
• foreign educational credentials.

• a temporary visa for stay in the United States.
• applied for a temporary visa for stay in the United States.

4. Application For Non-Degree Status
For students who will take college courses but do not wish to obtain a degree. Those interested in non-degree status should apply directly to the Admissions Office of the Borough of Manhattan Community College, 199 Chambers Street, room S300, New York, NY 10007.

5. Personalized Application
For current high school seniors in the New York City public schools (and several parochial schools).

6. Second Degree Application
Students who have earned an Associate’s degree at the Borough of Manhattan Community College and who wish to apply for a second degree must contact the Admissions Office, room S300, and request a Second Degree Application.

A Note About Readmission
Students who have not attended BMCC for one semester or more (Fall or Spring semesters only — Summer session is not included) must apply for readmission. Fill out a Readmission Application and pay a $10.00 application fee.

If you previously attended BMCC then transferred to a different institution and you are now returning to BMCC, you must submit an official transcript from the other institution before readmission is considered.

continued on next page
AFTER YOU'RE ADMITTED

Skills Assessment Examination
You are given a Skills Assessment Examination in order to determine whether you meet academic standards set by BMCC and CUNY. As a result of the Skills Assessment Examination, you may be assigned to remedial courses. (Please note that remedial courses do not offer college credit).

Medical Examination
When your admission to BMCC as a matriculated student is confirmed, you must submit a completed medical examination report prior to registration. The College has standard medical forms available at the Admissions Office. Have the form filled out and signed by a physician then return the form to the Admissions Office. In addition to the medical examination form, an Emergency Medical Release form, which is available at the Admissions Office, must be signed and submitted.

The forms must be received by the deadline dates established by the Admissions Office. Non-matriculated (non-degree) students are not required to submit the medical examination report.

Freshman Orientation
First-term freshmen are required to attend a special pre-registration orientation session. Orientation sessions are specifically designed to help students successfully adjust to college life and to utilize the various college resources.

STUDENT STATUS
Advanced Standing (Students With Previous College Work)
Students who have completed college courses at institutions other than BMCC have advanced standing status. A maximum of 34 college credits (not grades) may be transferred provided advanced standing requirements are met.

At BMCC, each department has its own requirements for accepting transfer credits. Please confer with the department, in which you plan to major, to ensure that you understand their transfer credit requirements.

Matriculation
To become matriculated, students must select a program and agree to take all courses required for the Associate’s degree.

Non-Degree
Students who do not wish to pursue a degree-granting program have non-degree status.

NOTE: Students who wish to change from a non-degree to a matriculated status may do so after at least one semester of college work has been completed. Matriculation will be granted if regular admissions requirements are met.

Full-Time
For description of Full-Time status, see page 6

Part-Time
For description of Part-Time status, see page 7

*To be eligible to pay New York City tuition rates, students must have completed one year of residency in New York City prior to the first day of classes, and not be on a temporary visa.

**B-81 Form
Any student who lives in New York State but does not live in New York City may be eligible to pay the same tuition as a New York City resident. To pay New York City tuition, you must submit a B-81 Form to the Bursar's Office. First obtain a B-81 Form from the Bursar's Office (S320) then present the completed B-81 Form to the County Clerk's Office, in the county where you live. The County Clerk will issue you a certified B-81 Form; a) if you have lived in New York State for at least one year and b) if you have lived for at least six months in the county that is certifying the B-81 Form. Return the B-81 Form to the Bursar's Office no later than two weeks prior to registration.

***The College issues 120 forms only to full-time matriculated foreign students who owe no money to the school.

NOTE:
• New York City residents who are 65 years or older are granted free tuition but must pay a $25.00 per semester charge. Senior citizens pay all noninstructional fees, except application fees.
• All tuition and fees are subject to change without notice regardless of the tuition and fees in effect at the time of application as mandated by the Board of Trustees, CUNY. All tuition must be paid at the time of registration.

STUDENT ACTIVITIES FEES

1. Full-Time Students ........................................ $39.85†
2. Part-Time Students ....................................... $19.85†
3. Summer Session Students ................................. $19.00

†Includes 85 cents University Student Senate Fee. The Student Activities Fee must be paid by all students who register. It is nonrefundable.

CHANGE OF PROGRAM FEE

When you wish to change your program, you are charged $10.00 for each Change of Program Form processed even if you are a financial aid recipient. For example, if you drop two courses and add a course at the same time, you pay $10.00 even though three transactions were made. However, if you decide at a later date to make additional program changes, you must complete another Change of Program Form and pay an additional $10.00 fee. There is no charge to only drop a course(s). The following actions initiated by a student require a program change fee:

1. Addition of a course or courses
2. Changing from one course to another
3. Changing from one section of a course to another section of the same course
4. Dropping a course and adding another course

NON-INSTRUCTIONAL FEES (NON REFUNDABLE)

1. Application for Admission (new student fee) ............ $25.00
2. Application for Readmission .............................. $10.00
3. Late Registration fee .................................... $15.00
4. Change of Program fee .................. $10.00 (adding or changing sections of a course)
   THERE IS NO CHARGE FOR DROPPING A COURSE
5. Duplicate photo I.D. .................................. $5.00
6. Transcripts† ............................................ $4.00
7. Senior Citizens — semester charge (no tuition) ........ $25.00
8. Late Payment ........................................... $15.00

continued on next page
STUDENT STATUS

Full-Time
To be considered a full-time student, you must be enrolled in at least twelve (12) credits or equated credits each semester. First-semester freshmen taking non-credit remedial, developmental or compensatory courses must be enrolled in at least three (3) credits. The contact hours of the remedial, developmental or compensatory courses will be used to calculate the remainder of the full-time credit requirement.

Students who are not first-semester freshmen and are taking non-credit remedial, developmental or compensatory courses must carry at least six (6) credits. In such cases, the contact hours of the remedial, developmental or compensatory courses will be used to calculate the remainder of the full-time credit requirement. (There is an exception to this rule, see STAP requirements below.)

Contact hours for the following courses may be used to satisfy the full-time credit requirements (Tuition for these courses is charged on the basis of contact hours):

- ESL (all courses)
- MAT 010, 011, 012, 051, 053
- RDG (all courses)
- ENG 088, 090
- ACC 101, 106, 111

Full-Time Status and Financial Aid Eligibility
Students must also be aware of the relationship between full-time status and their eligibility for certain financial aid programs. In order to be eligible for:

STAP
- A student must be enrolled in at least six (6) credits and six (6) hours in a non-credit remedial course(s) as part of the full-time load.
- STAP is only available to students who have not received State assistance (TAP) prior to the 1981-1982 school year.
- Students are eligible for STAP for two (2) semesters only.

TAP
- A student must be a full-time (see Full-Time definition above).
- Students must meet academic progress and program pursuit requirements (contact the Financial Aid Office, room N340, for information).
Student Status (cont'd.)

- Undergraduate students are eligible for a total of eight (8) semesters of TAP.
- College Discovery (CD) students are eligible for a total of ten (10) semesters of TAP.

Part-Time
To be considered a part-time student, you must enroll in less than a full-time course load. Part-time students are charged on a per-credit basis with the exception of non-credit courses. For non-credit courses, students are charged on the basis of contact hours. (See Full-Time listing of these courses.)

WAIVERS AND TUITION REFUND

Change of Program Fee Waiver
The change of program fee is not applicable when:

1. The College cancels or withdraws a course, whether or not the student substitutes another course.
2. The College changes the hours of the course after the Schedule of Classes and the Addendum are printed or makes other substantive changes that provide the student justification for a change.
3. The College requests the student to transfer from one section to another section of the same course.
4. The College cancels the registration of the student for academic or disciplinary reasons.

Part-Time Student Tuition Waivers
There are two basic tuition waiver programs for part-time students: (1) Part-Time Tuition Waiver Program (PTTW), a New York City financial aid program (formerly known as CAP) and (2) Aid for Part-Time Study (APTS), a New York State financial aid program.

PTTW
To be eligible for a part-time tuition waiver, a student must:

1. Be enrolled in at least six (6) credits or equated credits and less than twelve (12) credits or equated credits at the time of initial registration.
2. Be matriculated in a course of study leading to an undergraduate degree.
3. Be a U.S. citizen, permanent resident alien or other eligible classification.

4. Be a New York City resident for at least one year.
5. Have an eligible Pell Grant Student Aid Index (SAI)*. The amount of the waiver is based on the SAI.

APTS
To be considered for an APTS award a student must:

1. File an APTS application by the established deadline.
2. Be enrolled in at least six (6) credits or equated credits and less than twelve (12) credits with at least three (3) of these being degree credits.
3. Be matriculated in a course of study leading to an undergraduate degree.
4. Be a U.S. citizen, permanent resident alien or other eligible classification.
5. Be a legal resident of New York State for at least one year.
6. Have an eligible Pell Grant Student Aid Index (SAI)*. The amount of the APTS award is based on the SAI.
7. Remain in good academic standing.
8. Have already earned six (6) degree credits.
9. Have not used eligibility for TAP or other New York State financial aid programs for full-time study.
10. Meet the established income guidelines.

*In determining Pell Grant eligibility, only credits are counted in credit-bearing courses. In non-credit courses, the contact hours are used as if they were credits.

VETERANS

Tuition Deferrals — Processed for those veterans who are certified for veteran’s benefits by the Office of the Registrar. Applications for veteran’s benefits must be made in the Admissions Office.

Benefits — Students eligible to receive benefits under the “GI” bill should make a request to the Registrar’s Office for benefits certification. These veterans must bring their V.A. file number to the Registrar’s Office. New students must bring their DD 214 and proof of marriage and/or children (if applicable) to the Registrar’s Office.
Tuition Refund Policy

In order to obtain a refund from the College, you must submit a Refund Petition Form. This form is available in the Bursar's Office, room S320.

Upon approval of the form, refunds will be made in accordance with the schedule below:

<table>
<thead>
<tr>
<th>Withdrawal prior to the first day of classes</th>
<th>Tuition Refund</th>
<th>Tuition Obligation</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>100%</td>

</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>0</td>
<td>100%</td>
</tr>
</tbody>
</table>

The percentage of the refund is determined by the date stamped by the Registrar's Office indicating official withdrawal from classes.

Tuition will be refunded 100 per cent for those courses which, at any time, are cancelled by the College.

Student Activity Fees will be refunded only in cases where the student's registration is cancelled because of withdrawal of courses by the College. THE STUDENT ACTIVITY FEE IS NON-REFUNDABLE IN ALL OTHER CASES.

STUDENTS ON PERMIT

To Other Units of CUNY

Students who wish to take courses at another CUNY college while attending BMCC must follow the procedures listed below (students are limited to the maximum number of credits allowable at the home college):

1. Must have a GPA of 2.0.
2. Obtain permit from Registrar's Office at BMCC.
3. Complete permit with all appropriate information.
5. Complete a Course Selection Form.
7. Take validated permit to Registrar. Registrar signs and places College Seal on permit.
8. Take BMCC permit and other Bursar's receipt to registration at other unit of CUNY.
9. Request other CUNY unit to forward transcript to BMCC at the end of the semester.

NOTE:
- Each department has its own requirements regarding permit credit. Please confer with the department before registering as a permit student at another CUNY college.
- At least 32 credits of the total number of credits required for graduation must be earned at BMCC. However, under no circumstances shall more than 34 earned credits granted from another institution be applied toward graduation from BMCC.

From Other Units of CUNY

Students from other CUNY colleges who wish to take courses at BMCC should:
- Follow steps 1-6 (above) at their home college.
- Come to registration at BMCC with validated permit and Bursar's receipt and follow regular registration procedure.
- File transcript request in BMCC's Registrar's Office at the end of the semester.

SPECIAL NOTE: Those students receiving TAP or STAP must bring a letter from the college in which they have enrolled showing the exact number of credits for which they have registered. This letter should be brought to Mr. Lum in room S313 during the fifth week of the semester.
Financial Aid

The purpose of financial aid is to provide monetary assistance to students who, for economic reasons, cannot meet the cost of their college education.

The Financial Aid Office, administered by the Student Life Department, tries to meet the financial needs of as many eligible students as possible. With the exception of the Guaranteed Student Loan Program, the following financial aid programs are limited to matriculated students.

**SOURCES OF FINANCIAL AID**

TUITION ASSISTANCE PROGRAM (TAP) is a New York State sponsored grant program designed to assist full-time students in meeting the cost of tuition. The program provides awards paid directly to the school for tuition ONLY. To be eligible, students must be U.S. citizens or permanent residents, be legal residents of New York State (have lived in New York State at least one year prior to enrollment) and meet the economic and academic requirements of the program.

SUPPLEMENTAL TUITION ASSISTANCE PROGRAM (STAP) is a New York State sponsored grant program, similar to TAP, but limited to academically disadvantaged students who have not received State assistance prior to the 1981-82 academic year and who are required to enroll for at least six (6) remedial equated credits as part of the full-time course load. Recipients of STAP must meet the same residency and economic requirements as TAP recipients.

PART-TIME TUITION WAIVER PROGRAM is a grant program funded by CUNY to assist students originally registering for and maintaining part-time status (at least six (6) and less than twelve (12) credits or equated credits) to pay for tuition. Eligible students must be U.S. citizens or permanent residents, have a Pell Grant Student Aid Index between 0-1500, and meet the academic and economic requirements as stated by the program.

VIETNAM VETERANS TUITION AWARD PROGRAM (VVTAP) is a New York State grant program designed to assist full-time and part-time students, who served in Indochina, to meet the cost of their tuition. Eligible veterans: (a) must have served in Indochina between January 1, 1963 and May 7, 1975 (b) must have been discharged under honorable conditions (c) must have been a resident of New York State on April 20, 1984 and at the time of entry into the service (d) if living out of state, must resume residency by September 1, 1987 and (e) must apply for PELL and TAP Grants if full-time or apply for PELL Grant only if part-time.

PELL GRANT (formerly known as BEOG) is a federally funded grant program intended to assist students with the cost of educationally related expenses. Eligible students must be U.S. citizens or permanent residents and enrolled for at least six (6) credits or equated credits per semester. The amount of the grant depends on the Student Aid Index, the number of credits taken, college costs and financial needs of the student.

SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG) is an award given to students who enroll for at least six (6) equated credits per semester and who show exceptional financial need. It provides assistance that does not have to be repaid. Generally, SEOG awards are made to students who also request some type of self-help aid (College Work-Study or National Direct Student Loan).

COLLEGE WORK STUDY (CWS) is a federally funded program that provides part-time employment for students who are in need of financial assistance and who are enrolled for at least six (6) equated credits per semester. Students who are awarded CWS are placed in either on or off campus jobs depending on their award, class schedule and job skills.

NATIONAL DIRECT STUDENT LOAN (NDSL) is a low interest (5%) loan awarded to students who demonstrate the need for financial assistance in meeting educationally related expenses and are enrolled for at least six (6) equated credits per semester. This loan does not have to be repaid until the student graduates, withdraws, or otherwise becomes ineligible.

*continued on next page*
COLLEGE DISCOVERY (CD) is a program for academically and financially disadvantaged students. At the time of admission to the College, as per their own request, students are considered and chosen (by lottery) to be participants in the CD program. Students who are in the College Discovery Program may receive stipends, money for books and money for college fees which do not have to be repaid.

NURSING STUDENT LOAN (NSL) is a federally funded loan program open only to those students who are currently enrolled in the Nursing curriculum (does not include Pre-Nursing students). This loan does not have to be repaid while the student maintains at least half-time (6 equated credits) status. It is available to those Nursing students who show a financial need, on a limited first-come, first-serve basis.

GUARANTEED STUDENT LOAN (GSL) is a low-interest loan currently made from a commercial bank or savings and loan association to assist students with educationally related expenses. Guaranteed Student Loans are insured by New York State and must be repaid once the student graduates, withdraws or drops below half-time status.

SHORT TERM LOANS are made through the BMCC Student Association and approved through the Financial Aid Office, room N340. These loans are available on a limited basis to students who have an educationally-related emergency situation and have demonstrated a satisfactory method of loan repayment.

OTHER SOURCES OF AID

MAYOR'S SCHOLARSHIP PROGRAM is a financial aid program established by the Mayor's Office of the City of New York, sponsored by the U.S. Department of Housing and Urban Development, and administered by ARIC (a non-profit agency). It is designed to provide supplemental financial aid to full-time (12 credits), residence-eligible, matriculated students. The Mayor's Scholarship is a grant and does not have to be repaid.

A booklet entitled "...AND WHAT ABOUT FINANCIAL AID?" which describes the types of financial aid available along with the complete list of eligibility requirements for each program is available from the Financial Aid Office, room N340. NOTE: Students are advised to pay close attention to filing deadlines.

REGISTRAR INFORMATION

The Registrar's Office handles information concerning course registration, grades, academic standing, academic procedures, academic certifications and graduation.

Each semester, before you may attend classes, you must complete registration requirements. The Registrar's Office mails registration information to every eligible student. If you do not receive your instructions by the beginning of the registration period, which is specified in the academic calendar, you must contact the Registrar's Office immediately. (Updated academic calendars can be obtained in the Registrar's Office.)

A Note to Veterans
Veterans filing for benefits under Public Law 634 or 89-358 are required to file a Certificate of Eligibility with the Registrar's Office at your initial registration. Each time you register, you must inform the Registrar's Office if you change your program of study and/or your Veteran's standing.

Change of Curriculum

If you wish to change your curriculum (degree program) once enrolled, you must file an official Change of Curriculum Form in the Registrar's Office. It is mandatory that you confer with a counselor from the Student Life Department and the chairperson of your proposed program before filing the Change of Curriculum Form.
ACCOUNTING

The Accounting Program is designed to prepare students for jobs such as: Accounting Clerk, Assistant Bookkeeper, Accounting Trainee, Junior Accountant, Payroll Clerk, Assistant Accountant or Bank Teller. Many of our graduates who have completed the Accounting Program now hold responsible accounting positions in business firms, banks, hospitals and government agencies. In addition a large percentage of students choose to continue their education at four-year colleges in order to become practicing professional accountants and obtain the Certified Public Accountant Certificate—the highest professional recognition of achievement in the field.

Upon completion of the requirements listed below, the Associate of Applied Science (A.A.S.) degree is awarded.

*In order to take the MAT 200 level course or above, all necessary prerequisites in Mathematics must be completed. Students who wish to take these courses should consult with the Mathematics Department.

**Instead of CED 201, students may take CED 301 and CED 401 (Internship I and II) based upon evaluation by the Cooperative Education Department. Special options and with written permission from the Cooperative Education Department; electives are available in lieu of these Cooperative Education courses.

***Select one course in either anthropology, history, philosophy, political science, psychology, sociology or Black Studies course in social science.

†In the third and fourth semesters, students must take six elective credits in the following courses: ACC 340, ACC 451 or any Business Management course. However, three of the six credits must be in Accounting.
BUSINESS ADMINISTRATION

The Business Administration Program, administered by the Business Management Department, provides students with a general education background in addition to offering 12 credits in basic business. After successful completion of the program, students can transfer to a senior college or university in order to attain the baccalaureate degree in business.

Many students have inquired about the difference between the Business Administration and the Business Management Programs. The Business Administration Program is suggested for those who want a strong liberal arts background, whereas, the Business Management Program is primarily geared for students who desire a career-oriented education which will enable them to secure employment after graduation. (See course description for both programs, pages 44-47). Both programs allow students to enter four-year colleges of their choice.

The Business Administration program awards the Associate in Arts (A.A.) degree.

*Students with three years of a modern foreign language in high school are exempt from taking modern foreign language and may substitute an elective.

**BMCC students who transfer to Baruch College, which requires an English 9 (2 credits) course, may take a qualifying exempting exam.
BUSINESS MANAGEMENT

The Business Management Program offers eight choices of career options to students. After completion of the first semester of work which includes basic courses in business and the liberal arts, students can choose one of the concentrations listed. Upon successful completion of the requirements, students are granted the Associate in Applied Science (A.A.S.) degree and are also eligible to transfer to a senior college. (See pages 44-47 for course descriptions.)

Banking and Finance Concentration

Offers specific course work for students who are interested in obtaining jobs as junior management trainees in finance departments of large corporations, banks or securities houses.

CHILD CARE/EARLY CHILDHOOD EDUCATION

The Child Care/Early Childhood Education Program provides a core of Liberal Arts courses, specialized courses in child care and early childhood education. The program offers two career concentrations: Infant Toddler and Pre-School.

Students will find many career choices in the Child Care curriculum. These include working directly with children in early childhood education settings such as: Infant Care, Pre-Kindergarten and Kindergarten Day Care, Head Start Centers and Hospitals for the handicapped and children with learning disabilities. Opportunities also exist for students who wish to work for educational and commercial television or as for students who are interested in the marketing field where they can utilize their child care knowledge in sales and buying—relating to toys, children’s books and materials, and children’s clothing.

Upon satisfactory completion of 65-66 credits, the Associate in Applied Science (A.A.S.) degree is awarded.

COMMUNITY MENTAL HEALTH TECHNOLOGY

The Community Mental Health Technology Program, administered by the Allied Health Sciences Department (see pages 41-44 for course descriptions), prepares students to assist the professional in neighborhood "satellite" mental health clinics, rehabilitation centers, social service agencies and special schools and/or classes for the emotionally disturbed and developmentally disabled.

Graduates of this program are awarded the Associate in Science (A.S.) degree and are eligible to transfer to programs at the baccalaureate level.

*Students enrolled in clinical field work courses are required to obtain liability insurance; moderate group rates are available.

Students who fail any Community Mental Health Technology course may repeat the course only once. Academically dismissed students must attain a GPA of 2.0 or above for re-entry into the Community Mental Health Technology Program. Students transferring into the program must have attained a GPA of 2.0 or above. Students required to take remedial courses, with the exception of MAT 011 and MAT 051, may not register for any Community Mental Health course until assigned remediation is satisfactorily completed.

NOTE:

Applicants for admission to any program in Health Science Technologies will be required to meet the physical and mental health standards set forth by the College and affiliating agencies.

A physical examination is required for clinical placement.
CORPORATE AND CABLE COMMUNICATIONS

The Corporate and Cable Communications Program, administered by the Speech, Communications and Theatre Arts Department (see pages 89-92 for course descriptions), prepares students for entry-level videotape production and operations/management positions in corporate communications departments, audiovisual production companies, industrial videotape production centers and the cable television industry.

As a student in this program, you gain "hands-on" experience in BMCC's television studio and learn how to create and produce professional videotape productions designed to serve corporate and cable television needs. In addition, you are required to do an internship at a professional media facility. Besides the practical experience you gain, theoretical material is covered in class lectures. Finally, each student is allowed to take six credits of electives in order to specialize within the program in such areas as writing, photography, art, film, accounting or marketing to mention a few.

Upon successful completion of the requirements listed below, students will receive the Associate in Applied Science (A.A.S.) degree. In addition, graduates are guaranteed admission to one of the CUNY senior colleges.

DATA PROCESSING

The Data Processing Program provides students with a comprehensive understanding of the role of computers in modern society—offering practical techniques and a hands-on approach to data processing methodology and equipment. Students can choose from two options: one in Computer Programming and the other in Computer Operations.

The Programming concentration prepares students to use the latest computer equipment and techniques. By using practical business applications as models, students learn how to write comprehensive applications programs—employing COBOL, Assembler, RPG, FORTRAN, BASIC, PASCAL and PL/1 languages. The Programming option also includes one year of course work in Systems Design and Systems Implementation.

The Operations concentration prepares students to operate the most sophisticated and up-to-date computer mainframes, printers, tapes, disks and CRT terminals. Students are also given a strong in-depth introduction to OS/JCL.

Graduates of the Data Processing Program are awarded the Associate in Applied Science (A.A.S.) degree.

LIBERAL ARTS

The Liberal Arts Program at the Borough of Manhattan Community
College provides each student with a well-rounded background in the
sciences, humanities, mathematics and languages. The program also
allows students to enter four-year colleges of their choice after success-
ful completion of the Associate degree requirements. All course con-
centrations under the Liberal Arts Program award the Associate in
Arts (A.A.) degree.

Liberal Arts General Concentration

Provides a variety of courses in many different areas—offering stu-
dents an opportunity to eventually decide upon a major area of con-
centration. Students who usually choose the Liberal Arts General
concentration are interested in preparing for careers in the field of teach-
ing, law, medicine, psychology, counseling and journalism to mention
a few.

Note: Liberal Arts students may take a maximum of nine (9) elective
credits in the career departments. Any additional credits will not
be accepted toward the Liberal Arts degree.

*Students are required to take Social Science courses in four different disciplines.

Dance Concentration

Especially designed for students who are considering careers in dance or have previous dance training and/or experience. The Dance concentration stresses body tone and flexibility as well as development and coordination of movement. After successful completion of the Associate in Arts (A.A.) degree requirements, students are eligible to transfer to four-year colleges in order to receive additional training in dance.

## Fine Arts Concentration

Designed for students who have an interest in the arts and who wish to continue their education at a senior college or university which offers the Bachelors in Art (B.A.) or the Bachelors in Fine Art (B.F.A.) degree. At BMCC, students may select courses in areas of their interest—painting, sculpture, filmmaking or art history.

Physical Education Concentration

Offers educational opportunities to men and women who plan to enter fields such as: coaching, athletic training, sports photography, professional athletics, athletic administration or sports journalism.

Not offered in 1986-87

continued on next page
Social Service Concentration

Prepares students for careers in social work and for transfer to a senior college. This concentration includes both course and field work—designed to provide knowledge and skills in social welfare and social work involving children, unwed mothers, adolescents, families, the elderly and hospital patients.

MEDICAL RECORD TECHNOLOGY

The Medical Record Technology Program administered by the Allied Health Sciences Department (see pages 41-44 for course descriptions), equips students with the skills needed to compile patient medical information, analyze and disseminate vital records (which are used for medical evaluation and subsequent treatment, medical research, insurance claims and legal action) to physicians, patients, public agencies and hospitals. Upon successful completion of the requirements listed, students receive the Associate in Applied Science (A.A.S.) degree and are eligible to take the examination for accreditation by the American Medical Record Association.

NOTE: Admission in September only.

*Students enrolled in clinical field work courses are required to obtain liability insurance; moderate group rates are available.

MRT Requirements

In order to satisfactorily complete course and degree requirements, students must pass Medical Record Technology courses (including SEC 209 and DAT 125) and attain a minimum of "C" (73-76) in course examinations.

Students who have failed any Medical Record Technology course (including SEC 209 and DAT 125) may repeat the failed course only once. Students who have been academically dismissed must attain a GPA of 2.0 or above for re-entry into the Medical Record Technology Program. Those transferring into the Medical Record Technology Program must have attained a GPA of 2.0 or above. Students required to take remedial courses may not register for any Medical Record Technology courses until all assigned remediation is satisfactorily completed.

NOTE:

Applicants for admission to any program in Health Science Technologies will be required to meet the physical and mental health standards set forth by the College and affiliating agencies. A physical examination is required for clinical placement.
NURSING

The Nursing Department (accredited by the National League for Nursing and the New York State Education Department) offers a program that prepares students to become members of the health team—qualified to render effective nursing care in health service agencies and hospitals. The program combines classroom work with observation and practice in actual health care facilities. In addition, students are trained to become competent nurses who assist those persons that are responsible for facilitating the maintenance of health, the improvement of health status, the prevention of illness and the alleviation of suffering.

Upon successful completion of 69 credits, the Associate in Applied Science (A.A.S.) degree is granted and students are eligible to take the New York State Licensure Examination for Registered Nursing (RN).

NOTE: Because of budgetary and Board of Trustees restrictions, only a limited number of highly qualified and motivated students are admitted into the BMCC Nursing Program. The College does not guarantee entry into the Program.

Students enrolled in clinical field work courses are required to obtain liability insurance; moderate group rates are available. Yearly physical exams are also required.

REQUIREMENTS AND SELECTION POLICIES

Requirements for Entering the Pre-Nursing Sequence (PNR):

a. Complete all remediation. (No PNR courses may be taken if a student is taking any remedial courses.)

b. Attain a high school diploma or General Equivalency Diploma (GED). Students enrolled in the 24 Credit General Equivalency Diploma (GED) Program at the Borough of Manhattan Community College may not register for the Pre-Nursing sequence until they have attained the 24 credits. A copy of the GED must be submitted to the Nursing Department.
Requirements After Admission into the PNR Sequence:

a. Full-time students must complete the four (4) courses in the PNR sequence in one (1) semester.

b. Part-time students must complete the four (4) courses in the PNR sequence in two (2) consecutive semesters.

Requirements for Admission into the Clinical Nursing Sequence:

All PNR student records are compiled by the PNR Coordinator and reviewed by the Departmental Admissions and Recruitment Committee in order to determine eligibility into the Clinical Nursing Program. Students must meet the following criteria:

a. Demonstrate twelfth grade or above reading ability and no less than ninth grade level in mathematic skills.

b. Complete the PNR sequence with a minimum Grade Point Average (GPA) of 2.50; the lowest acceptable grade in PNR courses is "C-". Regardless of the combination of earned grades, the PNR index must be 2.50 or better. Grades of "D", "F", "R", "NC" or "WU" in the PNR sequence mean automatic elimination from the PNR program.

c. Attain an overall College cumulative index of 2.50 minimum. This index includes grades for ALL courses taken at BMCC BEFORE admission into the Clinical Nursing sequence.

d. Perform satisfactorily on the Pre-Nursing Examination of the National League for Nursing (NLN) as determined by the Board of Trustees' CUNY Formula. (Currently, the NLN Pre-Nursing Examination and the CUNY criteria have been temporarily waived.)

Deferred Admission

In the event that the number of qualified students exceeds the number who can be admitted, those with minimal qualifications are deferred for admission until the following semester. Deferral is also granted to eligible students who request a later admission date.

A Word to Transfer Students

a. Transfer students are held to the same criteria as all other students applying to the Nursing Program. (Thus, the inclusion of grades earned in the Pre-Nursing courses ensures equal standing among all students applying for admission into Clinical Nursing.) Transfer students must ensure that their transcript credits have been accepted by the BMCC Office of Admissions. Students who are requesting credit to be applied to the Nursing curriculum must also submit transcripts from former colleges to the PNR Coordinator in the Department of Nursing.

b. Transfer grades in English, Sociology and Chemistry will be computed into the PNR index. The PNR index is based on the average of the grades obtained in the four (4) PNR courses (see page 30). Presently, only the Pharmacology course offered at New York City Technical College is equivalent to MAT 104 at BMCC.

c. A grade of "D" is not transferable into the Nursing Program, although it is transferable into the College. Therefore, if a grade of "D" in a Pre-Nursing course is transferred into the College for credit, the student is automatically ineligible for entry into the Nursing Program.

d. The Department of Nursing does not grant credit for Nursing courses completed elsewhere nor does it accept advanced standing or credit for previous life or occupational experience in the health careers (although the College grants advanced standing status to students with previous college credits). The Nursing Department accepts transfer credit for liberal arts courses applicable to the Nursing Program in addition to those included in the PNR sequence.

ACADEMIC STANDARDS (Policy for Students Entering Nursing 110, Fall 1980 and Later):

a. All Clinical Nursing students must maintain a cumulative GPA of 2.0 or better in order to remain in the Nursing Program. Students who pass a Nursing course, but their overall (cumulative) GPA falls below a 2.0 (C), may not advance to the next semester. Non-Nursing course grades are computed into the cumulative GPA every semester.
b. The clinical laboratory is an integral part of the Clinical Nursing sequence. Clinical Nursing students must pass the clinical laboratory segment and attain a minimum grade of “C” (73-76%) in departmental course examinations. For example, students who receive a “Pass” grade in clinical laboratory and less than a “C” average in the departmental examination fail the course. Also, students who achieve an average of “B” (83-86%) in departmental examinations but do not receive a “Pass” grade in clinical laboratory, fail the course. Note: students who receive “NC”, “F”, or “W” in a Clinical Nursing course (excluding Nursing 110) may be eligible to repeat the course the following semester depending upon the number of repeats the student has had, the cumulative GPA, and available seat space (see Repeat Policy below).

REPEAT POLICY

Clinical Nursing students may not repeat Nursing 110. Clinical Nursing students may repeat the following courses only once: NUR 210, NUR 311, NUR 312, NUR 410 and NUR 415 (depending upon the availability of seat space).

Students repeating Nursing courses are required to earn a grade of “B-” (80 - 82.9%) in order to pass the course. If on repeat of a Nursing course the student receives a grade of less than “B-”, the student receives the grade earned but is automatically dropped from the Nursing Program.

RE-ENTRY POLICY

To be considered for re-entry, students must submit a written request to the Nursing Department Chairperson. Students who have not enrolled in Clinical Nursing for more than one semester must meet regular departmental requirements, have a current cumulative GPA of 2.0 or better and take and pass (with a grade of 73% or above) a comprehensive examination in Nursing courses previously successfully completed. The College does not guarantee re-entry into the Nursing Program. Students who are not enrolled in the Nursing Program for more than two (2) years are ineligible for re-entry into the Program.

TERMINATION POLICY

The Department of Nursing’s guidelines for students’ behavior is consistent with that of the College. Students are expected to adhere to the Code for Nurses and demonstrate professional behavior.

Students who do not adhere to departmental policies are reviewed by the department’s Professional Standards Committee. If further action is indicated, formal disciplinary procedures are taken as outlined in Articles 15.3 to 15.5 of the Board of Trustees, CUNY Bylaws.

NOTE:

Applicants for admission to any program in Health Science Technologies will be required to meet the physical and mental health standards set forth by the College and affiliating agencies.

A physical examination is required for clinical placement.
RESPIRATORY THERAPY

The Respiratory Therapy Program, administered by the Allied Health Sciences Department (see pages 41-44 for course descriptions), provides students with the necessary skills and experience to become competent respiratory therapists. Students receive specialized training in the clinical care of patients with cardio-respiratory problems. Upon completing the requirements listed below, students receive the Associate in Applied Science (A.A.S.) degree and are eligible to take the Certification and Registry Examinations given by the National Board for Respiratory Therapy, Inc.

NOTE: Admission in September only.

*Students enrolled in clinical field work courses are required to obtain liability insurance; moderate group rates are available.

Requirements

In order to satisfactorily complete course and degree requirements, students must pass Respiratory Therapy Technology courses and attain a minimum grade of "C" in course examinations. Students who fail any Respiratory Therapy Technology course may repeat such course only once.

Students who have been academically dismissed must attain a GPA of 2.0 or above for re-entry into the Respiratory Therapy Technology Program. Students transferring into the Respiratory Therapy Technology Program must have attained a GPA of 2.0 or above. Students required to take remedial courses may not register for any Respiratory Therapy Technology course until all assigned remediation is satisfactorily completed.

NOTE:

Applicants for admission to any program in Health Science Technologies will be required to meet the physical and mental health standards set forth by the College and affiliating agencies.

A physical examination is required for clinical placement.
SECRETARIAL SCIENCE

The Secretarial Science Program offers students four career concentrations: Executive Secretary, Legal Secretary, School Secretary and Word Processing. Students who choose the School Secretary concentration are eligible to take the New York City School Secretary examination and to seek employment as secretaries to administrators in educational agencies. The Legal option is ideal for those who wish to work as secretaries in legal departments or executive law offices. On the other hand, students who wish to work as administrative or supervising secretaries in government agencies as well as in private industry should consider taking courses under the Executive Secretary option. Our Word Processing concentration is designed for students who wish to attain a degree and gain an excellent working knowledge of word processing equipment.

All four career options award the Associate in Applied Science (A.A.S.) degree.

NOTE:
Students must complete the following remedial course requirements before entering the Secretarial Science Program:
ENG 088, ENG 090
ESL 060, ESL 061, ESL 062, ESL 083, ESL 084
RDG 061, RDG 062, RDG 073

### Theatre Management†

The Theatre Management Program, under the administration of the Department of Speech, Communications and Theatre Arts, provides students with practical and professional training in theatre.

In addition to the various "hands-on" courses and the theoretical material covered in classroom lectures, students in the program are required to serve as interns in professional settings where they will gain necessary practical and professional experience.

The Theatre Management Program will prepare students for entry-level positions either on Broadway, Off-Broadway, regional theatre, community theatre, college theatre or in industrial productions. Upon completion of the requirements listed below, students will receive the Associate in Applied Science (A.A.S.) degree.

ACCOUNTING

Chairperson: Stanley H. Solomon
Deputy Chairperson: Frank Navas
Professors: Gerald Goldstein, Stanley H. Solomon, Albert Zelony
Associate Professors: Seymour Handelman, Frank Navas
Assistant Professors: Julius Berger, Lloyd Carroll, Stanley Chu, Paul Gengo, Maurice Goller, Manuel Hernandez, Josh Wolfson
College Laboratory Technician: Barish Alt
Adjunct Faculty: There are approximately 20 adjuncts in the Department.

The course offerings in this Department cover accounting principles and theory. By developing skills in the practical use of accounting tools and techniques, a sound foundation for advanced study and entry position in business is provided.

The Accounting curriculum is designed to satisfy many of the requirements of senior colleges for a bachelor's degree in Accounting; as well as to prepare BMCC graduates for jobs in that field. Students should be aware that job and advancement opportunities in Accounting are usually limited for those who do not intend to continue their Accounting education after graduating from BMCC. For the curriculum in Accounting leading to the Associate in Applied Science (A.A.S.) degree, see page 12.

ACC 101 Elementary Accounting IA/3hrs. 2 cr.
The course covers the fundamental principles of Accounting and the practical use of accounting tools and techniques. Topics covered include the definition and scope of accounting, accounting records and processes, books of original and subsequent entry, work sheets, adjusting entries and closing entries. An investigation is made of accounting for service businesses and trading concerns. Also, studies are made of basic business papers and policies and classified financial statements. This course followed by ACC 111 covers the same material as is covered in ACC 121 but less intensively and at a slower pace. Students completing this course who intend to continue with Accounting are required to take ACC 111.
Prerequisite: Exemption from or completion of all remedial course requirements in Reading (RDG) and Mathematics (MAT) or Departmental approval

ACC 106 Elementary Accounting IA-Bilingual/3 hrs. 2 cr.
This course is taught using both Spanish and English. Content is identical to ACC 101.
Prerequisite: Exemption from or completion of all remedial course requirements in Reading (RDG) and Mathematics (MAT) or Departmental approval

continued on next page

39
ACC 111 Elementary Accounting 1B/3 hrs. 2 cr.
The course covers accounting for negotiable instruments, adjusting and closing entries, disposal of plant assets, various methods of depreciation and accounting for cash. This course supplements the preceding ACC 101 course and together with it, generally parallels most introductory college courses in Accounting.
Prerequisite: ACC 101

ACC 121 Elementary Accounting I/4 hrs. 4 cr.
The course covers the fundamental principles of accounting and the practical use of accounting tools and techniques. Topics covered include the definition and scope of accounting, accounting records and processes, books of original and subsequent entry, work sheets, adjusting and closing entries, accounting for cash, accounting for negotiable instruments, and accounting for plant assets. An investigation is made of accounting for service businesses and trading concerns. Also, studies are made of basic business papers and procedures and classified financial statements.
Prerequisite: Exemption from or completion of all remedial course requirements

ACC 221 Elementary Accounting II/4 hrs. 4 cr.
This continuation of Accounting I progresses from elementary to more advanced accounting concepts and conventions including the use of accounting data in managerial decision making. Among topics covered are voucher system, partnership accounting, payroll preparation and taxes, and accounting for corporations. Study is made of accounting involved in the interpretation of financial statements, budgetary control, tax aspects of accounting and management reports and analyses.
Prerequisite: ACC 121

ACC 330 Intermediate Accounting I/4 hrs. 3 cr.
The course begins with a review of the accounting process. Topics covered include Income Statement and Balance Sheet presentation, accounting for cash, marketable securities, receivables, inventory cost and valuation procedures, treatment of accounting changes in the income statement and current liabilities. Attention is given to the theory pronouncements issued by the Financial Accounting Standards Board and other standard-setting bodies.
Prerequisite: ACC 221

ACC 340 Taxation: Federal/4 hrs. 3 cr.
Students are provided with fundamental knowledge of the Federal taxation laws and preparation of related tax returns. Federal income taxes for individuals, partnerships, and corporations are studied, and actual returns are prepared. Various items of payroll withholding and reporting procedures are discussed, and basic tax planning is explored.
Prerequisite: ACC 221

ACC 430 Intermediate Accounting II/4 hrs. 3 cr.
The course is a continuation of Intermediate Accounting I. A detailed study is made of the accounting for investments in stocks, bonds, funds, and other items; plant and equipment accounting including acquisition, use, retirement and special valuation problems; accounting for intangible assets, statement of changes in financial position; leases and pensions, and inflation accounting. The stockholders' equity section of the balance sheet is examined with particular reference to the accounting for capital stock, additional paid-in capital, and retained earnings. Attention is given to pronouncements issued by the Financial Accounting Standards Board and other standard-setting bodies.
Prerequisite: ACC 330

ACC 450 Cost Accounting I/4 hrs. 3 cr.
Emphasis is placed on the conceptual, analytical and practical aspects of cost accounting as a tool for planning and controlling the operations of a business. Topics studied include the cost accounting cycle, the job order cost system, process costing, allocations of costs, joint and by-product costs, payroll accounting and budgeting.
Prerequisite: ACC 221

ACC 451 Cost Accounting II/4 hrs. 3 cr.
The uses of cost accounting concepts and methods that are used to guide management in controlling operations and in making decisions are studied. Topics covered include cost-profit-volume analysis, standard cost, flexible and capital budgeting, inventory planning and control, direct costing, and the contribution margin approach to product costing.
Prerequisite: ACC 450
ALLIED HEALTH SCIENCES

Chairperson: Franklin R. Fitz
Deputy Chairpersons: Thomas-Robert H. Ames, Everett W. Flannery, Camille V. Layne
Professors: Marjory Abott, Norman E. Farber, Franklin R. Fitz, Everett W. Flannery
Associate Professors: Thomas-Robert H. Ames, Paul H. Levitz
Assistant Professors: Richard Lanzara, Camille V. Layne, Annabelle Nelson
Lecturers: Michael A. Nazarro, Francine Tabana
Adjunct Faculty: There are approximately ten adjuncts in the Department.

The Department of Allied Health Sciences offers three professional programs: Community Mental Health Technology (see page 21), Medical Record Technology (see page 29), and Respiratory Therapy (see page 33). Students successfully completing these programs are awarded the Associate in Applied Science (A.A.S.) or Associate in Science (A.S.) degree, and are qualified to work as technicians in a variety of health care agencies.

Community Mental Health Technology

MHT 120 Introduction to Community Mental Health and the Rehabilitation Process/3 hrs. 1 lab hr. 3 cr.
A basic introduction to and understanding of the fields of Community Mental Health and Rehabilitation. Included will be the principles, practices, and problems germane to both areas, and a study of the relationship between these areas.
Participation in supervised field site visits to mental health and rehabilitation facilities is also required.
Prerequisite: Matriculation in CMHT Program or Departmental approval

MHT 215 Abnormal Psychology/3 hrs. 3 cr.
Same as PSY 510 (see page 87)
Discussion of the causes, diagnosis, treatment and prevention of various types of maladjustments and mental disorders. The relationship of the neuroses and functional psychoses to current conceptions of normal personality functioning is discussed.
Prerequisites: CMHT Matriculated Status and PSY 110 or Departmental approval

MHT 305 Clinical Assistantship in Community Mental Health 1/2 hrs. 16 lab hrs. 4 cr.
Selected supervised field learning placements, designed in clinical settings, which may be in a variety of community resources including community mental health centers, special education programs and rehabilitation agencies. Included is the discussion and interpretation of the clinical experience in the classroom.
Prerequisites: Third semester standing, MHT 330
Corequisites: MHT 325, PSY 500

MHT 325 Counseling and Interviewing/2 hrs.
3 lab hrs. 3 cr.
Instruction in the basic elements and essentials of group and individual counseling. Students learn the necessity for establishing rapport with their clients and the need for self-analysis and problem solving.
Prerequisite: Third or fourth semester standing in the Community Mental Health Technology Program or Departmental approval

MHT 330 Mental Health Treatment and Teaching Techniques/3 hrs. 3 lab hrs. 4 cr.
Specific methodology in the training and retraining of mentally disabled clients. Emphasis is placed on the techniques and methods of behavior modification. Also stresses utilization of the skills and materials for the therapeutic use of creative therapies including music, dance, arts and crafts, drama and poetry as treatment modalities.

MHT 405 Clinical Assistantship in Community Mental Health II/2 hrs. 16 lab hrs. 4 cr.
Selected supervised field learning placements, designed in clinical settings, may be conducted in community mental health centers, special education programs or rehabilitation agencies. Included is the discussion and interpretation of the clinical experience.
Prerequisites: Fourth semester standing, MHT 325, MHT 330
Corequisites: MHT 406, MHT 421, MHT 440

MHT 406 Mental Health Practicum/3 lab hrs. 2 cr.
An opportunity for student critical introspection, self-evaluation, values clarification and review of ethical codes for the purposes of enhancing personal growth, developing insight and empathy, and integrating skills and knowledge. Emphasis is on the facilitation of personal perfor-

continued on next page
mance by the community mental health assistant in the provision of services to the mentally handicapped individual.

Corequisite: MHT 405

MHT 421 Social Disability/3 hrs. 3 cr.
An overview of the prevailing socio-economic situation giving rise to socially handicapping conditions. Included will be emphasis on the specific disabilities and circumstances of alcoholism, narcotics addiction, severe deprivation and other problems resulting from social pathology.

Prerequisite: Third semester standing in the Community Mental Health Program or Departmental approval

MHT 440 The Psychopathology of the Disabled/3 hrs. 1 lab hr. 3 cr.
This course provides students with both the knowledge and understanding of the psychopathology, sexuality, special needs and problems of handicapped persons in achieving sexual adjustment as they relate to the roles and functions of the Community Mental Health Technician.

Prerequisites: MHT 120, MHT 215, MHT 305, MHT 325, MHT 330, MHT 421, PSY 100, PSY 500
Corequisites: MHT 405, MHT 406

Medical Record Technology

MRT 102 Medical Record Science I/3 hrs. 2 lab hrs. 4 cr.
This course includes the historical development of medical records, the organization and functions of the professional association and an overview of the medical record functions. Students gain in-depth knowledge of the content, numbering, patient index, filing and retrieval systems of medical records. Laboratory exercises are required to promote understanding and proficiency.

Prerequisite: Matriculation in MRT Program or Departmental approval
Corequisite: MRT 103

MRT 103 Medical Terminology I/3 hrs. 3 cr.
Students are instructed in the basic medical prefixes and suffixes during this course. They learn the terminology of disease, operations and symptomatology.

Prerequisite: Matriculation in MRT Program or Departmental approval
Corequisite: MRT 102

MRT 202 Medical Record Science II/3 hrs. 2 lab hrs. 4 cr.
This course includes quantitative analysis, use of registers, collection and display of statistical data utilized in health care facilities. The administrative and quantitative responsibilities of the medical staff as it relates to the medical record department and the functions of the accredited Cancer Program are studied. Laboratory exercises are required to promote understanding and proficiency.

Prerequisites: MRT 102, MRT 103
Corequisites: MRT 202, MRT 420

MRT 203 Medical Terminology II/3 hrs. 3 cr.
This course is an advanced study of the "medical" language which includes abbreviations, general hospital and community health terminology and specialty terms used by professionals.

Prerequisites: MRT 102, MRT 103
Corequisites: MRT 202, MRT 420

MRT 210 Medical Record Summer Clinical Practicum/32 hrs. 3 cr.
A supervised learning experience in various clinical settings which enables the student to demonstrate competence in assigned medical record procedures.

Prerequisites: MRT 202, MRT 203, MRT 420

MRT 300 Medical Record Science III/2 hrs. 3 lab hrs. 3 cr.
This course includes the current trends in health care delivery systems, the role of accrediting agencies and the medico-legal aspects of medical records. Laboratory exercises are required to promote understanding and proficiency.

Prerequisites: MRT 202, MRT 203, MRT 420
Corequisite: MRT 325

MRT 315 Medical Coding/5 hrs. 4 cr.
A presentation of the past nomenclature and classification systems. Instruction in ICD-9-CM coding, abstracting, the use of indices and federal/state reimbursement requirements. Laboratory exercises are required to promote understanding and proficiency.

Prerequisites: MRT 202, MRT 203, MRT 420
Corequisite: MRT 300

MRT 400 Medical Record Science IV/2 hrs. 3 lab hrs. 3 cr.
An in-depth study of the Quality Assurance processes and the application of managerial tools and supervisory skills. Laboratory exercises are required to promote understanding and proficiency.

Prerequisites: MRT 300, MRT 325
Corequisites: DAT 125, MRT 430, SEC 209
MRT 420 Pathology of Disease/3 hrs. 3 cr.
This course is designed to provide Medical Record students with the
ability to interpret medical records when coding diagnoses, according
to the International Classification of Diseases, 9th Revision Clinical
Modification (ICD-9-CM), when making case reports or abstracts and
when tabulating data for group studies of diseases.
Prerequisites: MRT 102, MRT 103, BIO 425
Corequisites: MRT 202, MRT 203, BIO 426

MRT 430 Medical Record Clinical Practice/
12 lab hrs. 4 cr.
A supervised learning experience in various clinical settings, which en-
ables the student to demonstrate and gain actual working experiences
in various medical record procedures. Students develop insight, under-
standing and skills in medical record procedures, observe supervisor
practice and accept responsibilities.
Prerequisites: MRT 300, MRT 325
Corequisites: DAT 125, MRT 400, SEC 209

Respiratory Therapy

RTT 100 Fundamentals of Respiratory Therapy/2 hrs. 6
lab hrs. 4 cr.
Students are given the knowledge, skills, and attitudes basic to all pa-
tient care with special emphasis on the basic science principles applic-
able to medical gases, pressure breathing devices, gas exchange, artifi-
cial ventilation and respiration. This course also involves the study and
operation of basic respiratory therapy equipment such as oxygen cath-
eters, cannulae, masks and tents, nebulizers, flowmeters and regula-
tors, oxygen analyzers and oxygen supply systems.
Prerequisite: Matriculation in the RTT Program

RTT 101 Introduction to Respiratory Therapy Equip-
ment/2 lab hrs. 1 cr.
This laboratory course gives the student the opportunity for hands-on
learning of equipment found in Respiratory Therapy departments of
affiliated hospitals. The student observes, operates, disassembles and
reassembles equipment until fully competent at setting up, operating
and trouble shooting. Students become familiar with equipment used
in respiratory care prior to use in direct patient contact.

RTT 201 Respiratory Therapy I/4 hrs. 4 cr.
This continuation of applied science principles is fundamental to Respi-
ratory Therapy. Special emphasis is placed on the theory of airway
management, respiratory diseases, introductory pharmacology, ventila-
tors used in IPPB therapy, acid-base chemistry and a knowledge of
emergency care.
Prerequisites: RTT 100, CHE 115/116
Corequisites: RTT 202, BIO 426

RTT 202 Respiratory Therapy Clinical Practicum I/9 lab
hrs. 3 cr.
Supervised clinical experience in Respiratory Therapy hospital affilia-
tions. Work with patients utilizing equipment such as oxygen catheters
and cannulae, masks, tents, nebulizers, flowmeters and regulators, oxy-
gen analyzers and oxygen supply systems.
Prerequisites: RTT 100, CHE 115/116
Corequisites: RTT 201, BIO 426

RTT 210 Respiratory Therapy Summer Clinical Practi-
cum/40 lab hrs. 6 cr.
This course is a 10-week, 40-hour-per-week practicum required of stu-
dents registered in the Respiratory Therapy Technology curriculum.
The Respiratory Therapy Summer Clinical Practicum is a continuation
of the clinical training and experience introduced during the second se-
mester of the program (RTT 201 and RTT 202). The schedule is
structured to rotate groups in the class through various participating
clinical facilities where students will have patient bedside instruction
and practice in IPPB, oxygen therapy, aerosol treatment and ventila-
tion, and bedside intensive care for adults and pediatric patients.
Prerequisites: RTT 201, RTT 202

RTT 301 Respiratory Therapy II/4 hrs. 3 cr.
Skills in patient care are further developed and emphasis is placed on
continuous ventilation and acid-base chemistry. The physiology of the
cardio-pulmonary system, the ethical and legal implications, and re-
sponsibilities relating to Respiratory Therapy services are discussed.
Prerequisites: RTT 210, BIO 426
Corequisite: RTT 302

RTT 302 Respiratory Therapy Clinical Practicum II/16
lab hrs. 4 cr.
A continuation of the supervised hospital Respiratory Therapy clinical
experiences dealing with complex patient equipment such as ventila-
tors, resuscitators, respirators, use of blood-gas analyzers, and aerosol
apparatus.
Prerequisites: RTT 210, BIO 426
Corequisite: RTT 301
RTT 310 Cardio-Respiratory Physiology/2 hrs. 2 cr.
This course exceeds the scope of Anatomy and Physiology I & II, and
stresses physiological properties of the heart, blood vessels and lungs,
particularly as they are interrelated and as they contribute to preserv-
ing the integrity of the human nervous system. The material is taught
in a clinically oriented manner to reinforce those aspects of car-
dio-pulmonary physiology most relevant to the care of patients.
Prerequisites: RTT 202, BIO 426 or Departmental approval
Corequisites: RTT 301, RTT 302, RTT 320

RTT 320 Pulmonary Function Testing/1 hr. 2 lab hrs. 2 cr.
This course introduces students to the most common tests of pulmo-
nary function in adults and children. Students will be required to per-
form these tests and interpret their significance.
Prerequisites: RTT 202, BIO 426 or Departmental approval
Corequisites: RTT 301, RTT 302, RTT 310

RTT 401 Respiratory Therapy III/3 hrs. 3 cr.
This course provides students with a knowledge of the various meth-
ods of sterilization, diseases and problems resulting in respiratory fail-
ure, cardio-pulmonary function testing and diagnosis, pediatric respira-
tory care, percussive therapy and postural drainage, and administra-
tive responsibilities of the therapist. Preparation is included for the
Registered Respiratory Therapist Examinations.
Prerequisites: RTT 302, RTT 310, RTT 320
Corequisites: RTT 401, RTT 410

RTT 403 Respiratory Therapy Clinical Practicum III/16
lab hrs. 4 cr.
This last course of supervised hospital Respiratory Therapy clinical ex-
perience continues emphasis on administration of Respiratory Therapy
practice to patients with additional work in hospital departmental opera-
tions including patient record-keeping, reporting and charting. Interdis-
ciplinary team relationships are also stressed.
Prerequisites: RTT 302, RTT 310, RTT 320
Corequisites: RTT 403, RTT 410

RTT 410 Fundamentals of Clinical Medicine/2 hrs. 2 cr.
An assimilation of the basic and clinical sciences from several areas of
medicine, to help students develop a deeper understanding of the
patho-physiological consequences of such diseases as asthma, atelecta-
sis, pneumonia, pulmonary embolism, infant respiratory distress syn-
drome and others. Independent study and student participation in
these courses is encouraged.
Prerequisites: RTT 302, RTT 310
Corequisites: RTT 401, RTT 403 or Departmental approval

BUSINESS MANAGEMENT

Chairperson: Chaim Ginsberg
Deputy Chairpersons: James H. Berson, Richard Farrell,
Constantine Petrides

Professors: Edward Alexay, James H. Berson, Richard Fuchs,
Chaim Ginsberg, Richard M. Gonzalez, Norman P. Horwitz,
Marion M. Lauterstein, Constantine G. Petrides, Arnold H.
Scolnick, Irving Wechsler

Associate Professors: Howard R. Budner, Basil L. Cleare,
Elinor Garely, Percy Lambert, Joseph Picon

Assistant Professor: Arthur Leff

Instructor: Richard Farrell

Lecturer: Conrad Henry

Adjunct Faculty: There are approximately 49 adjuncts in the
Department.

The Business Management Department administers both the Business
Administration (see page 13) and the Business Management (see page
14) programs.

Advertising
ADV 200 Essentials of Advertising/3 hrs. 3 cr.
This course is designed to provide an introduction and overview of ad-
vertising, its use as a management tool and its place in the marketing
picture. Included are: the approach to its creativity, media mathemat-
ics, planning and strategy, campaign concepts, research and media
selection.
Prerequisite: BUS 104

Business
BUS 104 Introduction to Business/3 hrs. 3 cr.
Business and industry in the United States are broadly surveyed during
this course. Emphasis is placed on the historical development, objec-
tives, methods of operation, and the interrelationships of management,
labor and government. Included is the study of new developments and
trends in the business administration and the problems they engender
in the total management process.
Required of all Business Management Students.
BUS 110 Business Law/3 hrs. 3 cr.
This course briefly surveys the American Legal System and the basic law of contracts. Reference is made to typical business transactions and, by a study of pertinent cases, how the various principles of contract law apply to them.

BUS 150 Business Communication/3 hrs. 3 cr.
This course is designed to present principles common to all communicating situations but which apply predominantly to business. Considered will be applicability and construction of letters, memos, reports, telephone messages and telegrams. It explores relationships of creative, logical, and critical thinking of the problem-solving nature of business communication-all directed to helping students develop their ability to think, to express themselves in business situations and to use the most effective methods in the most effective way.
Prerequisites: ENG 101, ENG 201, SPE 100

BUS 200 Business Organization and Management/3 hrs. 3 cr.
In this course, the total structure and character of modern business from initial organization through grouping of essential functions into operating departments are covered. Management and the decision-making process, financing and marketing considerations are studied with actual cases used to illustrate problems in small and big business.

BUS 210 Business Methods/3 hrs. 3 cr.
A survey of the fundamental quantitative concepts and tools used in the field of business is presented in this course. Topics in the course include annuities, present value, compound interest, markup and markdown, graphing, equations, inventory, depreciation, break-even, cost, revenue, elasticity, inequalities and certain aspects of linear-programming.

BUS 220 Managerial Decision Making/3 hrs. 3 cr.
The course develops students' abilities in two-stage thinking-ideation and processing by means of creative thinking exercises, information research problems, development of evidence methods (fact vs. inference), and problem solving/decision analysis techniques. The latter include Kepner Tregoe, model building, classification, cost/effectiveness, incremental analysis and basic decision trees. Emphasis is on developing student skills in coping with problems and decisions as opposed to theoretical methodological explorations.
Prerequisites: MAT 150, BUS 210 (for Business students only)

BUS 300 Office and Personnel Management/3 hrs. 3 cr.
An introduction to the principles and practices of office management. The nature of office management, functions of the office, problems of procuring and arranging a proper work area and equipping it with modern, functional and efficient office equipment for more effective work flow are discussed. Selection, training and supervision processes; understanding the psychology of business management and human relations are reviewed. Scientific analysis and control of office procedures and office operating costs are considered.

BUS 410 Essentials of Small Business/3 hrs. 3 cr.
Students are acquainted with small business enterprises; their organization, operation and management are surveyed. Emphasis is placed upon problem solving in location, organization, operation and management; it includes legal requirements, employee relations, and the relationships of government and small businesses.

Banking

BKG 100 Introduction to Finance/3 hrs. 3 cr.
This course focuses on the three general areas of money and financial institutions, business financial management and investments. These areas are surveyed through the coverage of topics such as value and creation of money, the Federal Reserve System, commercial banks, short and medium term financing, and the behavior of securities markets in relation to financing the business enterprise. This is a foundation course for finance banking majors and a survey course for all others.

BKG 220 Commercial Credit and Collections Management/3 hrs. 3 cr.
Students are introduced to the principles and practices involved in the extension of credit in the business world. The course covers operation of the credit department including the duties of the credit manager, credit investigators, credit analysis of financial statements, bases for credit judgement, collection procedures, legal problems, accounts receivable financing and factoring.
Prerequisite: ACC 121 or Departmental approval

BKG 230 Financial Management/3 hrs. 3 cr.
This course surveys principles and practices followed in the financial organization and operation of a corporation. Also considered is the financing of new and growing businesses, sources of capital, banking and credit accommodations as well as the handling of other financial matter.
Prerequisites: BKG 100, ACC 121

continued on next page
BKG 240 Consumer Credit Management/3 hrs. 3 cr.
This course emphasizes the principles, policies and practices followed in the granting of consumer and retail credit, bases for credit judgment, collection policies and procedures, government regulations, retail revolving and installment credit, charge accounts, bank credit card and non-bank credit card, and the management of a consumer or retail credit department.
Prerequisite: BUS 104 or Departmental approval

BKG 250 Money and Banking/3 hrs. 3 cr.
An analysis of the organization and operation of our financial system is given to students in this course. Included in the study are the money and capital markets, commercial banking, and other financial institutions such as commercial finance companies. The relationship between financial and economic activity including monetary and fiscal policy is shown.
Prerequisites: BKG 100, ECO 100

BKG 300 Investments/3 hrs. 3 cr.
The principles and practices of investments are analyzed during this course. Students learn to recognize the quantitative and qualitative tests used in judging security values. Attention is given to the legal and financial characteristics of various types of investment securities. Personal portfolio problems and policies are considered in terms of objectives and investment decisions.
Prerequisites: BKG 100, ACC 121

Marketing
MAR 100 Introduction to Marketing/3 hrs. 3 cr.
An introductory course to the field of product distribution. The current marketing system is described, analyzed, and evaluated, including methods, policies and institutions involved in the distribution of goods from producer to consumer. Emphasis is placed on the means of improving efficiency and lowering distribution costs. Case studies of actual business problems are presented with selected text.

MAR 300 Sales Principles and Practices/3hrs. 3 cr.
The selling technique topics include analyzing a product, evaluating customer needs and buying motives, handling objections, closing sales and developing salesman's personality. Organization and presentation of sales talks are emphasized.
Prerequisite: MAR 100

MAR 320 Retail Organization, Operation and Buying/3hrs. 3 cr.
In this study of the management operations of a large retail store, current practices in store layout, organization, personnel management, services to customers, expense budgeting and control, receiving and marketing are analyzed. Methods and techniques employed by buyers in selected new lines, assortment planning, placing orders, pricing and handling other phases of the buying job are discussed.
Prerequisite: MAR 100

Retailing
RET 300 Consumer Motivation/3 hrs. 3 cr.
This course develops the student's understanding of the relevancy of consumer motivation and behavior to modern marketing techniques and strategies. It offers insight and information vital to the consumer-oriented firm. The economic, social and psychological aspects of consumer behavior are explored.

RET 310 Retail Merchandising and Promotion/3 hrs. 3 cr.
A comprehensive analysis of retail merchandising and promotion which completes the Retail curriculum option. The career-oriented student develops the skills necessary to construct a merchandise plan, make decisions on stock turnover, identify pricing techniques, prepare promotional campaigns for selected products and store displays, and identify the promotional characteristics of textiles, fashion accessories, and home fashions.
Prerequisite: MAR 320

Real Estate
RLS 202 Real Estate Salesperson's Qualifying Course/4 hrs. 3 cr.
This qualifying course is designed to meet the necessary educational requirements associated with the New York State Real Estate Salesperson's License Examination. Topics covered in the course include Real Estate Instruments, Law of Agency, Financing, Valuation and Listing Procedures, Contracts, License Law, Ethics, Human Rights, Fair Housing, Closing Procedures, Land Use Regulations and Real Estate Mathematics.

RLS 203 Real Estate Broker's Qualifying Course/4 hrs. 3 cr.
This course is designed to meet the necessary educational requirements associated with the New York State Real Estate Broker's License Examination. Topics covered in the course include Operation of Real Estate Broker's Office, Selling, Advertising, General Business

RLS 301 Real Estate Management/3 hrs. 3 cr.
This course explores the practical aspects of effective and efficient managing of commercial and industrial properties. In addition, the course focuses on the status of property management, the functions of the real estate manager, the management agreement, the management plan and physical real property inventory.
Prerequisites: RLS 202, 203

RLS 302 Real Estate Appraisal/3 hrs. 3 cr.
This course examines the professional standards of appraisers, the nature of value as it applies to real estate, economic factors which influence values, replacement and reproduction costs, the various valuation approaches and capitalization techniques as they relate to the real estate appraisal process. In addition, the appraisal and the appraisal process for income property are explored.
Prerequisites: RLS 202, 203

RLS 303 Real Estate Financing/3 hrs. 3 cr.
This course is designed for individuals such as potential investors, lenders, sellers of real estate, or other professional participants in activities related to the real estate field. The course—in addition to showing how the tax system, supply and demand, and financing interact to create values—deals with the institutional background of real estate financing concepts required for making investment strategy. In addition, emphasis is placed on the use of leverage in the financing of real estate, taxation, tax shelters, and methods and instruments of real estate financing.
Prerequisites: RLS 202, 203

Sales

SLS 300 Sales Management/3 hrs. 3 cr.
A study of the problems of sales management covers sales policies, selection and training of salesmen, methods of compensation and sales stimulation, sales administration, budgeting, and sales forecasting. Analysis and evaluation of current practices in sales management will be thoroughly discussed.

Travel and Tourism

TTA 200 Introduction to Travel & Tourism/3 hrs. 3 cr.
This course provides the student with a basic knowledge of travel and its various purposes: business, educational, cultural, therapeutic, recreational and family reasons. The factors affecting demand and supply are studied in detail. The final objective is for a student to acquire a thorough knowledge of “Tourism” embracing the foundations of transportation, accommodations, business and special activities which lure a person away from home.

TTA 201 Travel Operations/3 hrs. 3 cr.
This course is designed to help qualify individuals to obtain employment in airlines and steamship companies as travel consultants, reservation agents and account representatives. In addition this course is designed for students interested in working and eventually owning their own travel agency. Topics include air, rail and ship transportation systems; ticketing; sales methods; and travel agency financing.
Prerequisite: TTA 200

TTA 301 World Markets/3 hrs. 3 cr.
This course is designed to analyze the environment within which international travel, tourism and commerce take place. The major purpose of this course is to study the markets of the world in order to develop marketing strategies and methods for travel and tourism. Differences among countries and peoples are presented in this context. Some of the specific topics covered are map study, international marketing, marketing research, logistics and economic profiles of countries.
Prerequisite: TTA 201
Director: William P. Coleman

Deputy Director: Salvador Ocasio

Associate Professor: David U. Farquhar

Assistant Professors: William P. Coleman, Salvador Ocasio, Nicholas D. Ofiajà, Rex Serraño-Mattei

Instructor: Eleanor F. Drabo

Adjunct Faculty: There are approximately ten adjuncts in the Center.

The Center for Ethnic Studies offers courses in the following areas: Black Studies (BLK), Puerto Rican and Dominican Studies (PRN) and Black and Puerto Rican Studies (BPR). The courses can be used to satisfy liberal arts requirements in literature, the social science disciplines, music and art or as electives. Courses in the Center for Ethnic Studies are articulated for transfer credit.

The educational objectives of the courses include enhancement of critical thinking processes and refinement of written communication skills. The pedagogical approach is interdisciplinary in concept. Students interested in subjects related to career, liberal arts or pre-professional programs in African-American, Puerto Rican/Latin American or Caribbean Studies should consult members of the faculty in the Center for Ethnic Studies.

BLACK STUDIES (BLK)

Black Literature

NOTE: Courses in Black Literature (300 level) satisfy requirements for a third semester of the English sequence. Completion of ENG 201 (see page 61) is required for all Black Literature courses.

BLK 321 Afro-American Writing From 18th Century to 1940/3 hrs. 3 cr.
A survey of fiction, poetry and commentary by Afro-American writers from the 18th century through the Harlem Renaissance.
Prerequisite: ENG 201

BLK 322 Contemporary Black Writers/3 hrs. 3 cr.
A survey of fictional and non-fictional writing representing the various regions of the Afro-centric world community from 1940 to the present.
Prerequisite: ENG 201

BLK 335 History of Black Theatre/3 hrs. 3 cr.
Evolution of the Black Theatre as a distinctive cultural entity from the 1820's to the present.
Prerequisite: ENG 201

BLK 338 Black Literature of the Caribbean/3 hrs. 3 cr.
The course examines the emergence and growth of a distinct regional literature in English and French speaking nations.
Prerequisite: ENG 201

Music And Art

BLK 101 African Art/2 hrs. 2 cr.
Same as ART 801 (See page 73)
A survey course examining the function and form of African art in its past and present relationships to African cultures. The influence of African art forms on Western art is studied. Lectures/discussions, slides and visits to museums and galleries.

BLK 102 Afro-American Art/2 hrs. 2 cr.
A survey of the works of Afro-American and Haitian artists from the Colonial period to the present. The course stresses art as a reflection of culture. Readings and visits to museums are required.

Social Science

BLK 121 History of African Civilization/3 hrs. 3 cr.
African civilizations from the pre-historic cultures in Olduvai, through regional history to the decline of the West African kingdom of Songhai in 1596.

BLK 122 Africa 1500 to Present/3 hrs. 3 cr.
Africa from the beginnings of the Atlantic slave trade to the end of Colonialism in the late twentieth century. The effect of Colonialism on economic and cultural patterns in the African diaspora are explored.

BLK 123 Afro-American History 1/3 hrs. 3 cr.
A systematic examination of the role of black people in the development of the economic, political and cultural structures of the United
States of America. Extensive use of the disciplines of psychology, sociology, political science and economics is made to provide the student with analytical criteria for understanding history.

BLK 124 Afro-American History II/3 hrs. 3 cr.
Reconstructions I and II, the Social Darwinist years, Civil Rights activism of the 1960's and the cumulative effects of institutionalized racism are set in an historical framework for comparative study.

BLK 126 Caribbean History/3 hrs. 3 cr.
A survey of the economic, political and cultural institutions which characterize the present nations of the Caribbean, their antecedents in the post-Emancipation period and the prospects for the future.

BLK 127 Haitian History and Culture/3 hrs. 3 cr.
The roles of economics, culture and world diplomacy in the development of the Republic of Haiti since the Revolution of 1791. The impact of Haitian intellectual and popular thought on prose, poetry and art is examined.

BLK 128 Black Women in the Americas and the Caribbean/3 hrs. 3 cr.
The changing status of women in African traditional societies is compared with changes in the status of Black women in the United States, the Caribbean and Brazil.

BLK 129 The Black Man in Contemporary Society/3 hrs. 3 cr.
The effects of economic and social factors on socialization, status and levels of achievement among black men are analyzed. The impact of institutional racism and underachievement on urbanized populations are explored comparatively in terms of access, social status and economic differentials.

BLK 152 Modern Black Political Thought/ 3 hrs. 3 cr.
The origins of nationalist ideologies and political and social action in the United States, Caribbean and Africa are examined. Political and economic developments since the late 19th century are analyzed.

BLK 154 Sociology of the Black Urban Community/3 hrs. 3 cr.
Current theories of socialization, cultural transformation and poverty are assessed. Field visits to recognized agencies and institutions are arranged under supervision of the instructor.
Prerequisite: Permission of the Center

BLK 253 The Black Experience in Africa/3 hrs. 3 cr.
This course is designed to provide the student with an introduction to the cultures of selected African nations through travel, structured read-

BLK 256 The Contemporary Black Family/3 hrs. 3 cr.
The Black family in current urban/suburban settings and the effects of changing value systems, the single-parent family, crises in education and economic stability are examined. Field visits to selected agencies and institutions are required.
Prerequisite: BLK 123 or BLK 124 or permission of the Center

BLK 271 Foundations of Black Psychology/3 hrs. 3 cr.
A critical overview of the major concepts of personality development as applied to perspectives of self, status and role in Black communities is presented. Field trips to selected agencies are arranged.

BLACK AND PUERTO RICAN STUDIES (BPR)

Physical Education

BPR 102 Introduction to Afro-American and Caribbean Dance/2 hrs. 1 cr.
Same as PED 802 (see page 78)
This course concentrates on elementary dance of the West Indian, Puerto Rican and African-American cultures. Students are expected to learn basic Dunham Technique as well as regional folk dances such as Samba, Calypso, Funga and Gao. By learning these dances, students will better understand the similarities of movement between cultures.

Social Science

BPR 112 Economic Development of the Dominican Republic in the 20th Century/3 hrs. 3 cr.
This course analyzes the economic policies of the different political regimes in the Dominican Republic from the end of the 19th century to the present. It studies the application and results of these policies-changes brought about by these regimes in trade, industry, agriculture and population. It also examines the influence of the United States on the developments in the Dominican economy during this century.

BPR 113 African Development in the 20th Century/3 hrs. 3 cr.
Problems of African economic and political development since 1900 are analyzed. The emergence of conditions contrary to the goals of independence and African participation in world affairs are explored.

BPR 151 Political Economy of the Caribbean/3 hrs. 3 cr.
A study of the factors affecting the economies of the English and French speaking countries of the Caribbean region. The effects of in-

continued on next page
Ethnic Studies (cont'd.)

international diplomacy, multinational corporate policies, educational and social determinants and economic policies are evaluated.

BPR 161 Health Problems in Urban Communities/3 hrs. 3 cr.
This course analyzes the relationship between urban conditions, economic factors and the quality of health care services and institutions. The delivery of information to the public through the media, education systems and health care agencies are evaluated. Films, slides and visiting lecturers are presented.

An elective course.

PUERTO RICAN AND DOMINICAN STUDIES (PRN)

Modern Languages and Literature

PRN 233 Representative Puerto Rican Writers/3 hrs. 3 cr.
An intensive study of a group of Puerto Rican writers and their reactions to different periods in the history of their country. The course includes both oral and written analyses of the important works of Eugenio Maria de Hostos, Jose de Diego, Antonio S. Pedreira, Julia de Burgos, J. L. Gonzalez, Luis R. Sanchez and other selected writers. Each writer is studied as a man/woman reflected in his/her works—his/her unique reactions to the circumstances in which he/she has lived.

Prerequisite: Knowledge of Spanish (proficiency level equivalent to SPN 210)

PRN 235 Puerto Rican Theatre/3 hrs. 3 cr.
This course is a study of the drama written in Puerto Rico during the Spanish Colonial period, its relation to the development of a national identity and its links to the developing drama in Latin America. The course also studies the contemporary dramatic expression both on the Island and in the U.S.A., and analyzes the different aspects and problems of a dramatic production. Actors, directors and playwrights are invited for discussions and students are required to see and study local productions. Taught in Spanish.

Prerequisite: Proficiency level equivalent to SPN 210

PRN 237 Puerto Rican Literature: Early Colonial Through 19th Century/3 hrs. 3 cr.
This course is a survey of Puerto Rican literature from the Spanish Colonial period through the 19th century. It includes a study of the first literary expressions (both in prose and verse), a history of the various literary movements, and representative authors and their works. Written critical analyses and oral reports on selected works are required. Note: This course is taught in Spanish and satisfies the Liberal Arts requirement for Modern Language.

Prerequisite: Proficiency level equivalent to SPN 210

PRN 238 Contemporary Puerto Rican Literature/3 hrs. 3 cr.
This course covers the contemporary literary expression in Puerto Rico. Authors such as Luis Pales Matos, Julia de Burgos, Díaz Alfaro and other short story writers are studied and evaluated. The course studies and analyzes the modern novel as a reflection of the present Puerto Rican society. Note: This course is taught in Spanish and satisfies the Liberal Arts requirement for Modern Language.

Prerequisite: Proficiency level equivalent to SPN 210

PRN 239 The Short Story in the Spanish Speaking Caribbean/3 hrs. 3 cr.
This course studies the short story as a major form of literary expression in the Spanish speaking countries of the Caribbean: Colombia, Cuba, the Dominican Republic, Puerto Rico and Venezuela. It studies the development of the short story beginning with Indian legends recreated by Spaniards during the early Colonial period. Examples of short stories written during the different literary movements are studied and analyzed. The relationship between the writer and society is analyzed as well as the common history, culture and socio-economic problems which are reflected in each story. This course is taught in Spanish and satisfies the Liberal Arts requirement for Modern Language.

Prerequisite: Proficiency level equivalent to SPN 210

PRN 475 Latin American Heritage/3 hrs. 3 cr.
This course is an introduction to the culture of a selected Latin American country or to the cultures of a group of geographically-related countries. The course work begins with a visit and travel in the country or countries studied. It also includes regular classes or seminars; completion of a reading list; and meetings with students, political leaders, and intellectual leaders of the country or countries visited. The student is graded on a written paper and/or a final examination.

Prerequisite: A functional knowledge of the language of the country or countries visited may be required

Music and Art

PRN 141 Puerto Rican Music/2 hrs. 2 cr.
Same as MUS 881
This course studies the history and development of the Puerto Rican music beginning with an analysis of the role of music in each of the three cultures (Arawak, Spanish and West African) that compose the Puerto Rican society. The characteristics of each one of these musics, the relationship between music and social organization, and the presence of these characteristics in the music of the Colonial period are ex-
Ethnic Studies (cont’d.)

examined. The growth of the Puerto Rican society during the 18th and 19th centuries and its resulting social divisions are studied as the groundwork to analyze the relation between music and social class. The marked influence of West African rhythms in the contemporary music of the Caribbean and the connection between music and national identity are also studied. Lectures are supplemented with tapes, phonograph records and live performances.

Social Science

PRN 125 Puerto Rican Culture and Folklore/3 hrs. 3 cr.
This course studies the emergence of a national culture, folklore and identity. Topics include the Taino, Spanish and African contributions to the creation of a criollo personality and character and the Puerto Rican family-race relations, the jibaro, religion, and the arts. It reviews customs, traditions, celebrations, dances, legends, songs, proverbs, and hero/underdog stories as well as the impact of United States culture.

PRN 127 History of Puerto Rico: Discovery through 19th Century/3 hrs. 3 cr.
This course studies the history of Puerto Rico from the pre-Columbian period to the end of the 19th century. Consideration will be given to political, social, cultural and economic factors contributing to the emergence of national consciousness in the 19th century and to the events leading to the Spanish-American War in 1898.

PRN 128 History of Puerto Rico: 1900 to Present/3 hrs. 3 cr.
This course studies the historical conditions of Puerto Rico in the 20th century. The transition from a Spanish colony to an American possession is examined. The events and forces that created the present Puerto Rico are studied and analyzed in perspective. The alternatives to the problem of status: commonwealth, statehood and independence are studied.

PRN 131 History of the Dominican Republic/3 hrs. 3 cr.
This course studies the history of the Dominican Republic from the pre-Columbian and Colonial periods to the present. It deals with the geographical, political, social and economical factors that form the Dominican nation. Emphasis is given to relations with Haiti and North America. The course also analyzes the position of the Dominican Republic in the community of Latin American nations as well as its place in today’s world.

PRN 151 Politics of Puerto Rican Communities/3 hrs. 3 cr.
This course is an analysis of the political movements and parties of Puerto Rican communities in the U.S.A.; the relationships of these movements and parties toward political development in Puerto Rico; the role of the Puerto Rican in both traditional and radical political movements in the U.S.A.; and how political participation in the American process has come to contribute to a sense of community identity among Puerto Ricans in the U.S.A.

PRN 152 Puerto Rican Experience in Urban U.S. Settings/3 hrs. 3 cr.
This course studies the peculiar characteristics of the Puerto Rican migration to the U.S. It analyzes the processes of assimilation and adaptation to the American society as opposed to the identity and preservation of Puerto Rican cultural values. The problems of education, housing, health services, family and community, employment, and economic development are given special attention as they relate to the unique experience of the Puerto Rican in the U.S.A.

PRN 234 The Puerto Rican Family/3 hrs. 3 cr.
This course studies the Puerto Rican family as the primary unit of Puerto Rican society reflecting the patterns and dynamics of that society. It examines the variations in family structure that have evolved from the Taino, Spanish and African cultures. The historical and economic changes that have transformed Puerto Rican society are analyzed with emphasis on their effect on the family structure. The experience of migration and its impact on the Puerto Rican family are considered. Attention is given to the problems facing the family as the unit of migration.

PRN 236 Puerto Rican Economic Development Since 1898/3 hrs. 3 cr.
This course analyzes the history and effects of American economic policies on contemporary Puerto Rico. The economic conditions before the American occupation are examined with the objective of comparing them with the conditions and changes after 1898. The period of sugar as a monoculture is studied as well as the great depression and its impact on Puerto Rico. The coming into power of the Popular Party, with its politics of land reform and economic development, are examined. The economic and social planning that have brought about modern Puerto Rico are analyzed.
CHILD CARE/EARLY CHILDHOOD EDUCATION

Director: Lillian Oxtoby

Professor: Lillian Oxtoby

Lecturer: Mary E. Shepard

Adjunct Faculty: There are approximately ten adjuncts in the Program.

ECE 102 Early Childhood Education I/2 hrs. 2 lab hrs. 3 cr.
An introductory course for perspective assistant teachers. The course identifies the philosophy, practices and resources in the field of Early Childhood Education today. In addition, students visit early childhood education settings for first hand observation of young children.

ECE 201 The Exceptional Child/2 hrs. 2 lab hrs. 3 cr.
Identifies the various handicapping conditions and special needs of young children including the gifted. The course defines emotional, intellectual, physical, visual, hearing, orthopedic, speech and/or language impairments. In addition, techniques and strategies for mainstreaming these children within the early childhood educational environment are included.
Prerequisite: ECE 102

ECE 202 Curriculum and Program Planning for Young Children I/2 hrs. 2 lab hrs. 3 cr.
An intensive course in the methods and materials of early childhood education including theory, curriculum construction and planning, analysis of the role of the assistant teacher, materials, equipment, space, arts, crafts, music, children's literature, language arts and school services.
Prerequisite: ECE 102

ECE 204 Infant Care Curriculum and Program Planning I/2 hrs. 2 lab hrs. 3 cr.
An intensive course in the methods and materials of infant (2 months—18 months) care including theory; curriculum construction and planning; infant’s emotional, cognitive, social and physical development; the role of the parent; infant’s schedules and routines; and infant observation and recording.
Prerequisite: ECE 102

ECE 301 Early Childhood Education II/1 hr. 4 lab hrs. 3 cr.
A fieldwork course requiring supervised participation and observation in an assigned early childhood education setting such as a day care center, pre-kindergarten, headstart, infant care, private school, etc. The student spends a minimum of 60 hours in the field.
Prerequisite: ECE 202

ECE 302 Curriculum and Program Planning for Young Children II/2 hrs. 2 lab hrs. 3 cr.
A continuation of Curriculum and Program Planning I. Methods and materials of early childhood education in science, social studies, and math are studied.
Prerequisite: ECE 202

ECE 303 Early Childhood Education II/1 hr. 4 lab hrs. 3 cr.
A fieldwork course requiring participation in an assigned group care, infant or toddler setting. The student spends a minimum of 60 hours in the field.
Prerequisite: ECE 204

ECE 304 Toddler Care Curriculum and Program Planning II/2 hrs. 2 lab hrs. 3 cr.
A continuation of Infant Care Curriculum and Program Planning I. The topics introduced in ECE 204, and their application to the toddler child age 18 months—36 months are considered. These include: theory; curriculum and planning; toddler’s emotional cognitive, social, and physical development; the role of the parent; toddler’s schedules and routines; and toddler observation and recording.
Prerequisite: ECE 204

ECE 401 Supervised Instructional Experience With Young Children/1 hr. 6 lab hrs. 4 cr.
Application of theory through supervised observation and student teaching in the pre-school setting. This experience is implemented by a weekly lecture designed to coordinate the curriculum sequence with practical experience, thus preparing the prospective assistant teacher to assume his or her role upon commencement.
Prerequisite: ECE 301, ECE 302
ECE 403 Supervised Instructional Experience With Infants and Toddlers/1 hr. 6 lab hrs. 4 cr.
Application of theory through supervised observation and student teaching in an assigned group-care, infant or toddler setting. This experience is implemented by a weekly lecture designed to coordinate the curriculum sequence with practical experience, thus preparing the prospective assistant teacher to assume his or her role upon commencement.
Prerequisites: ECE 303, ECE 304
COOPERATIVE EDUCATION AND PLACEMENT

Chairperson: Joseph Doctor
Deputy Chairperson: Henry G. Stroobants
Professors: Joseph Doctor, Brice Hargadon
Assistant Professors: Patricia Hough, Barbara J. Kole, Henry G. Stroobants
Instructors: Jonathan Dash, Maxine Ganzer, Joanne Tekula
Lecturer: Joan Jeter

Adjunct Faculty: There are two adjuncts in the Department.

The philosophy of cooperative education is to enhance the relevance of theories learned in the classroom, giving students the opportunity to apply those classroom theories to practical work experience gained through on-the-job internships in business, industry, government or service organizations. Cooperative Education is required of students majoring in Accounting, Business Management (including the concentrations in Banking and Finance, Credit and Collections, General Management, Marketing, Real Estate, Retailing, Sales Management, and Travel and Tourism), Corporate and Cable Communications, and Secretarial Science. It is optional in Data Processing and Liberal Arts. (See page 102 for Job Placement information.)

CED 201 Career Planning (Classroom Course)/2 hrs. 2 cr.
Designed to help students creatively plan their careers, the course covers self-assessment, career exploration and practical job search skills. Typically, the course includes the following topics: identifying and classifying needs, interests, values and skills; researching occupational and organizational alternatives; job search techniques and resources for employment; resume and cover letter preparation; and job interviewing and follow-up.

Students who are required to register for the classroom course CED 201, Career Planning, should do so at the beginning of their second semester. At the beginning of the third semester, students who are matriculated with a 2.0 GPA or higher and who are U.S. citizens or permanent residents register for Internship I (see CED 300).

CED (300, 400, 500) Cooperative Education Internships / 15 hrs. 2 cr.
The internship experience is separated into three parts: the 300 series is the first internship, the 400 series is the second internship, and the 500 series is the third internship.

Students should not enroll in the third internship (500 series) unless they are required to complete six credits of Cooperative Education and have been directed by their Cooperative Education coordinator to take a 500 series internship in lieu of CED 201.

The following internships are offered by the Department:

CED 301 Accounting Internship I
CED 401 Accounting Internship II
CED 501 Accounting Internship III*
CED 305 Liberal Arts Internship I
CED 405 Liberal Arts Internship II
CED 311 Data Processing Internship I
CED 411 Data Processing Internship II
CED 351 Secretarial Science Internship I
CED 451 Secretarial Science Internship II
CED 551 Secretarial Science Internship III*
CED 361 Business Management Internship I
CED 461 Business Management Internship II
CED 561 Business Management Internship III*

(Business Management Internships include students in the following concentrations: Banking and Finance, Credit and Collections, General Management, Marketing, Real Estate, Retailing, Sales Management, and Travel and Tourism. Liberal Arts Internships include students majoring in Business Administration, Corporate and Cable Communications and Liberal Arts.)

*Registration in the CED 500 series requires special approval by the Cooperative Education coordinator.

A Word About Internships
Each student intern is assigned to a coordinator (a faculty member in the Department of Cooperative Education and Placement) who is knowledgeable about the student’s field. The coordinator helps the student secure internship placement, and serves as the student’s instructor and advisor during the field experience. In addition, the student has a unique opportunity to discuss and evaluate broader goals and career objectives on an individual basis.
Cooperative Education interns are expected to work fifteen (15) hours a week, complete a term project assigned by the coordinator, and be evaluated by the company supervisor. Most students who work fifteen (15) hours per week in a field related to their majors, receive two (2) academic credits and are paid by their employers. On occasion, a student may accept a volunteer rather than a paid assignment in order to complete the necessary internship. (Note: Should a student prefer, internships may also be fulfilled on a semester basis, alternating full-time work with full-time study.)

At the end of each semester, the Department conducts pre-registration orientation for all students planning to enroll in the coming semester internship program. **Attendance at these sessions is mandatory.**

At registration, students must schedule classes either in the morning or afternoon, leaving a half-day open for internship assignments in a business, industry, government or service organization. Students should allow enough travel time between the College and the job.

A student who does not register for a Cooperative Education Internship during his/her third term (because of class conflicts, low academic average, non-citizenship, current employment, or other reasons) should arrange for an interview with the coordinator during the course of the third semester. At that time, arrangements can be made enabling the student to fulfill the requirements for an Associate degree. Conflicts or problems can be resolved only by discussing them with the appropriate coordinator. Students should resolve all problems by the end of the third semester to avoid postponing graduation.

**Note:** It is the responsibility of the student to report to the Department of Cooperative Education within the first two weeks after the beginning of the semester to arrange for an appointment with the assigned coordinator.

**It is the policy of the Cooperative Education and Placement Department to utilize employers who hire students without regard to sex, race, color, national origin, handicap or age.**
DATA PROCESSING

Chairperson: James L. Brooks
Deputy Chairpersons: Richard Chorley, Marvin Kushner
Professors: Marvin Kushnner, Cynthia Zucker
Associate Professors: Debora S. Becker, Carol L. Brandon, James L. Brooks, Jorge Nossa
Assistant Professors: Mary Alice Cohen, Solomon Z. Feder
Instructors: Richard Chorley, Toby Ginsberg, Ahmet Kok, Paul Moriarty
Lecturers: Julio Cortes, Robert Greer
College Laboratory Technicians: Elizabeth Bleckley, Louis Rivera, Roger Young
Adjunct Faculty: There are approximately 30 adjuncts in the Department

The Data Processing courses introduce students to the basic principles of business data processing techniques. Practical experience in methods of handling equipment and functional competence in the applications of data processing systems and computer programming are included. The College maintains a modern Electronic Data Processing Center which is used for instructional purposes by the Department of Data Processing for its majors and as a service to other departments in the College. The installation is also used by the faculty for research and in-house training.

Operated on an open-door policy, the student Data Processing Laboratories are available for use throughout the day and early evening. Data Processing students are permitted to operate all machines after their first term whenever there are no formal class sessions. NOTE: It is recommended that all remediation courses be taken before beginning Data Processing courses.

For the curricula in Data Processing leading to an Associate in Applied Science (A.A.S.) degree, see pages 23-24.

DAT 110 Computers and Programming/5 hrs. 4 cr.
This course introduces the student to the theoretical and practical aspects of computers. The major laboratory experience is the completion of programming projects using Polya's four-step method. These projects have been carefully selected and ordered to provide the student with experience in fundamental control and data structures. All practical programming work is done on microcomputers.

DAT 125 Medical Record Application in Data Processing/4 hrs. 3 cr.
This course develops an understanding of the importance of computers in the medical record field. Through the use of microcomputers and computer terminals, students are given practical experience utilizing a computerized hospital system covering the typical functions of a medical records technician. Ethical and legal aspects of computer usage are also covered.
Prerequisites: ESL 060, ESL 061, ESL 062, RDG 061, RDG 062, ENG 088, MAT 010, MAT 011, MAT 012

DAT 130 Introduction to Computer Applications/4 hrs. 3 cr.
This course develops an understanding of computer technology through the exploration of computer equipment widely used in the business environment. An emphasis is placed upon the use of available software to solve business problems. Practical applications utilizing popular microcomputers illustrate the use of computers in the business environment. Applications include: spreadsheet packages, data-base management packages, and word processing for the non-secretary.
Prerequisites: ESL 060, ESL 061, ESL 062, RDG 061, RDG 062, ENG 088, MAT 010, MAT 011, MAT 012

DAT 150 Computers in Society/3 hrs. 3 cr.
An investigation of the social implications of the computer in our society and the many ways the computer affects the "quality of life" today. This course presents technical facts about computers and analyzes social issues which this new technology has nurtured.

DAT 205 Cobol/5 hrs. 4 cr.
Students learn the programming language of Cobol in this course. They are taught how to analyze a problem, design a solution, code and enter the program into the computer system, and finally test the program for both logic and accuracy. Students are required to complete several programs covering: data validation, business reporting, level breaks and table handling.
Prerequisite: DAT 110 or Departmental approval
DAT 215 Computer Operations/4 hrs. 3 cr.
A detailed practical study of the operations of the IBM 4361 Computer is presented. Students learn the operating principles of tape and disk drives, set up forms in the printer, operate the IBM 4361 System, prepare basic control cards, read and prepare operating procedures and make emergency repairs. In addition, utility programs, disk concepts and terminal operations are covered. Students are given practical assignments in all areas.
Prerequisite: DAT 110 or Departmental approval

DAT 225 RPG Programming/4 hrs. 3 cr.
Report Program Generator (RPG) is the program language presented in this course. Students obtain practical experience by writing programs in this computer language, utilizing field validation techniques, control breaks, table handling processing methods, matching records and file updating. RPG gives students experience with a non-procedural programming language which is widely used in the business community.
Prerequisite: DAT 110 or Departmental approval

DAT 240 Fortran/4 hrs. 3 cr.
This course covers the full grammar of Fortran in theory and practice. Fortran’s data types are explored through the construction of a variety of programs. Fortran’s control structures are explored by designing these programs using the modular and structured methods of program construction.
Prerequisite: DAT 110 or Departmental approval

DAT 270 PL/1 (Programming Language/One)/4 hrs. 3 cr.
This course is designed to provide the student with the ability to use PL/1 effectively as a programming language in solving a variety of data processing problems. Attention will be given to structured program design, structured program writing and program debugging. Each student is expected to design, write, debug and successfully execute several programs.

DAT 305 File Handling Using Cobol/5 hrs. 3 cr.
File handling concepts and programming techniques are presented in theory and in practice by writing programs in Cobol which create, access, and update sequential and indexed sequential files. Table handling is reinforced throughout the programming assignments.
Prerequisite: DAT 205 or Departmental approval

DAT 315 Advanced Computer Operations/4 hrs. 3 cr.
This course is designed to give the student extensive practical experience in operating a computer under the OS/MVT Operating System. Emphasis is placed on operator commands, the IBM OS Utility Programs, the Sort/Merge Program, and the execution of Utility and Sort/Merge Job Streams. Each student is expected to demonstrate practical proficiency in operating the 4361 Computer System under OS/MVT.
Prerequisite: DAT 215 or Departmental approval

DAT 321 Operating Systems Concepts/3 hrs. 3 cr.
This course covers the main operating systems that are being used in the data processing industry today. Emphasis is placed on OS and its libraries, systems generation, linkage, editor, JCL and data management techniques. The course reviews other operating systems such as DOS, CP, COS and others—comparing them to OS.
Prerequisite: DAT 205, DAT 315 or Departmental approval

DAT 330 Systems Analysis/3 hrs. 3 cr.
This course builds on the knowledge students have gained in their programming courses. It teaches students to analyze the interaction between “state of the art” computer hardware and software and the tools and methods used by systems analysts to develop systems for computer applications. Students follow up on the theory by preparing a runbook which is an analysis and design of complex problem-stressing data formats, documentation and operating instructions.
Prerequisite: DAT 205 or Departmental approval

DAT 331 Assembler Language and Architecture/6 hrs. 4 cr.
Students receive practical and theoretical experience writing programs in an assembler language. Topics include computer architecture, machine language, addressing techniques, macros, and the implementation of data and control structures. The inter-relationship of the assembler language with the architecture of its hardware and the compilation of higher level languages are also explored.
Prerequisite: Any DAT 200 level course or Departmental approval

DAT 340 Job Control Language/4 hrs. 3 cr.
The aim of this course is to teach the background, purpose and concepts of operating systems as implemented through job control language. There is an intensive look at the internal structure of fourth generation computers and representative operating systems. This course traces the development of today’s sophisticated hardware and software. Special attention is given to OS job control language. Students are required to perform a series of practical assignments to achieve professional competence.
Prerequisite: DAT 315 or any DAT 200/300 level course or Departmental approval

continued on next page
DAT 400 Systems Implementation/5 hrs. 3 cr.
Students continue from the realm of theory taught in DAT 330, Systems Analysis, to the realities of practical applications. The class is divided into teams. A system is developed as a joint effort by each team as it analyzes, systematizes, programs and writes documentation to implement its projects. In addition to the team projects, topics relevant to current data processing techniques are discussed and where applicable, demonstrated to or practiced by the class.
Prerequisite: DAT 305 and DAT 330 or Departmental approval

DAT 415 On-Line Operations/4 hrs. 3 cr.
On-Line Operations teaches the student the command language and the control statements for IBM's advanced operating system, VM/CMS. The student learns to operate an IBM 4361 under VM/CMS in a networking environment. This includes file transfer functions involving both large and small computers in a remote and locally situated environment. In addition to telecommunications processing, the student learns file-handling techniques and specific language procedures for compiling, storing and loading programs. System configuration and virtual memory concepts are also covered.
Prerequisite: DAT 315 or Departmental approval
DEVELOPMENTAL SKILLS

Chairperson: Edward M. Bostick
Deputy Chairperson: Jean Withrow
Professors: James Schiavone, Sylvia Seidman
Associate Professors: Barbara Gonzales, Linda R. Markstein
Assistant Professors: Edward M. Bostick, Gay Brookes, Audrey Bynoe, Janis Jones, Bette Kalash, Carol Lindquist, Sandra Motz, Daniel J. Smith, Jean Withrow
Instructors: Andrea Starr Alonzo, Yeghia Aslanian, Juliet Emanuel, Anne Friedman, Judith Resnick, Maya Sharpe
Senior College Laboratory Technician: Joseph Johnson
Adjunct Faculty: There are approximately 65 adjuncts in the Department.

The Department of Developmental Skills offers courses in English as a Second Language and in Reading. The courses help students in developing skills essential to continued academic progress.

In order to determine whether a student has a need for these courses, a placement examination is given. As a result of the examination, students may be assigned to appropriate Developmental Skills or other courses. Students are placed in the appropriate level as determined by the exam. The courses offered by the Department are also open to any other student who feels the need for special work in ESL and Reading.

NOTE: Students who are required to take ESL 060, 061, 062 or RDG 061, 062 are not permitted to register for more than a total of 18 contact hours.

ESL 060, 061, 062 English as a Second Language/6 hrs. 0 cr.

ESL 083 English as a Second Language/6 hrs. 3 cr.
Required for all entering students of foreign language background whose placement examinations show a need for instruction in English as a Second Language. Each number represents a different proficiency level of the course. Students are placed according to their ability in one of the levels. The course is comprehensive—combining listening, speaking, reading and writing skills. Credit is granted when students' essay-writing performance is judged satisfactory for entrance into ESL 084, ENG 090 or ENG 101 (see page 61).

ESL 084 Intensive Writing/6 hrs. 3 cr.
Required for all entering students whose placement examinations show a need for intensive work in writing and whose major problems with writing stem from a foreign language background. This course focuses on the processes of essay writing, including paragraph structure, sentence structure and content. Successful completion awards the student three credits; students who excel may receive six (6) credits. Credit is granted when students' essay-writing performance is judged satisfactory for entrance into English Composition I (ENG 101).

RDG 061 Reading and Study Skills I/6 hrs. 0 cr.
RDG 062 Reading and Study Skills II/6 hrs. 0 cr.
RDG 073 Reading and Study Skills III/6 hrs. 3 cr.

These courses are designed to improve students' ability to read college level textbooks and other written materials. Students who score below the official exit level on the CUNY Reading Assessment Test are required to register for one of these courses. Based on the results of the test, students are placed in either RDG 061, 062, or 073. (RDG 073 is open to those students not required to take a reading course, but who still wish to improve their reading and study skills.) At the end of each of these courses, all students are retested — using the CUNY Reading Assessment Test.* Students' performance on the retest determines whether they must register for further reading courses.

These courses develop necessary vocabulary comprehension and study skills. Students use a variety of multi-level resources including speed-reading machines, cassette listening tapes and other relevant reading materials. Students meet three (3) hours a week in classes and an additional three (3) hours a week in supervised laboratory practice for a total of six (6) hours a week.

*The CUNY Reading Assessment Test Exit Level represents approximately senior high school reading level.

continued on next page
RDG 074 Reading and Study Skills, Level III/3 hrs. 3 cr.
This course is open only to those students who have previously taken RDG 073, but who did not meet the CUNY Reading Assessment Test Exit Level. However, if in the opinion of the instructor the student need not repeat RDG 073 (a six hour course), then the student may enroll in this three (3) hour course.
NOTE: Students who take both RDG 073 and RDG 074 can only receive a total of three (3) credits.
Chairperson: Rivkah Feldman

Deputy Chairpersons: Charles DePaolo, Philip Eggers

Associate Professors: Leonore Hoffmann, Nan Bauer-Maglin, Stephen Cogan, Robert Lapides

Instructor: Ruth Mischeloff

Professor Emeritus: Roger B. Dooley

Resident Professors: Roger B. Dooley, Diana Liben

Adjunct Faculty: There are approximately 80 adjuncts in the Department.

The English Department prepares students who have various levels of proficiency to reach an optimum level of performance in writing. The courses offered by the Department enable students to qualify for graduation and to perform successfully in four-year colleges.

All entering students are required to take the CUNY Writing Assessment Test (WAT) for placement. Students who score below 8 will enroll in an appropriate remedial writing course and will not be permitted to enroll in English 101 until they complete their remedial requirements.

All students are required to take English 101 and English 201. Liberal Arts and Business students are required to take one three credit course beyond English 201. This requirement may be fulfilled by English III or by literature courses offered in the Center for Ethnic Studies (see Black Literature courses on page 48).

ENG 088 Intensive Writing/6 hrs. 0 cr.

This is a lower-level remedial writing course in which students are introduced to the fundamentals of writing, including punctuation, spelling, grammar, word choice, sentence structure and paragraphing. Students are given frequent in-class writing exercises that focus on narration and description as modes of developing ideas. Conferences with instructors are frequent. This course is for students who score below 5 on the CUNY WAT and prepares them for English 090.

ENG 090 Intensive Writing/6 hrs. 3 cr.

This is an upper-level intensive remedial writing course for students scoring 5 or 6 on the CUNY WAT. Students are instructed in basic components of effective writing, including word selection, punctuation, spelling, grammar, sentence structure and paragraph development. Students are given frequent in-class writing exercises that focus on argumentation, narrative, and description as modes of developing ideas. Individual conferences with the instructor are frequent.

ENG 101 English Composition I/3 hrs. 3 cr.

This is the basic college-level course, similar to “freshman English” at other community and four-year colleges. Students are guided to see their experience and ideas as subject matter for essays and to analyze their ideas as they explore their topics in depth. They are also acquainted with the process of writing, from getting ideas to producing a final, proofread draft. The purpose, audience for, and structure of the essay are explored through readings designed to stimulate both ideas for writing and attention to style. Topics in grammar and syntax are discussed as needed. At the end of this course, students take a departmental essay examination that requires they compose, draft and edit a thesis-centered essay of at least 500 words.

ENG 121 English Composition I and II, in Tandem/6 hrs. 6 cr.

This course combines English 101 and 201 into a one-semester course. It is recommended for students who have demonstrated proficiency on the placement examination.

ENG 201 English Composition II/3 hrs. 3 cr.

This course is a continuation of English 101. It helps the student develop the ability to write longer expository essays. Students continue to focus on the writing process as they are introduced to literary forms such as the short story, play, poem or novell. These help the student develop some awareness of literary form and they provide the basis for continued exposition. Students are expected to complete a research project that involves library research, documentation, and the use of source material in a thesis-centered essay.

ENG III (Prerequisite: English 101 and 201 or English 121)
English III consists of the English electives which appear in the catalog as courses numbered English 300 or higher. The literature courses consider, in depth, major writers, literary periods or genres. The writing courses are workshops where students can develop their writing talents in specialized fields.

The English III courses are similar in structure, organization and content to courses at four-year colleges. Students who plan to transfer to a four-year college are urged to contact that college to find out which English elective should be taken at BMCC to fulfill their admission requirements.

ENG 301 Journalism I/3 hrs. 3 cr.
This course covers the basic principles and practices of news reporting and writing. Students are taught to write single-incident news stories, conduct balanced interviews and edit their own copy employing standard copy editing symbols and format. Emphasis is also given to the theoretical side of journalism with an overview of its history, present legal controls, ethical issues and rapidly expanding technology.

ENG 302 Journalism II/3 hrs. 3 cr.
This course builds on English 301 and provides further opportunities for students to explore journalism. Students conduct interviews, cover stories around the city and write journalistic articles. Opportunities are provided for specialized coverage in areas such as politics, consumerism, science, education, finance, the arts, social change and family life. Topics include layout, headline composition and basics of journalism law.

Prerequisite: ENG 301 or permission of instructor.

ENG 311 Creative Writing Workshop/3 hrs. 3 cr.
The objective of the Creative Writing Workshop is to sharpen students' creative writing skills in the genres of short story, poetry and drama depending on interests and ability.

ENG 321 Film/3 hrs. 1 lab hr. 3 cr.
This is a film history and appreciation course, with special emphasis on American films of the 1930's, especially those adapted from the stage. During one double period in which a full-length film is shown, students are encouraged to take notes. In the next class the film is discussed and analyzed and at the third meeting the film for the following week is introduced. Program notes and extensive background material are provided.

ENG 322 Fiction into Film/3 hrs. 3 cr.
A course in which film adaptations of 19th and 20th century British and American stories and novels are compared to their original version to determine differences and similarities between literary and cinematic technique. Films based on novels include such award-winning movies as *One Flew Over The Cuckoo's Nest*, *Clockwork Orange*, *To Kill A Mockingbird*, *The Maltese Falcon* and *Women in Love*. Also included are film adaptations of stories by Richard Wright, William Faulkner, Willa Cather, F. Scott Fitzgerald, Ambrose Bierce and Nathaniel Hawthorne. Students will learn terms to describe cinematic effects and techniques.

ENG 332 The Art of the Detective Story/3 hrs. 3 cr.
This course explores the genre of the detective story: its principal themes, plots, characters and settings; the dramatic changes the genre has undergone (particularly in the twentieth century); its relationship to other literature and new directions of the genre today. In addition, the phenomenal popularity of the detective story will be considered: who is the audience and why has the detective story attracted such a large audience?

ENG 337 Science Fiction/3 hrs. 3 cr.
This course examines how science fiction literature envisions the impact of machine technology on the individual and society. The human/machine interaction will be traced from early myths to contemporary science fiction, including works by Asimov, Clarke, Lem, Orwell, Vonnegut and Zelazny.

ENG 345 Modern Poetry/3 hrs. 3 cr.
The goals of this course are to stimulate an appreciation for, and an enjoyment of, poetic masterworks mainly of the 20th century. This course includes critical reading and writing; its approach is an in-depth study of poetry which has universal significance. Writers studied include T. S. Eliot, W. H. Auden, Dylan Thomas, e.e. cummings, Pablo Neruda, Langston Hughes, Theodore Roethke, Gwendolyn Brooks and Sylvia Plath.

ENG 353 Women in Literature/3 hrs. 3 cr.
This course focuses on the contributions of women literary artists from a variety of cultures and ethnic groups. It examines how women writers have both reflected the prevailing female stereotypes of their age and background, and also imagined the "New Woman". Enrollment is open to both women and men.

ENG 358 Contemporary Urban Writers/3 hrs. 3 cr.
This course focuses on the literature of urban America since 1950 and in particular how contemporary writers use the images and themes of the city.
ENG III (Prerequisite: English 101 and 201 or English 121)
English III consists of the English electives which appear in the catalog as courses numbered English 300 or higher. The literature courses consider, in depth, major writers, literary periods or genres. The writing courses are workshops where students can develop their writing talents in specialized fields.

The English III courses are similar in structure, organization and content to courses at four-year colleges. Students who plan to transfer to a four-year college are urged to contact that college to find out which English elective should be taken at BMCC to fulfill their admission requirements.

ENG 301 Journalism I/3 hrs. 3 cr.
This course covers the basic principles and practices of news reporting and writing. Students are taught to write single-incident news stories, conduct balanced interviews and edit their own copy employing standard copy editing symbols and format. Emphasis is also given to the theoretical side of journalism with an overview of its history, present legal controls, ethical issues and rapidly expanding technology.

ENG 302 Journalism II/3 hrs. 3 cr.
This course builds on English 301 and provides further opportunities for students to explore journalism. Students conduct interviews, cover stories around the city and write journalistic articles. Opportunities are provided for specialized coverage in areas such as politics, consumerism, science, education, finance, the arts, social change and family life. Topics include layout, headline composition and basics of journalism law.

Prerequisite: ENG 301 or permission of instructor.

ENG 311 Creative Writing Workshop/3 hrs. 3 cr.
The objective of the Creative Writing Workshop is to sharpen students' creative writing skills in the genres of short story, poetry and drama depending on interests and ability.

ENG 321 Film/3 hrs. 1 lab hr. 3 cr.
This is a film history and appreciation course, with special emphasis on American films of the 1930's, especially those adapted from the stage. During one double period in which a full-length film is shown, students are encouraged to take notes. In the next class the film is discussed and analyzed and at the third meeting the film for the following week is introduced. Program notes and extensive background material are provided.

ENG 322 Fiction into Film/3 hrs. 3 cr.
A course in which film adaptations of 19th and 20th century British and American stories and novels are compared to their original versions to determine differences and similarities between literary and cinematic technique. Films based on novels include such award-winning movies as One Flew Over The Cuckoo's Nest, Clockwork Orange, To Kill A Mockingbird, The Maltese Falcon and Women in Love. Also included are film adaptations of stories by Richard Wright, William Faulkner, Willa Cather, F. Scott Fitzgerald, Ambrose Bierce and Nathaniel Hawthorne. Students will learn terms to describe cinematic effects and techniques.

ENG 332 The Art of the Detective Story/3 hrs. 3 cr.
This course explores the genre of the detective story: its principal themes, plots, characters and settings; the dramatic changes the genre has undergone (particularly in the twentieth century); its relationship to other literature and new directions of the genre today. In addition, the phenomenal popularity of the detective story will be considered: who is the audience and why has the detective story attracted such a large audience?

ENG 337 Science Fiction/3 hrs. 3 cr.
This course examines how science fiction literature envisions the impact of machine technology on the individual and society. The human/machine interaction will be traced from early myths to contemporary science fiction, including works by Asimov, Clarke, Lem, Orwell, Vonnegut and Zelazny.

ENG 345 Modern Poetry/3 hrs. 3 cr.
The goals of this course are to stimulate an appreciation for, and an enjoyment of, poetic masterworks mainly of the 20th century. This course includes critical reading and writing; its approach is an in-depth study of poetry which has universal significance. Writers studied include T. S. Eliot, W. H. Auden, Dylan Thomas, e.e. cummings, Pablo Neruda, Langston Hughes, Theodore Roethke, Gwendolyn Brooks and Sylvia Plath.

ENG 353 Women in Literature/3 hrs. 3 cr.
This course focuses on the contributions of women literary artists from a variety of cultures and ethnic groups. It examines how women writers have both reflected the prevailing female stereotypes of their age and background, and also imagined the "New Woman". Enrollment is open to both women and men.

ENG 358 Contemporary Urban Writers/3 hrs. 3 cr.
This course focuses on the literature of urban America since 1950 and in particular how contemporary writers use the images and themes of the city.
ENG 371 English Literature I/3 hrs. 3 cr.
This course surveys works of English literature from its origins in pre-Norman England to the eighteenth century. The objectives are three-fold: (1) to develop the student's appreciation for literature and an acquaintance with literary masterpieces written in English during the years of this survey; (2) to introduce the student to the major political and cultural events and ideas that shaped England during these years; (3) to illustrate how cultural and political ideas shape men's thinking and have their reflections in and are reflected by literature. Selections may include Beowulf, Chaucer's Canterbury Tales, Shakespeare's plays and Swift's writings.

ENG 372 English Literature II/3 hrs. 3 cr.
This survey course is independent of English 371 which is not a prerequisite. It covers the principal figures, styles, themes and philosophies represented during three literary periods: the Romantic Era, the Victorian Age and the Twentieth Century. It exposes students to major works of literature including poetry, plays, short stories, novels and essays. It enables students to appreciate the thoughts and contributions of outstanding writers such as Keats, Wordsworth, Tennyson, Browning, Yeats and Eliot, as well as Dickens, Joyce and Lawrence.

ENG 373 Introduction to Shakespeare/3 hrs. 3 cr.
This course provides careful, in-depth readings from Shakespeare's tragedies, histories and comedies. The course examines some of the main characteristics of his work, including his major themes, the development of character and plot, and the special worlds that he creates through his poetic language.

ENG 381 American Literature I/3 hrs. 3 cr.
This course surveys American literature from its colonial beginnings to the American Renaissance of the nineteenth century—from Ann Bradstreet and Cotton Mather to Walt Whitman and Herman Melville. Students learn about the cultural milieu that influenced writers, read major and representative works and sharpen their critical abilities.

ENG 382 American Literature II/3 hrs. 3 cr.
Though English 381 is not a prerequisite, this course begins where 381 leaves off and covers select fiction and poetry from the Gilded Age of the late nineteenth century to the present. Students study major writers and literary movements; and an effort is made to place literature in its cultural context. Works by such writers as Mark Twain, Emily Dickinson, Henry James, T.S. Eliot, Richard Wright, F. Scott Fitzgerald and Toni Morrison may be included.

ENG 383 The American Novel/3 hrs. 3 cr.
This course focuses on the gradual emergence of the American novel both as a literary form and as a reflection and reinforcement of patterns in the fabric of American life. Representative authors may include Hawthorne, Melville and Stowe from the 19th century; Lewis, Cather, Fitzgerald, Faulkner, Hemingway and Steinbeck from the 1920's to the 1950's; and Wright and Mailer of the 1960's and 1970's.

ENG 384 Modern American Theatre/3 hrs. 3 cr.
The development of the American theatre since the rise of realism is traced through 1920's dramas by O'Neill, Howard and Rice; comedies of manners by Barry and Behrman; socially conscious plays of the 1930's by Odets, Sherwood and Hellman; and post-war dramas by Williams and Miller.

ENG 391 World Literature I: From Homer to Dante/3 hrs. 3 cr.
Not offered in 1986-87

ENG 392 World Literature II: From the Renaissance to Contemporary Times/3 hrs. 3 cr.
Not offered in 1986-87

ENG 393 Comparative Literature I: Survey of Judaic Literature in English/3 hrs. 3 cr.
Not offered in 1986-87

ENG 394 Modern European Novel/3 hrs. 3 cr.
European social and political ideas as they are reflected in the works of such novelists as Gide, Seline, Koestler, Camus, Sartre, Mann and Kafka are examined and analyzed.

Chairperson: Patricia R. Wilkinson
Deputy Chairpersons: Geoffrey R. Akst, Lawrence A. Sher, Austin Williams
Professors: Geoffrey R. Akst, Beryl E. Hunte, Nathan Newman, Lawrence A. Sher, Patricia R. Wilkinson
Associate Professors: Sadie C. Bragg, Toni Kasper, William A. Parsons, Maria A. Reid
Assistant Professors: Eileen R. Bynoe, Marta DeVito, Esther Ettegui, Charles Huckaba, Robert Kaufman, Mary R. Kellogg, Myron S. Rosenbaum, Lawrence B. Spector, Paul D. Zahn
Instructors: June Gaston, Sofya Nayer, Carole Weisbrot
Lecturers: Herman J. Drucker, Austin Williams
Coordinator of Remediation: Geoffrey R. Akst

Adjunct Faculty: There are approximately 90 adjuncts in the Department.

Every student enrolled in a degree program is required to take at least one college-level course in mathematics. The courses are designed to help students appreciate the logical structure of mathematics and the scope of the application of mathematics in modern society. Procedures and ideas are emphasized, as are the development of applications and skills. In general, the courses offered by the Department attempt to strengthen and enrich the student’s basic understanding of mathematics.

In addition, the Department offers courses for students who may be required to take remediation. (Placement in remedial courses is determined by scores on the CUNY Freshman Skills Assessment Test.) There are two levels of remediation: 1) Arithmetic (MAT 010 or MAT 011) and 2) Algebra (MAT 051 or MAT 012). NOTE: MAT 012 combines MAT 011 and MAT 051. All Liberal Arts and Business Administration students must complete MAT 051. Any student who plans to transfer to a four-year CUNY college must take MAT 010 or MAT 011 and MAT 051, or MAT 012 (which combines MAT 011 and MAT 051).

MAT 010 Basic Mathematics 1/6 hrs. 0 cr.
This is a course in basic arithmetic skills and the rudiments of algebra. Topics covered include: whole numbers, fractions, decimals, percents, proportions, signed numbers, and the solving of simple linear equations. Required of students whose placement exam indicates a low level of proficiency in simple arithmetic skills.

MAT 011 Basic Mathematics II/3 hrs. 0 cr.
This is a course in basic arithmetic skills and the rudiments of algebra. Topics covered include: whole numbers, fractions, decimals, percents, proportions, signed numbers, and the solving of simple linear equations. Required of students whose placement exam indicates a marginal level of proficiency in simple arithmetic skills. If a student passes MAT 010, the student should not register for MAT 011.

MAT 012 Basic Arithmetic and Algebra/6 hrs. 0 cr.
This course is a combination of remedial arithmetic and elementary algebra. It includes arithmetic of integers, fractions, decimals, percent, algebraic representation, operations with polynomials, linear equations, exponents and radicals, factoring, graphs, measurement, and the Pythagorean Theorem. This is an accelerated course for students who have scored relatively high on the placement examination. This course is designed to prepare students for the CUNY Freshman Skills Assessment Test required for transfer to the upper division of CUNY.

MAT 051 Elementary Algebra/4 hrs. 0 cr.
This course covers the same material as a standard high school ninth-year mathematics course. It includes such topics as algebraic representation, signed numbers, operations with polynomials, factoring, the solution of linear equations, the co-ordinate system, the solution of simultaneous linear equations of two variables, and graphing. This course is designed to prepare students for the CUNY Freshman Skills Assessment Test required for transfer to the upper division of CUNY. If a student passes MAT 012, the student should not register for MAT 051.

MAT 055 Intermediate Algebra and Trigonometry/6 hrs. 3 cr.
This course covers the same material as a standard high school eleventh-year mathematics course. It includes such topics as factoring, solutions of linear and quadratic equations, trigonometric relationships, exponents, logarithms, and the graphs of quadratic equations. Prerequisite: MAT 051 or equivalent

MAT 100 Fundamentals of Mathematics 1/4 hrs. 4 cr.
This course includes the study of several mathematical systems. The role of mathematics in modern culture, the role of postulational thinking in all mathematics, and the scientific method are discussed. The course considers topics such as nature of axioms, truth and validity;
the concept of number; the concept of set, scales of notation, groups and fields.

MAT 104 Mathematics for Health Sciences/3 hrs. 3 cr.
This course covers computations and measurements essential in the health science professional fields. Topics include: units and measurements, ratios, solutions and dosages.

MAT 109 Mathematics for Respiratory Therapy/3 hrs. 3 cr.
This course covers intermediate algebraic topics and emphasizes problems and applications in respiratory therapy. It includes such topics as algebraic representation, factoring, approximate number, significant digits and scientific notation, first and second degree equations with applications, ratio and proportions, square roots, radicals and exponents, logarithms, graphing linear equations, vectors and the metric system.
Prerequisite: "exemption from or completion of mathematics remedial courses including elementary algebra—MAT 012 or MAT 051.

MAT 150 Introduction to Statistics/4 hrs. 4 cr.
This course covers the use of arithmetic, linear equations and formulas in the study of basic statistics. It includes measures of central tendency, measures of dispersion, graphs, the regression line, confidence intervals and significance of differences.

MAT 175 Introduction to Discrete Mathematics/4 hrs. 4 cr.
This course covers the fundamentals of mathematics topics associated with computer information systems, including: numeration system; sets and logic; Boolean algebra, functions, and elementary switching theory; combinatorics, mathematical induction, permutations, combinations, binomial coefficients, and distributions.
Prerequisite: MAT 051 or equivalent. Required of Data Processing students

MAT 202 Fundamentals of Mathematics II/3 hrs. 3 cr.
This course covers an axiomatic approach to mathematical structures and number systems. It includes functions, relations, operations and the real number system.
Prerequisite: MAT 100

MAT 206 Mathematical Foundations for Calculus/4 hrs. 4 cr.
This course covers basic algebraic and trigonometric skills, algebraic equations, and functions. It includes mathematical induction, complex numbers, the binomial theorem, and elements of matrices and determinants.
Prerequisites: MAT 051, MAT 055. Consult Department chairperson if you are in doubt about prerequisites. Required for mathematics-and-science-oriented Liberal Arts students.

MAT 207 Statistics/3 hrs. 3 cr.
This course covers statistical concepts and techniques for applications. Topics include probability, random variables, binomial distribution, hyper-geometric distribution, central tendencies, normal distribution, precision and confidence levels, sample design and projects.
Prerequisite: MAT 055

MAT 215 Elements of Linear Algebra/3 hrs. 3 cr.
This course reflects a current trend of introducing abstract concepts prior to or concurrent with calculus. This course includes algebra and geometry of vectors, matrices and linear transformations. The emphasis is on matrices.
Prerequisite: MAT 055

MAT 301 Analytic Geometry and Calculus I/4 hrs. 4 cr.
This is an integrated course in analytic geometry and calculus applied to functions of a single variable. It covers a study of rectangular coordinates in the plane, equations of conic sections, functions, limits, continuity, related rates, differentiation of algebraic and transcendental functions, Rolle’s Theorem, the Mean Value Theorem, maxima and minima, and integration.
Prerequisite: MAT 206 or equivalent with Departmental approval. Required for mathematics-and-science-oriented Liberal Arts students.

MAT 302 Analytic Geometry and Calculus II/4 hrs. 4 cr.
This course is an introduction to the concepts of formal integration. It covers the differentiation and integration of algebraic, trigonometric, and transcendental functions. Topics include the indefinite integral, the antiderivative, areas, volumes, and the improper integral.
Prerequisite: MAT 301. Required for mathematics-and-science-oriented Liberal Arts students.

MAT 303 Analytic Geometry and Calculus III/4 hrs. 4 cr.
This course is an extension of the concepts of differentiation and integration to functions of two or more variables. Topics include: partial differentiation, multiple integration, Taylor series, polar coordinates and calculus of vectors in one and two dimensions.
Prerequisite: MAT 302

continued on next page
MAT 402 Finite Mathematics/4 hrs. 4 cr.
This course covers compound statements, sets and subsets, partitions and counting, probability theory, vectors and matrices.
Prerequisite: MAT 051, MAT 055. Required for students in the Business Administration Program.
Note: Prerequisites to this course should be taken in the first semester or as early as possible.

MAT 501 Ordinary Differential Equations/3 hrs. 3 cr.
A first course in the theoretical and applied aspects of ordinary differential equations. Topics include: first-order equations, exact equations, linear equations, series solutions, Laplace transforms, Fourier series and boundary value problems.
Prerequisite: MAT 302
MODERN LANGUAGES

Chairperson: Margarita J. Fazzolari
Deputy Chairpersons: Neil Birnbaum, Armida F. Castagnaro
Associate Professors: Neil Birnbaum, Armida F. Castagnaro
College Laboratory Technicians: Luis-Alfredo Cartagena, Nidia Pulles-Linares
Adjunct Faculty: There are approximately 17 adjuncts in the Department.

The Modern Languages Department is an integral part of the Liberal Arts curriculum. Its principal objectives are to develop fluency in the written and spoken language and to familiarize students with foreign literature and culture. All courses are given in the foreign language unless otherwise specified. A language laboratory with the latest equipment provides students with additional practice. The language laboratory is an essential part of all language classes.

French

FRN 101 French I/4 hrs. 1 lab hr. 4 cr.
A course for students who have had no previous background in French. Grammar is taught inductively and simple texts are read. Skills in comprehension, speaking, reading, and writing are developed.

FRN 110 French II/3 hrs. 1 lab hr. 3 cr.
In this continuation of French I, grammar, composition, conversation, reading and analysis of simple literary texts are covered. Prerequisite: FRN 101 or Departmental approval

FRN 200 French III/3 hrs. 1 lab hr. 3 cr.
This course includes a review of grammar plus the study of French civilization and selected readings in French literature. Prerequisite: FRN 110 or Departmental approval

FRN 210 French IV/3 hrs. 1 lab hr. 3 cr.
While reviewing advanced grammar, students are trained in literary analysis through the works of modern French authors. Prerequisite: FRN 200 or Departmental approval

FRN 310 Advanced French Conversation/3 hrs. 3 cr.
This course involves intensive oral work consisting of discussions in French based on literary texts of the 20th century with drills in pronunciation, intonation and rhythm. Intensive use is made of the language laboratory. Prerequisite: FRN 200 or Departmental approval

FRN 430 French V: Survey of French Literature I/3 hrs. 3 cr.
The chronological evolution of French literature and its relation to French culture and ideas are studied. Major works by representative authors from the 17th century are read and discussed with emphasis on ideas and style. Included are selections from Corneille, Molière, Racine, la Fontaine, Bossuet, Fenelon, Fontenelle and Marivaux (introduction to early 18th century trends and post-revolution changes in classical literature). Written and oral reports are required. Prerequisite: FRN 210 or Departmental approval

FRN 435 French VI: Survey of French Literature II/3 hrs. 3 cr.
This course concentrates on the literature of the Enlightenment and the 19th century as reflected in the works of Voltaire, Rousseau, Montesquieu, Balzac, Flaubert, Stendhal and the Romantic and Symbolist poets. Written and oral reports are required. May be taken before French V. Prerequisite: FRN 210 or Departmental approval

FRN 440 French VII: 20th-Century French Literature/3 hrs. 3 cr.
In this study of the major writers and literary movements (surrealism, avant-garde, existentialism) of the 20th century, emphasis is placed on novelists like Proust, Mauriac and Camus; playwrights such as Claudel, Giraudoux, Sartre, Anouilh, Ionesco and Beckett; and the poets Valéry, Eliard and Aragon. Written and oral reports are required. May be taken before French V and French VI. Prerequisite: FRN 210 or Departmental approval

FRN 455 Advanced French Grammar and Composition (Commercial French I)/3 hrs. 3 cr.
The course reviews grammar and syntax and includes advanced translation and composition, with emphasis on building essential business vocabulary and idioms, basic writing styles, and speech structures most frequently used in French correspondence and office communications. Open to Business, Liberal Arts and Secretarial Science students. Prerequisite: Functional knowledge of French, FRN 200 or Departmental approval

continued on next page
Modern Languages (cont’d.)

FRN 456 Advanced French Grammar and Composition (Commercial French II)/3 hrs. 3 cr.
The objective of this course is to increase the ability to communicate both orally and in writing in more complex business situations. Emphasis is placed on writing commercial letters and on intensive oral practice of related speech structures.
Prerequisite: FRN 455 or Departmental approval

FRN 460 Existentialism in French Literature/3 hrs. 3 cr.
The course brings to life the essentials of existentialist philosophy in plays and novels of French authors such as Sartre, Camus, with modern insights into the age-old question of free choice and predestination, the relevancy or irrelevancy of God, commitment or alienation and the meaning or the absurdity of life. Readings are in French; class discussions and written work in English/French.
Prerequisite: FRN 200 or Departmental approval

FRN 461 The Individual and Society in the 19th Century French Literature/3 hrs. 3 cr.
Based on works by Chateaubriand, Stendhal, Balzac and Zola, this course analyzes the relationship between the individual and society experiencing critical changes. Special attention is given to the problem of the Romantic ego in a materialistic society and the coming of age of a new “hero” emerging from the Industrial Revolution. Readings are in French; discussion and written work in English or French.
Prerequisite: FRN 200 or Departmental approval

FRN 462 History of French Drama and Theater/3 hrs. 1 lab hr. 3 cr.
A history survey of the theories of French Theater evolved from the Greek Tragedy through medieval, classical, and Romantic Realistic, Symbolist and Surrealist theater up to Avant-garde Theater and the Theater of the Absurd. Readings are in French, discussion in English.
Prerequisite: FRN 200 or Departmental approval

FRN 470 Modern French Civilization/3 hrs. 1 lab hr. 3 cr.
The main aspects of French life and culture as expressed in social, intellectual and philosophical history are studied in this course. Emphasis is given to the geographic situation, economic and social changes, the main trends of thought in French tradition, and their impact on modern France. Readings are in French, discussion in English and French.
Prerequisite: FRN 200 or Departmental approval

German

GER 101 German 1/4 hrs. 1 lab hr. 4 cr.
A course for students who have had no previous background in German. Grammar is taught inductively and simple texts are read. Skills in comprehension, speaking, reading and writing are developed.

Italian

ITAL 101 Italian 1/4 hrs. 1 lab hr. 4 cr.
This course is for students who have had no previous background in Italian. Grammar is taught inductively and simple texts are read. Skills in comprehension, speaking, reading and writing are developed.

ITAL 110 Italian II/3 hrs. 1 lab hr. 3 cr.
In this continuation of Italian I, grammar, composition, conversation and reading of Italian texts are covered.
Prerequisite: ITL 101 or Departmental approval

ITAL 200 Italian III/3 hrs. 1 lab hr. 3 cr.
Study in this course includes a review of grammar and composition. Modern prose is read, discussed and analyzed.
Prerequisite: ITL 110 or Departmental approval

Spanish

SPN 101 Spanish 1/4 hrs. 1 lab hr. 4 cr.
This course is for students who have had no previous background in Spanish. Grammar is taught inductively and simple texts are read. Skills in comprehension, speaking, reading and writing are developed.

SPN 110 Spanish II/3 hrs. 1 lab hr. 3 cr.
In this continuation of Spanish I, grammar, composition, conversation and reading Spanish texts are covered.
Prerequisite: SPN 101 or Departmental approval

SPN 200 Spanish III/3 hrs. 1 lab hr. 3 cr.
Study in this course includes a review of grammar and reading plus discussion of selected works by modern authors. Self-expression through oral and written reports is emphasized.
Prerequisite: SPN 110 or Departmental approval

SPN 210 Spanish IV/3 hrs. 1 lab hr. 3 cr.
This intensive review of grammar includes emphasis on oral and written expressions based on reading and analyzing works by Spanish writers.
Prerequisite: SPN 200 or Departmental approval

SPN 300 Spanish Conversation/3 hrs. 2 cr.
Designed primarily for Health Science Technology students, this course emphasizes the practice of conversation based on medical terminology, and useful expressions and idioms. Classes will be assigned according to the student’s background in Spanish. Use is made of the language laboratory.
SPN 430 Spanish IV: Survey of Spanish Literature I/3 hrs. 3 cr.
A chronological study is made of Spanish literature against its cultural and ideological background. Major works by representative writers from the Middle Ages to the end of the Golden Age are read and analyzed. Readings include selections from the Poema de Mio Cid, Alfonso X, don Juan Manuel, Jorge Manrique, Fernando de Rojas, Cervantes, Quevedo, and Calderon de la Barca. Written and oral reports are required. Recommended for students of Hispanic background after Spanish IV.
Prerequisite: SPN 210 or Departmental approval

SPN 435 Spanish VI: Survey of Spanish Literature II/3 hrs. 3 cr.
This course concentrates on literature of the Neoclassical period and the 19th century. The works of Feijoo, Moratin, Cadalso, el Duque de Rivas, Zorrilla, Larra, Becquer, Alarcon, Galdos, and other important Romantic and Realistic authors are read and analyzed. Written and oral reports are required.
Prerequisite: SPN 210 or Departmental approval

SPN 440 Spanish VII: 20th Century Spanish Literature/3 hrs. 3 cr.
The major authors and literary movements of the 20th century in Spain are studied with emphasis on representative genres. Works of Unamuno, Ortega, Machado, Juan R. Jimenez, Salinas, Garcia Lorca, Cela and others are analyzed. Written and oral reports are required.
Prerequisite: SPN 430, SPN 435 or Departmental approval

SPN 445 Spanish VIII: Survey of Spanish-American Literature/3 hrs. 3 cr.
This course involves a chronological history of Spanish-American literature from the Colonial period to the 19th century. Readings include selections from el Inca Garcilaso, Sor Juana Ines de la Cruz, Sarmiento, José Hernandez, Palma, Marti, Dario and others. Written and oral reports are required.
Prerequisite: SPN 435, SPN 440 or Departmental approval

SPN 450 Spanish IX: 20th Century Spanish-American Literature/3 hrs. 3 cr.
The major authors and literary movements of the late 19th and 20th centuries are studied. Works of Quiroga, Reyes, Neruda, Vallejo, Carpentier, Borges, Rulfo, Fuentes, Marques and others are analyzed. Written and oral reports are required.
Prerequisite: SPN 430, SPN 435, SPN 440 or Departmental approval

SPN 455 Advanced Spanish Composition and Grammar I (Commercial Spanish I)/3 hrs. 3 cr.
Designed primarily for Secretarial Science students, this course develops linguistic skills related to writing business letters and legal documents. The first term covers technical vocabulary and mastery of the language through review of grammar.
Open to all students.
Prerequisite: SPN 210 or Departmental approval

SPN 456 Advanced Spanish Composition and Grammar II (Commercial Spanish II)/3 hrs. 3 cr.
A continuation of SPN 455, this course provides intensive practice in linguistic skills involving business letters and legal documents which can be of special value for Secretarial Science bilingual students. Stress is placed on composition.
Open to all students.
Prerequisite: SPN 455 or Departmental approval

SPN 465 Introduction to Hispanic Civilization/3 hrs. 3 cr.
Not offered in 1986-88

SPN 470 Literature and Civilization of the Spanish-American/3 hrs. 3 cr.
The evolution of Spanish-American civilization is studied through literature to enhance understanding of present-day problems and potentialities. Emphasis falls on the relevance of the topography of the regions, the Spanish conquest and colonization, conflicts among cultures and religions of the indigenous peoples. Hispanic settlers, Africans, and recent immigrants; oral and written transmissions of traditions; the struggle for independence; movements for political, social, and economic reforms; the cultural obstacles; the emergence of linguistic distinctiveness and the quest for self-realization are studied. Readings are in Spanish, discussions are in English or Spanish.
Prerequisite: SPN 210 or Departmental approval

SPN 472 Literature, Culture and Civilization of the Greater Antilles/3 hrs. 3 cr.
A survey of the literature, culture and civilization of the Greater Antilles (Cuba, Puerto Rico, Santo Domingo, Haiti and Jamaica), geared to the understanding of their heritage as it is preserved by their languages and their artistic achievements. Readings are mainly in English; class discussions are in English, Spanish or any other modern language.
Prerequisite: SPN 210 equivalent and/or Departmental approval
MUSIC AND ART

Chairperson: Laurence Wilson
Deputy Chairperson: Rochelle Weinstein
Professors: Leonard Goines, Eugene W. Hancock, Anthony J. Sorce, Laurence Wilson
Associate Professors: Howard A. Roberts, Jerrold W. Schoenblum, Rochelle Weinstein
Assistant Professor: Douglas K. Anderson
College Laboratory Technician: Gladys Washburn

Adjunct Faculty: There are approximately 19 adjuncts in the Department.

Courses in music and art are designed to provide a broad exposure to the fine and performing arts, art history and music literature. Students develop an awareness of the beauty of music and art and their meanings. They also learn to enjoy and participate as spectators and viewers or as trained amateurs and professionals. Two credits of art or music are required of most matriculated students. For this requirement, students may choose any of the courses offered in the Music and Art Department. The curriculum for the concentration in Art is on pages 26-27, the curriculum for the concentration in Music is on page 27.

Music

MUS 110 Music I: Introduction to Music/2 hrs. 2 cr.
The ability to listen to music intelligently and to recognize specific styles, forms and idioms are developed in this course. Consideration is given to musical aspects of the historical eras from the early Christian period to the present. Students are required to attend concerts and do assigned reading and listening.

MUS 112 Music Theory I: Fundamentals of Music Theory/3 hrs. 2 cr.
This course reviews intervals, chord structures, scales/key and beginning voice leading.

MUS 113 Musicianship 1
MUS 213 Musicianship II/2 hrs. 1 cr. (per term)
Sight singing, ear training, rhythmic reading and dictation are coordinated with MUS 112 and MUS 212.

MUS 115 Music and Physical Movement/2 hrs. 2 cr.
This course is designed to introduce students to the relationships between music and physical movement with special emphasis being placed on rhythm as it relates to music and movement in dance. In addition, the study of rhythmic notation, musical forms and the preparation of original rhythmic scores are included.

MUS 120 Woodwind Class/2 hrs. 1 cr.
Students learn to play the clarinet or other woodwind instruments. Attention is given to methods of group instruction used in the public schools.

MUS 130 Brasswind Class/2 hrs. 1 cr.
Students learn to play a brass instrument. Attention is given to methods of group instruction used in the public schools.

MUS 140 Piano Class I
MUS 150 Piano Class II/2 hrs. 1 cr. (per term)
Designed for study of the piano as secondary instrument, the course includes acquaintance with the keyboard, scales, chords, sight reading, transposition and elementary piano repertoire.

MUS 160 Voice Class I
MUS 170 Voice Class II/2 hrs. 1 cr. (per term)
This course introduces voice students to the basic principles of voice production and prepares prospective teachers for proper handling of young voices. The fundamentals of correct voice production are studied, including breathing, breath control, and elementary study of vowel sounds and consonants. Elementary songs, poise, posture and stage presence are presented from the point of view of the student's own voice to prepare him/her to teach voice classes.

MUS 180 Guitar Class I
MUS 190 Guitar Class II/2 hrs. 1 cr. (per term)
The first term teaches students to play folk songs in the keys of C and G major. In the second term, strums, rhythms and fundamental chords in all keys are presented. The course includes modern choral accompaniments for simple popular, rock and jazz songs played in classroom, camp and playground. Students must supply their own instruments.

MUS 212 Music Theory II: Elementary Harmony/3 hrs. 2 cr.
Part-writing, using triads and diatonic seventh chords, with inversions and non-harmonic tones. The course includes study of short musical forms, analysis and composition of short examples.

MUS 220 Music in World Culture/2 hrs. 2 cr.
This course is designed to encourage critical listening by bringing the student into direct contact with music of Western and non-Western cul-
tures. It stresses the elements of music—rhythm, melody, harmony, texture, tone, color—by studying and analyzing their juxtapositions, and their total effect on musical forms and styles of the world. Musical illustrations are analyzed not only in musical terms but in relation to important historical, geographical and ethnological factors.

MUS 230 Afro-American Music/2 hrs. 2 cr.
This course covers the history of Black music in the United States from slavery to the present, including a thorough investigation of African backgrounds of the music of slavery, the blues, jazz, gospel, rhythm and blues, as well as Black music in Western art forms. Extensive listening and attendance at live musical performances are required.

MUS 240 Piano Class III
MUS 250 Piano Class IV/2 hrs. 1 cr. (per term)
Continuation of MUS 140 and MUS 150.

MUS 301 Jazz Performance Workshop I
MUS 302 Jazz Performance Workshop II/2 hrs. 1 cr. (per term)
This course is designed to familiarize the student, through performance, with small group and big band jazz techniques. These include improvisational concepts, chord progressions, interpretation, conception, phrasing, harmonic awareness, dynamic sensitivity, rhythmic and melodic development, and phrase construction.

MUS 303 Jazz Performance Workshop III
MUS 304 Jazz Performance Workshop IV/2 hrs. 1 cr. (per term)
Continuation of MUS 301 and MUS 302.

MUS 305 Orchestral Performance I
MUS 306 Orchestral Performance II/3 hrs. 1 cr. (per term)
The course includes the study and preparation of representative works of the standard, contemporary, and musical theatre orchestral literature. Students perform at concerts, college ceremonies and musical theatre presentations.
Prerequisite: Audition only

MUS 307 Orchestral Performance III
MUS 308 Orchestral Performance IV/3 hrs. 1 cr. (per term)
Continuation of MUS 305 and MUS 306.

MUS 310 Fundamentals of Music/2 hrs. 1 cr.
A preparatory course in rudiments designed for the layman. A study of notation, rhythm, scales and keys, intervals and chord structures.

MUS 312 Music Theory III: Advanced Harmony
MUS 412 Music Theory IV: Advanced Harmony/3 hrs. 2 cr. (per term)
Chromatic harmony, including altered chords, secondary dominants, the dominant ninth and dominant thirteenth, modulation, analysis and short original compositions are studied.
Prerequisite: MUS 212 or Departmental approval

MUS 313 Musicianship III
MUS 413 Musicianship IV/2 hrs. 1 cr. (per term)
Continuation of MUS 113 and MUS 213.

MUS 351 Arranging/2 hrs. 2 cr.
Beginning with fundamentals and continuing through large ensemble arranging, the course includes composing for various ensemble combinations. Contemporary techniques such as those of Stockhausen, Ornette Coleman, Penderecki, Persichetti, etc., are explored.
Prerequisite: MUS 212 or Departmental approval

MUS 352 Arranging II/2 hrs. 2 cr.
Continuation of MUS 351
Not offered in 86-87

MUS 410 Chorus I
MUS 420 Chorus II/2 hrs. 1 cr. (per term)
Students are involved in the performance of standard and contemporary choral literature for mixed voices. In addition to choral training, the course includes performances at concerts, college ceremonies and functions.

MUS 430 Chorus III
MUS 440 Chorus IV/2 hrs. 1 cr. (per term)
Continuation of MUS 410 and MUS 420

MUS 510 Instrumental Ensemble I
MUS 520 Instrumental Ensemble II/2 hrs. 1 cr. (per term)
The instrumental ensemble is designed to develop the performance capability and technique of students who play a musical instrument. The repertoire is selected both for personal development and for public performances at college functions and concerts.

MUS 530 Instrumental Ensemble III
MUS 540 Instrumental Ensemble IV/2 hrs. 1 cr. (per term)
Continuation of MUS 510 and MUS 520.

MUS 611-648 Private Instruction/ 1/2 hr. 1 cr. each
Beginning with scales and arpeggios. Study of standard repertoire with emphasis on stylistic interpretation. Development of sight-reading skills.

continued on next page
Music and Art (cont’d.)

(Private instruction is restricted to students who are concentrating in Music-Performing Arts. Entry into the program must be approved by the chairperson following an audition.)

MUS 881 Puerto Rican Music/2 hrs. 2 cr.
Same as PRN 141 (for description, see page 50)

Art

ART 105 Color and Design/4 hrs. 2 cr.
This course introduces students to basic color and compositional theories. Problems will be derived from these theories to give students a sound grasp of the use of color and design. In addition to being introduced to color compositional theories, students will become involved with color problems which demand the creative application of the principles of organization.

ART 110 Art Survey I/2 hrs. 2 cr.
This introduction to art principles and terms includes the study of the plastic arts: nature, content and form. The meaning of illusion and abstraction, style and the changing concept of reality in art throughout history are explored. Selected paintings, sculpture and architecture are examined.

ART 120 Art Survey II/2 hrs. 2 cr.
Not offered in 1986-88

ART 164 Life Drawing/2 hrs. 2 cr.
Students are introduced to various drawing media and techniques. Rendering problems dealing with gesture, action, proportion, form and anatomical structure are pursued. Charcoal, pencil, conte crayon, ink and wash, marking pen and various papers (cold and hot press, rice, newsprint and prepared surfaces) are used. Selected readings and attendance to drawing shows in museums and galleries are required.

ART 171 Introduction to Painting/2 hrs. 2 cr.
This course is designed to have the beginning student explore painting techniques, with an introduction to the use of various media. Strong emphasis is placed on formal concerns (figure and object).

Prerequisite: ART 301 or permission of Department

ART 181 Introduction to Sculpture/2 hrs. 2 cr.
During this course, the special relationship between sculptural and architectural form is discussed. Clay, wire, plaster, stone, metals, plastics and mixed media are used in construction as a means of expression and in solving design problems.

Prerequisite: ART 230 or Departmental approval

ART 210 Modern Art/2 hrs. 2 cr.
An analysis is made by exploring the use of the visual elements in modern art. The major movements are discussed in relation to the individual artist’s expression in terms of changing historical, social and cultural periods.

ART 214 Advertising Design I/2 hrs. 2 cr.
This course is an introduction to advertising, visual communication, layout, merchandising and research problems, letter forms and typography. It is directed toward creative and imaginative problem solving. The student learns how to use thumbnail sketches, indication and comprehensive layout for individual advertisements, as well as complete campaign planning for space, television media and direct mail. Trademarks, letterheads and packaging are also covered. The course provides a broad overview of advertising design.

Prerequisite: ART 105

ART 230 Design I: Introduction to Painting and Drawing Techniques/2 hrs. 2 cr.
For the beginning student, critical and artistic ability are developed by executing problems of two-dimensional design such as color relationships, composition, pattern, line, shape and texture. Emphasis is placed on exploring aspects of design and technique as they apply to the student’s work.

ART 234 Photography I/2 hrs. 2 cr.
This is a basic course dealing with the use of the camera, lenses, light meters, exposure methods and related processing systems. Sessions in basic theory, laboratory procedures, developing methods, printing control equipment operation and care are conducted. Students explore problems dealing with both natural and studio lighting. Field trips are taken to photographic studios, advertising agencies and photographic exhibitions.

ART 240 Design II: Introduction to Basic Sculptural Problems/2 hrs. 2 cr.
This course is concerned with three-dimensional design problems and is geared to the advanced student who wishes to expand his/her knowledge of formal problems concerned with mass, volume and shape in a variety of materials.

Prerequisite: ART 230

ART 271 Painting I/4 hrs. 2 cr.
This course is an intermediate study of painting techniques during which students work in mixed media. Strong emphasis is placed on formal concerns (figure and object).

Prerequisite: ART 171
ART 281 Sculpture 1/4 hrs. 2 cr.
This course, geared toward individual study, is an extension of ART 181. The use of materials for specific creative expression of the sculptor: modeling, carving, and metal working are explored.
Prerequisite: ART 181

ART 301 Drawing I/2 hrs. 2 cr.
This course covers basic drawing problems aimed at the achievement of manual skills in freehand drawing, drawing from nature, objects, and conceptual drawings.

ART 302 Drawing II/2 hrs. 2 cr.
An extension of ART 301, this course places emphasis on the human figure, with concentrated attention on formal concerns of design and composition.
Prerequisite: ART 301

ART 314 Advertising Design II/2 hrs. 2 cr.
This course focuses on advanced problems in advertising for print. The refinement of skills will be emphasized for making comprehensive layouts. Selected studio problems in space advertisement, annual reports, posters, book jackets and record albums are presented.
Prerequisite: ART 214

ART 371 Painting II/4 hrs. 2 cr.
This course is geared toward individual study and the concerns of an advanced painting and drawing student.
Prerequisite: ART 271

ART 381 Sculpture II/4 hrs. 2 cr.
This course is geared toward individual study and the concerns of the advanced sculpture student.
Prerequisite: ART 281

ART 801 African Art/2 hrs. 2 cr.
Same as BLK 101 (for description, see page 48)

NURSING

Chairperson: Wilhelmina B. Glanville
Deputy Chairpersons: Mattie C. Collins, Sylvia Corliss
Professors: Mattie C. Collins, Sylvia Corliss, Wilhelmina B. Glanville, Bobbie Harrison, Yvette Nazaire, Martha A. Small
Associate Professors: Avor Cave, Elva M. Christy, Veronica E. Coleman, Mary G. Coward, Catherine T. Gallagher, Elizabeth Merrill Varcarolis, Aubrey T. Robinson, Ernestine F. Willis
Assistant Professors: Ethel B. Dawry, Gem Natividad-Chema, Harriet L. Swoopes, Barbara Tacinelli, Betty West
College Laboratory Technicians: Miquel Cervantes, Loretta Chisolm, Miriam Perez
Adjunct Faculty: There are approximately 17 adjuncts in the Department.
The Nursing Department offers courses that educate men and women to become competent nurses—serving the individual, the family and the community. The curriculum emphasizes respect for cultural diversity, patient/client rights, and the function of an associate degree nurse as a member of the health care team.
The College is affiliated with a number of health care facilities in order to provide clinical experiences for Nursing students. The facilities are: Bellevue Hospital Center, Cabrini Medical Center, City Hospital at Elmhurst, Gouverneur Skilled Nursing Facility, Harlem Hospital Center, Jewish Home & Hospital for the Aged and Manhattan Veterans Administration Hospital Medical Center.
To enhance students' understanding of the nursing care of children, the College is affiliated with the following day care centers: Hope Day Nursery, Inc., Mt. Calvary Child Care Center, Inc., Mt. Morris Children's Center, Salem Day Care Center and Upper Manhattan Day Care and Child Development, Inc.
NUR 110 Fundamentals of Patient Care/3 hrs. 9 lab hrs. 6 cr.
An introduction to the bio-psycho-social and cultural factors that influence the nursing care of any patient/client who needs minimum assistance in the maintenance of health. Concepts and principles are

continued on next page
NUR 210 Medical-Surgical Nursing/4 hrs. 12 lab hrs. 8 cr.
The development of fundamental nursing knowledge and techniques is continued. Major emphasis is placed upon common recurring health problems. Psycho-social nursing techniques are introduced as they relate to the care of the patient/client with selected health problems. Clinical practice in the hospital is provided.
Prerequisites: NUR 110, BIO 425, ENG 201
Corequisites: BIO 426, SPE 100

NUR 311 Maternal and Newborn Care/4 hrs. 12 lab hrs. 4 cr. (7 weeks)
This course focuses on the role of the nurse in the care of the childbearing family during the antepartal, intrapartal, and the postpartal phases of the maternity cycle, as well as the immediate care of the normal newborn and premature infant.
Prerequisite: All previous requisites
Corequisites: BIO 420, PSY 400

NUR 312 Nursing Care of Children/4 hrs. 12 lab hrs. 4 cr. (7 weeks)
This course focuses on the child’s physical, social and emotional reaction to illness, the nurse’s role in providing support to the child and the members of his/her family constellation during periods of stress. Emphasis is placed upon differences between each phase of growth and development, trends in care and measures utilized to promote a healthy childhood and adolescence.
Prerequisite: All previous requisites
Corequisites: BIO 420, PSY 400

NUR 410 Comprehensive Nursing Care/4 hrs. 12 lab hrs. 8 cr.
This continuation of NUR 210 places emphasis on selected medical-surgical nursing problems and introduces the student to the care of patients/clients with severe psychiatric disorders. Clinical experiences are provided in general and psychiatric hospital settings and in related community agencies.
Prerequisites: All previous requisites
Corequisites: NUR 415, Physical Education and Elective

NUR 415 Nursing Today and Tomorrow/1 hr. 1 cr.
This course includes the discussion of the legal rights and responsibilities of the professional nurse, current trends in employment and education, as well as changes in nursing practices.
Restricted to students registered in NUR 410.

NOTE:
- Nursing courses are sequential; Clinical Nursing cannot be completed in less than two (2) years.
- Fourth semester students are required to take the National League for Nursing’s Psychiatric Nursing and Comprehensive Achievement Tests at the end of the semester. Failure to take examinations as scheduled will result in a grade of “Incomplete” (INC).
PHYSICAL EDUCATION, HEALTH, RECREATION AND DANCE

Chairperson: Mayer Rossabi
Deputy Chairpersons: Michael Basile, Richard Packard, Norma VanFelix
Distinguished Professor: Alvin Ailey
Professors: Joseph M. Beerman, Anthony Bria, Thomas J. DeCarlo, Mary G. Jacobs, Howard L. Jones, Mayer Rossabi
Associate Professor: Peter Fazio
Assistant Professors: Philip Belcastro, Barbara A. Solomon, Norma VanFelix, George Vargas
Instructors: Michael Basile, Richard Packard
College Laboratory Technicians: Mari Concordia, Catherine Lange, Harold Solomon
Adjunct Faculty: There are approximately 20 adjuncts in the Department.

The Department offers courses and administers two Liberal Arts concentrations in Dance and Physical Education (see pages 25 and 27). The courses which are offered by the Department compliment the other curricula in developing the "whole" person and focusing on individual health and physical needs.

Physical Education (PED) courses create an appreciation for the value of physical activity and provide an opportunity to learn skills which enrich the lives of the participants. Courses in the PED series, except where indicated, satisfy the Physical Education requirement in various College programs. The Health Education survey course (HED 100) creates an awareness of the components of well-being.

**Health Education**

*Note: The courses listed as HED 215, 220, 225, 230 and 235 do not meet the Health Education requirement.*

HED 100 Health Education/2 hrs. 2 cr.

This introductory course to health education takes a survey approach. It aims to develop attitudes and habits which will promote good physical, mental and social health. Areas of specialization include alcohol, tobacco and narcotics education; mental health; sex education; and family living.

HED 215 Habituation and Addiction and Their Prevention/3 hrs. 3 cr.

This course covers causes of alcoholism and drug abuse. It discusses ways people are introduced to harmful substances, social and personal effects of alcoholism and drug abuse, prevention and rehabilitation techniques.

HED 220 Human Sexuality/3 hrs. 3 cr.

This course deals with the physiological, psychological and social aspects of human sexual development and functions.

HED 225 Health Concerns of Women/3 hrs. 3 cr.

This health course is aimed to be a practical course for students and to affect their lives in a positive way. It provides an opportunity to gain information and insight into the physical, psychological and social aspects of women's health concerns.

HED 230 Consumer Health Survey/3 hrs. 3 cr.

Historical events and contemporary factors affecting the availability, control and monitoring of American Health Care products and services are explored. Such factors include: the private and public financing of health care, public and private monitoring of health care, and the ethical issues of medical care in America. The purpose of the course is not to advocate any particular health care philosophy, product or service, but to provide the student with the skills and factual base for making informed decisions in the health care marketplace.

HED 235 Nutrition for Health/3 hrs. 3 cr.

This course examines what people, advertising and science recommend for our nutritional needs. It tackles subjects such as vitamin supplements, dieting, healthfood, pregnancy and diet, diet foods and the diet industry. The course is designed to help students make informed choices regarding their nutritional needs and goals.

HED 240 First Aid, Safety and Cardio Pulmonary Resuscitation/3 hrs. 3 cr.

Students in this course acquire knowledge essential for safe living, including the causes and prevention of accidents. The student learns the practical skills of first aid and cardio pulmonary resuscitation. Students are eligible for certification providing they meet Red Cross standards.

continued on next page
Physical Education and Dance

PED 100 Physical Education/2 hrs. 1 cr.
This basic physical education course is designed to help students explore and develop their physical potential. Students participate in a variety of recreational sports, providing them with skills that enrich their leisure time.

PED 113 Fencing/2 hrs. 1 cr.
This course concentrates on basic techniques of fencing with a foil. Students are oriented to the foil and the necessary safety procedures to be followed throughout the course. Besides the fencing positions and exercises, general conditioning exercises are essential elements of the course.

PED 114 Golf/2 hrs. 1 cr.
A course designed to introduce students to basic skills and techniques of golf. For beginners and intermediates.

PED 115 Tennis/2 hrs. 1 cr.
The fundamental tennis skills, rules and strategy are developed in this course.

PED 116 Gymnastics/2 hrs. 1 cr.
An introduction to the fundamentals of artistic gymnastics for men and women.

PED 118 Beginning Sking/Hrs. arranged 1 cr.
In this introductory skiing course, students go through an orientation period which includes a discussion of some principles of skiing, equipment and its care, and conditioning for skiing. Concentration is on actual teaching and practice on the slopes working towards intermediate skiing skills. A special equipment charge is required. Students should consult the Department regarding this charge before registering for this course.

Offered during the Intercession and Spring Semesters only.

PED 122 Cycling/2 hrs. 1 cr.
One or two classroom meetings to be used as orientation period to study bicycle repairs, maintenance and safety. A minimum of five one-day trips in the general New York area, progressing in degree of difficulty. Students must be able to ride a bicycle.

PED 124 Introduction to Backpacking and Trail Hiking/2 hrs. 1 cr.
A study of trail equipment, hiking techniques, backpacking skills, safety, map reading—familiarizing students with hiking areas. In addition, the student will gain backpacking experiences in overnight hikes into areas adjacent to New York City and the Catskill Mountains.

PED 131 Self-Defense for Men and Women/2 hrs. 1 cr.
This introductory course in self-defense techniques places emphasis on escaping from various holds and chokes, and on practicing counterattacks.

PED 132 Karate/2 hrs. 1 cr.
A beginning course in which students learn to deliver the basic punches, blocks, strikes and kicks from the stances most often used in karate. After some weeks, these karate movements are employed in the first steps of sparring. Although the course begins slowly with emphasis on learning technique, it becomes fairly strenuous as students become more proficient. Therefore, it is expected that students also set aside some time for additional practice at home. Traditional karate discipline is maintained during class.

PED 140 Adapted Activities/2 hrs. 1 cr.
Not Offered in 1986-88

PED 141 Conditioning and Slimnastics/2 hrs. 1 cr.
This course provides students with basic knowledge of nutrition and metabolism to enable them to correct faulty diet patterns. Emphasis is placed on helping students establish a foundation for lifelong weight control and better health through the use of body conditioning exercises and a planned program of weight reduction. Social support plays a vital role in helping individuals achieve the desired goal.

PED 142 Aerobics/2 hrs. 1 cr.
A movement class, consisting of warm-ups and different dance routines, emphasizes continuous motion. There is no specific proficiency level and students progress at their own rate.

PED 143 Progressive Resistive Exercise/2 hrs. 1 cr.
A beginner course in progressive exercise designed to acquaint the student with the fundamental principles and techniques of weight training.

PED 145 Yoga/2 hrs. 1 cr.
Through these special exercises, students learn how to breathe properly, improve circulation and appearance, relax and tone muscles—accomplished by deep concentration of thought and action.

PED 150 Posture, Relaxation and Movement/2 hrs. 1 cr.
Tension and poor posture habits interfere with the efficiency and ease of movement. This course aims to explain the theory behind good body alignment and to utilize specific exercises to relieve unnecessary body tension. Basic dance steps and movement patterns are practiced accordingly.
PED 151 Social Dancing/2 hrs. 1 cr.
A unit of study to present basic steps and variations in the Fox Trot, Rumba, Cha-Cha-Cha, Tango, Lindy, Waltz, Touch Hustles and Free Dance Disco.

PED 152 Square and Folk Dance/2 hrs. 1 cr.
This course is designed to develop basic skills in American square and round dances and in selected folk dances of various countries. The emphasis is on practice and participation at a recreational level.

PED 153 Modern Dance I/2 hrs. 1 cr.
During this course, students are introduced to modern dancing techniques, including improvisation.

PED 154 Jazz Dance/2 hrs. 1 cr.
This course is designed to introduce students to an indigenous American art form—jazz dance. Basic technique and stylistic considerations are explored.

PED 155 Introduction to Dance/3 hrs. 1 cr.
This is the basic dance course for all students. It stresses the skills underlying the safe execution of all dance techniques (e.g., alignment, weight shifts, walks, jumps, skips) and offers an introduction to three specific dance techniques: ballet, modern and African. There is a special section for those concentrating in Dance.

PED 156 Ballet I/2 hrs. 1 cr.
This first level course will introduce barre and center work in traditional classical ballet style, following the Cecchetti curriculum. Stamina, basic skills and appreciation of ballet aesthetics are gained as well as stretch, strength and control.

PED 190 Fundamentals of Swimming I/2 hrs. 1 cr.
This course is designed for students who cannot swim at least 30 feet in shallow water. It concentrates on psychological and physical adaptation to the water, development of fundamental strokes, elementary water entries, elementary forms of rescue and basic safety procedures in aquatic activities.

PED 191 Fundamentals of Swimming II/2 hrs. 1 cr.
This course is designed for those students who can swim at least 30 feet on front and back but not efficiently. The course is a follow-up to PED 190 with further development of fundamental strokes, elementary water entries and basic safety procedures in aquatic activities.
Prerequisite: PED 190 or pass swim placement test

PED 192 Intermediate Swimming/2 hrs. 1 cr.
In this course a wide array of basic swimming skills, especially the basic leg and arm strokes, are developed. Emphasis is placed on improvement of the crawl, side and breast strokes.
Prerequisite: PED 191 or pass swim placement test

PED 193 Advanced Swimming/2 hrs. 1 cr.
This course is designed for the good swimmer and is a follow-up to PED 192. The basic strokes of crawl, side, breast and elementary backstroke will be taught with an emphasis on endurance swimming.
Prerequisite: PED 192 or Departmental approval

PED 197 Synchronized Swimming/2 hrs. 1 cr.
This course is designed for the more experienced swimmer. Emphasis is placed on individual and group stunts, numerous water entries, adapting and combining the various swimming strokes performed in unison and to music.
Prerequisite: PED 192 or Departmental approval

PED 253 Modern Dance II/3 hrs. 2 cr.
This course explores modern dance techniques stemming from the schools of Martha Graham, Merce Cunningham and Hanya Holm. It explores compositional problems in dance and relates these principles in the visual arts and music. Field trips are made to museums and concerts.
Prerequisite: PED 153 or Departmental approval
Does not meet Physical Education requirement

PED 255 Afro-American and Caribbean Dance/3 hrs. 2 cr.
This course will explore in depth material from African tribal dances, Caribbean dances, and various Afro-American techniques. The influences of these areas of movement on American dance as an art form are explored.
Prerequisite: PED 801 or Departmental approval
Does not meet Physical Education requirement

PED 256 Ballet II/3 hrs. 2 cr.
This course is a continuation of PED 156. It repeats the material of PED 156 as part of the basic training with the addition of new exercises to develop the body further by more complicated demands on strength, speed and coordination within the framework of the ballet vocabulary.
Prerequisite: PED 156 or Departmental approval
Does not meet Physical Education requirement

PED 265 Improvisation/2 hrs. 1 cr.
This course is designed to guide and encourage the student to find movement and to create with it. Each class session involves the solution of a movement problem based on body parts, weight, space, time and rhythm.
Prerequisite: PED 155 or Departmental approval

continued on next page
PED 266 Dance Composition/3 hrs. 2 cr.
Students choreograph and rehearse their own dances and work as performers in the dances of fellow students. Self reliance and leadership are stressed.
Prerequisite: PED 265 or Departmental approval
This course does not meet the Physical Education elective requirement for any curricula.

PED 267 Dance Performance/4 hrs. 2 cr.
A course to teach production and performance skills. Students learn a dance from the choreographer and perform it at a workshop concert which they produce themselves.
Prerequisite: Departmental approval

PED 295 Advanced Life Saving/2 hrs. 1 cr.
In this course, designed to develop personal water safety skills and knowledge, students learn the elementary forms of rescue, use of basic rescue equipment and swimming rescues. American Red Cross (ARC) certificates are issued to those who meet ARC standards.
Prerequisite: Successful completion of PED 192 or pass swim placement test and be at least 15 years of age. Ability to swim 500 yards continuously (125 yards: front crawl, side, elementary back and breast strokes).

PED 360 Survey of 20th Century Dance/3 hrs. 3 cr.
This is a survey of the developments in dance as a performing art during the 20th century — its period of greatest development. By means of films, tapes and slides, the class explores the relationship of this art form to the social and political changes taking place and the changes in the other arts. Among the areas covered are ballet, jazz, musical comedy and modern.

PED 395 Water Safety Instructor/3 hrs. 2 cr.
This course is designed for the expert swimmer who would like to teach. It includes lectures on such topics as teaching methodology, program organization and pool management as well as practice teaching. After successful completion of this course, candidates are qualified to teach and to issue Red Cross certificates in Swimming and Advanced Life Saving series.
Prerequisites: PED 295 or Departmental approval. Must possess current American Red Cross Advanced Life Saving certificate and be 17 years of age.

PED 802 Introduction to Afro-American and Caribbean Dance/2 hrs. 1 cr.
Same as BPR 102 (see page 49)
This course concentrates on elementary dance of the West Indian, Puerto Rican and African American cultures. Students are expected to learn basic Dunham Technique as well as regional folk dances such as: Samba, Calypso, Funga and Gao. By learning these dances, students better understand the movement similarities between cultures.
SCIENCE

Chairperson: Charles Kosky

Deputy Chairpersons: Herbert Ringel, Ronald Slavin

Associate Professors: Richard J. Brower, Charles Goldberg, Philip Penner, Ronald J. Slavin, David R. Waldman

Senior Laboratory Technicians: Robert J. Bauer, Alba N. Carson, Alton W. Johnson

College Laboratory Technician: Myrna Kilkenny

Adjunct Faculty: There are approximately 30 adjuncts in the Department.

The courses offered by the Science Department are designed to meet the needs of students with specific interests in science and career goals in this field. The courses introduce students to the study of fundamental scientific laws and theories and provide knowledge, basic skills and an appreciation of science as a human enterprise.

Astronomy

AST 110 General Astronomy/3 hrs. 2 lab hrs. 4 cr.

This course introduces students to the world beyond the earth. The methods of astronomy and our knowledge of the structure of the universe are presented as an ongoing human endeavor that has helped shape modern man as he/she takes his/her first steps into space.

Biology

BIO 110 General Biology/3 hrs. 2 lab hrs. 4 cr.

The basic cellular structure, tissue organization, physiological processes, reproduction and genetics are studied. Special attention is given to selected zoological specimens with particular emphasis upon man.

BIO 210 Biology I

BIO 220 Biology II/3 hrs. 3 lab hrs. 4 cr. (per term)

This two-semester course acquaints students with the basic properties of living systems: metabolism, growth, responsiveness and reproduction at the cellular and organism levels as illustrated by assorted plants and animals.

Two terms required

BIO 420 Microbiology/3 hrs. 2 lab hrs. 4 cr.

Micro-organisms pathogenic to humans: their characteristics, pathogenicity and modes of transmission are studied. Instruction includes a study of the sterile technique and maintenance of the sterile field. Required in selected programs in the Health Sciences; available to other students through Departmental approval.

BIO 425 Anatomy and Physiology I

BIO 426 Anatomy and Physiology II/3 hrs. 2 lab hrs. 4 cr. (per term)

A two-semester course that includes introductory work in chemistry, physics and biology. Students explore the human body as an integrated, functional complex of systems. Terminology, structure and function of each organ-system, with emphasis on their interrelationships, are explained. Required of students in the Health Service Technologies; available to all other students for elective credit.

Two terms required

Chemistry

CHE 110 General Chemistry/3 hrs. 2 lab hrs. 4 cr.

This course is designed specifically for the non-science major. It explores the world of atoms and molecules and relates this submicroscopic world to the daily life of the student. Topics to be discussed include plastics, foods, the environment, genetics and drugs.

CHE 118 Fundamentals of Chemistry/3 hrs. 2 lab hrs. 4 cr.

A one-semester course designed especially to meet the needs of students in the Health Technology Programs. Topics include modern atomic theory and an introduction to the molecular basis of matter through the study of chemical principles and reactions. Lecture and laboratory are integrally related.

CHE 120 Fundamentals of Organic Chemistry/3 hrs. 2 lab hrs. 4 cr.

An introduction to the chemistry of carbon compounds. The lecture emphasizes structure and bonding, reaction mechanisms, synthesis, stereochemistry and applications to biochemistry. The laboratory experi-

continued on next page
ments illustrate the lecture topics.
Prerequisite: CHE 110, CHE 118 or CHE 210

CHE 210 Chemistry I
CHE 220 Chemistry II/3 hrs. 3 lab hrs. 4 cr. (per term)
This two-semester course involves the study of the central concepts and
basic principles of chemistry, including atomic and molecular theo-
ries, the relation of structure to chemical behavior, and the chemistry
of the important elements and their compounds. Laboratory work in-
cludes some qualitative measurements, qualitative inorganic analysis
and other solutions of simple laboratory problems.
Two terms required

CHE 230 Organic Chemistry I
CHE 240 Organic Chemistry II/3 hrs. 4 lab hrs. 5 cr.
(per term)
This two-semester course sequence is the study of the structure and
properties of the fundamental classes of organic compounds with em-
phasis on reactivity, reaction mechanisms, stereochemistry, electronic
theory and applications to allied fields.
Two terms required

Physics

PHY 110 General Physics/3 hrs. 2 lab hrs. 4 cr.
This course serves as an introduction to Physics, especially for stu-
dents who are not science-oriented. A selected number of basic physi-
cal ideas are carefully examined and interpreted non-mathematically.
The relevance of the scientist and his/her work to the lives of
non-scientists is continually examined.

PHY 210 Physics I
PHY 220 Physics II/4 hrs. 2 lab hrs. 4 cr. (per term)
This classroom and laboratory two-semester course includes the study
of concepts and principles of physics in the areas of mechanics, heat
and thermodynamics, sound, electricity and magnetism, light, and
atomic physics plus an introduction to quantum physics and relativity
theory. Algebra and simple trigonometry are used.
Two terms required

PHY 400 The Physics of Music/3 hrs. 2 lab hrs. 4 cr.
This course is designed to give the music student a fundamentally qual-
itative understanding of all the physical processes associated with the
production, reproduction and perception of musical sounds.
This course is required for Music majors and is available to all other
students for elective credit.

Science

SCI 100 General Science/3 hrs. 1 lab hr. 3 cr.
The study of science is accomplished through an analysis of basic con-
ceptual problems in the physical and life sciences. Emphasis is placed
upon the interrelations of the natural sciences and other branches of
knowledge through discussions, field trips, lectures, demonstrations.
and laboratory exercises.

SCI 120 Computer Methods in Science/3 hrs. 2 lab hrs.
4 cr.
This course teaches a computer language and emphasizes applications
of programming methods for the sciences and engineering. Numerical
methods will be applied to examples gleaned from physics, chemistry,
biology and engineering.

SCI 150 Nutrition/3 hrs. 3 cr.
An introduction to the fundamental principles of human nutrition. The
nutrient composition of various foods are examined as well as the man-
ner in which the nutrients are metabolized and used by the human
body.
Prerequisite: One semester of science or Departmental approval

SCI 200 Consumer Science/3 hrs. 3 cr.
The purpose of this course is to enable the non-science student to com-
prehend those scientific points necessary to become an informed con-
sumer. The following topics are included: foods, food additives, how to
interpret an ingredient statement, calories and vitamins; how to under-
stand and check your gas and electric bills; automobiles and their com-
ponents; cosmetics, over-the-counter and prescription drugs; electrical
appliances; soaps and detergents; plastics, and air-conditioning and
heating systems.
This course is offered as an elective in all curricula.

SCI 410 Man and Environment/3 hrs. 3 cr.
This course is a study of the interaction of man and his environment.
Topics examined include ecology, air and water pollution, pesticides,
radioactivity, power generation, noise pollution, waste disposal, popu-
lation control, food additives and food contamination.
This course is offered as an elective in all curricula.
Prerequisite: One semester of any science

SCI 430 Scientific Instrumentation/2 hrs. 4 lab hrs. 4 cr.
The course covers the theory and practice and quantitative methods
with special attention to instrumentation currently employed such as
optical, electro-chemical, chromatographic and radio-chemical tech-
niques. The physicochemical theory and operating characteristics of
the instrumentation are stressed. The laboratory emphasizes measurements of biological and environmental significance.

Prerequisite: 1 year of laboratory science or Departmental approval

SCI 530 Pharmacology/3 hrs. 3 cr.
Fundamental principles and concepts in pharmacology are considered. Particular attention is given to drug action and interaction and to the effects of drugs and toxic substances in the human organism.

Required in selected programs in Allied Health Sciences; available to all other students for elective credit.

It is recommended that students complete MRT 103, Medical Terminology (see page 42) before registering for this course.
SECRETARIAL SCIENCE

Chairperson: Charlotte M. Bishop
Deputy Chairperson: Barbara Ann Eason
Professors: Susan Amerling, Violet B. Drexler, Marie Heinz, Gladiola C. Peerman, Anna E. Porter, Gloria C. Taylor
Associate Professors: Maria Arnatia, Ilia Beards, Charlotte M. Bishop, Barbara Ann Eason, Diana Kern, Donna Santo
Assistant Professors: Etta Kutner
Instructor: Carol Mack Torres
College Laboratory Technician: Iona Samuels
Adjunct Professors: There are approximately two adjuncts in the Department.

The Department offers a comprehensive program consisting of four concentrations (see pages 34-37). In addition, the Department prepares students for positions as secretaries in business, law, accounting, education and government offices. Students who successfully complete their secretarial studies at BMCC are guaranteed admission to one of the CUNY senior colleges.

SEC 100 Stenography I: Theory — Gregg

or

SEC 111 Stenography I: Theory — Pitman/5 hrs. 3 cr.

This course is an introduction for students who have not previously studied shorthand. It includes an intensive presentation of shorthand theory. At the conclusion of the semester, students are expected to take dictation at 40-60 words per minute.

Note: Students without high school shorthand are taught the Gregg system of stenography. Students who have studied Gregg or Pitman stenography in high school continue in the system in which they began.

SEC 110 Typewriting I/5 hrs. 2 cr.

In this basic typewriting course, the keyboard is presented and speed practice is developed to a speed of 35-40 words per minute. Students learn production of various styles of letters and simple business forms.

Open only to Secretarial Science students

SEC 175 Secretarial Correspondence/4 hrs. 3 cr.

Secretarial Correspondence deals specially with planning, organizing, and composing business letters, memoranda and written reports. This area of study is a vital part of secretarial training.

Prerequisite: SEC 110 or equivalent

SEC 200 Stenography II: Pre-Transcription — Gregg

or

SEC 201 Stenography II: Pre-Transcription — Pitman/5 hrs. 3 cr.

The basic theory of shorthand is reviewed and strengthened. Major emphasis is on the integration of necessary language arts into transcription dictation. At the end of the semester, students are expected to take dictation at 50-70 words per minute.

Prerequisites: SEC 100/111 or equivalent; SEC 110 or equivalent

SEC 209 Medical Transcription/4 hrs. 3 cr.

This course is designed to develop Medical Record Technology students' competency in preparing typed medical documentation from copy or using a transcribing unit. The student learns the ethical and legal aspects of medical transcription and the role of the medical transcriptionist.

Prerequisites: MRT 102 and MRT 103 (see page 42)

SEC 210 Typewriting II/5 hrs. 2 cr.

Speed practice is continued in order to achieve a goal of 45-50 words per minute during the semester. Emphasis is placed on letter forms, tabulations, more advanced business forms, stencils and other duplicating masters. Where possible, typing is correlated with shorthand.

Prerequisite: SEC 110 or equivalent

SEC 220 Stenography III: Introduction to Transcription—Gregg

or

SEC 221 Stenography III: Introduction to Transcription — Pitman/5 hrs. 3 cr.

The correlation between stenographic and typewriting training is developed. Training in the following is included: use of carbon copies, proofreading, collating, effecting corrections, continued strengthening of mechanics of language, spelling, grammar and punctuation. At the conclusion of the semester, students are expected to take dictation at 70-90 words per minute.

Prerequisites: SEC 200/201 and SEC 210 or Departmental approval
SEC 306 Executive Typing 1/2 hrs. 1 cr.
Advanced office typing skills are emphasized. Timed production of business correspondence, reports and tabulated materials are developed. At the end of the semester, students are expected to achieve a speed of 50-60 words per minute.
Prerequisite: SEC 210

SEC 309 Advanced Medical Transcription/4 hrs. 3 cr.
This course is designed to familiarize the student with various types of dictated medical reports. The student is required to transcribe a variety of reports corresponding with previous and concurrent knowledge of medical terminology and anatomy and physiology. The student learns about the implementation of a Word Processing system in the Medical Record Technology Program.
Prerequisites: MRT 202 and MRT 203 (See page 42)

SEC 310 Legal Vocabulary I — Gregg
or
SEC 311 Legal Vocabulary I — Pitman/3 hrs. 3 cr.
Designed to introduce students to the language of the law, this course stresses English, spelling, definition of terms, shorthand rendition, and the most common legal Latin terms. Dictation of legal materials and transcription are included.
Corequisites: SEC 326, SEC 390/391
Prerequisites: Bus 110, SEC 200/201, SEC 210, SEC 220/221
Offered Fall Semester

SEC 326 Legal Typing 1/2 hrs. 1 cr.
Students receive practice in typing legal documents used in litigation and non-litigation, including straight copy work on pleadings, affidavits and notices. Production typing is stressed. At the end of the semester, students are expected to achieve a speed of 50-60 words per minute.
Corequisites: SEC 310/311, SEC 390/391
Prerequisite: SEC 210
Offered Fall Semester

SEC 346 Bilingual Typing 1/2 hrs. 1 cr.
Not offered in 1986-88

SEC 350 School Records and Accounts/2 hrs. 2 cr.
This course is required for the examination for School Secretary, Board of Education, City of New York. The objectives of the course are to develop a functional understanding of school records and accounts in common practice in the New York City elementary schools, and to present problems associated with administration of the elementary school.

SEC 360 Educational Problems of the School Secretary 1/2 hrs. 2 cr.
Required for School Secretary License, this course includes study of educational developments in the United States and basic educational organization and supervision.

SEC 370 Transcription I — Gregg
or
SEC 371 Transcription I — Pitman/6 hrs. 3 cr.
This course emphasizes the development of specialized business vocabulary, speed and transcription skills. At the conclusion of the semester, students are expected to take dictation at 90-110 words per minute.
Prerequisite: SEC 220/221 or Departmental approval

SEC 376 Word Processing 1/3 hrs. 3 cr.
This course is designed to teach students how to produce mailable copy from dictation transcription equipment on electronic typewriters. Students receive hands-on training on one type of word processing system: stand alone or shared logic. The input, central processing unit and output parts of the system are taught.
Prerequisite: SEC 110, SEC 175, SEC 210

SEC 380 Bilingual Stenography I — Gregg
or
SEC 381 Bilingual Stenography I — Pitman/6 hrs. 3 cr.
Not offered in 1986-88

SEC 390 Legal Transcription I — Gregg
or
SEC 391 Legal Transcription I — Pitman/6 hrs. 3 cr.
This basic course is designed to prepare students for the exacting work required in a legal office. It includes practice in the preparation of legal letters, records, and diary as well as other documents required in litigation. At the conclusion of the semester, students are expected to take dictation at 90-110 words per minute.
Corequisites: SEC 310/311, SEC 326
Prerequisite: SEC 220/221 or Departmental approval
Offered Fall Semester

SEC 406 Executive Typing II/2 hrs. 1 cr.
This course emphasizes a functional understanding of typing requirements of the professional secretary in the business office. There is continued emphasis on production of manuscripts and reports, preparation of final copy from rough drafts, typing financial statements, simple and complex letters, and forms used in industry. The subject matter requires initiative and judgment on the part of the student. At

continued on next page
the end of the semester, students are expected to achieve a speed of 60-70 words per minute.

**Prerequisite:** SEC 306

**SEC 410 Legal Vocabulary II — Gregg**

**SEC 411 Legal Vocabulary II — Pitman/3 hrs. 3 cr.**

A continuation of Legal Vocabulary I, this course includes more advanced terminology, additional Latin terms, and shorthand renditions of more advanced legal documents.

Corequisites: SEC 426, SEC 490/491

**Prerequisites:** SEC 310/311, SEC 326, SEC 390/391

**Offered Spring Semester**

**SEC 426 Legal Typewriting II/2 hrs. 1 cr.**

This course includes training in the preparation of more advanced legal documents such as probate proceedings, real estate practices and complex accounting reports. At the end of the semester, students are expected to achieve a speed of 60-70 words per minute.

Corequisites: SEC 410/411, SEC 490/491

**Prerequisites:** SEC 310/311, SEC 326, SEC 390/391

**Offered Spring Semester**

**SEC 431 Office Practice/4 hrs. 2 cr.**

The student is confronted with everyday office problems and must apply technical skills to solve them. Additionally, he/she is challenged by numerous difficulties and situations which cannot be solved by technical skills alone. The emphasis is on “doing” and the approach is basically self-directive.

**Prerequisites:** SEC 110 or equivalent, SEC 100/111, SEC 200/201 and SEC 210 or equivalent

**SEC 446 Bilingual Typewriting II/2 hrs. 1 cr.**

Not offered in 1986-88

**SEC 460 Educational Problems of the School Secretary II/2 hrs. 2 cr.**

Required for School Secretary License, this course includes study of basic educational principles and practices, basic educational methods and materials, basic educational research and experimentation.

**SEC 470 Transcription II — Gregg**

or

**SEC 471 Transcription II — Pitman/6 hrs. 3 cr.**

This final course in transcription is designed to enable students to reach initial job entry competency in shorthand and related skills. Emphasis on specialized business vocabulary, dictation and transcription skills is continued. This course is designed to enable students to reach a dictation speed of 100-120 words per minute and a transcription speed of 25-30 words per minute at the end of the semester.

**Prerequisite:** SEC 370/371

**SEC 476 Word Processing II/3 hrs. 3 cr.**

This course trains students in (1) the creation of documents utilizing advanced operations of word processors and (2) the techniques for composing, dictating and correcting documents created on machine transcribers and electronic typewriters.

**Prerequisite:** SEC 376

**SEC 477 Word Processing Concepts/3 hrs. 3 cr.**

This course studies the organizational, personnel and physical considerations entailed when purchasing information processing equipment for the first time, when expanding an existing information processing installation or when rearranging an existing information processing installation.

**Prerequisite:** SEC 376

**SEC 480 Bilingual Stenography II — Gregg**

or

**SEC 481 Bilingual Stenography II — Pitman/6 hrs. 3 cr.**

*Not offered in 1986-88*

**SEC 490 Legal Transcription II — Gregg**

or

**SEC 491 Legal Transcription II — Pitman/6 hrs. 3 cr.**

This course covers the dictation and transcription of more advanced litigation documents, judgments, briefs and appeals. Students receive practice and develop skill in the preparation of wills, corporate law documents, probate procedures and real estate. At the conclusion of the course, students are expected to take dictation at 100-120 words per minute on legal material.

Corequisites: SEC 410/411, SEC 426

**Prerequisites:** SEC 310/311, SEC 326, SEC 390/391

**Offered Spring Semester**

**SEC 500 College Typewriting for Personal Use/2 hrs. 1 cr.**

This course is especially designed for students in curricula other than Secretarial Science. After an introduction to the keyboard and preparation of simple correspondence, students receive practice in preparation of manuscripts and term papers including cover sheet, table of contents, bibliography and footnotes. At the end of the semester, students are expected to type one of their required term papers.

*Not open to Secretarial Science students*
Chairperson: Ronald Doviak
Deputy Chairpersons: Stavroula Christodoulou, Peter J. Kott
Associate Professors: Reuben Braxton, Sheryl D. Brody, Hugh Dawes
Assistant Professors: Emily Anderson, Barbara A. Bailey, Martin Diner, William B. Friedheim, Douglas E. Gosnell, Peter J. Kott, James N. Perlstein
Lecturer: Mary Ellen Shepard
Adjunct Faculty: There are approximately 32 adjuncts in the Department.

The Social Science Department aims to broaden and deepen understanding of the complex social, economic and political issues which face modern society. To achieve these aims, students are trained in the rational analysis of pertinent phases of human experiences. Courses offered in the Social Science Department encompass the following areas of study: Anthropology, Early Childhood Education, Economics, Geography, History, Philosophy, Political Science, Psychology, Social Service and Sociology.

The Social Science Department requires Liberal Arts students to fulfill their requirement for twelve (12) credits in the Social Sciences with courses from at least four (4) different Social Science disciplines. This includes all courses taken in the Center for Ethnic Studies which fall within the Social Science area (see page 49-50).

NOTE:
Students must successfully complete ESL 060, ESL 061, ESL 062, RDG 061 or RDG 062 before enrolling in Social Science courses.

Anthropology

ANT 100 Introduction to Anthropology/3 hrs. 3 cr.
The evolution and behavior of human beings as cultural animals are the focus of this course. Students are introduced to the basic concepts and methods of the major divisions of anthropology: physical, social and cultural; archeology and linguistics. Emphasis is placed on preliterate societies to facilitate the study of the interrelation of various aspects of culture.

ANT 110 Indians of North America: Their Histories and Cultures/3 hrs. 3 cr.
Not offered in 1986-88

ANT 300 The Roles of Women in a Changing World/3 hrs. 3 cr.
Not offered in 1986-88

Economics

ECO 100 Introduction to Economics/3 hrs. 3 cr.
The basic economic principles of production, consumption and price determination under the different market conditions are investigated in this course. The American economic system is described and analyzed and the impact of various institutions on the economy, banking system, organized labor, social security and federal budget is examined.

Geography

GEO 100 Introduction to Human Geography/3 hrs. 3 cr.
This course introduces students to the key concepts and principles of human geography. The course is designed to show how world geographic conditions such as climate, landforms, natural resources, soil, space and ecology have influenced human culture and civilization over time.

History

HIS 101 Western Civilization: From Ancient to Early Modern Times/3 hrs. 3 cr.
This course analyzes the societies of Western civilization from their origin to early modern times. The major social, economic, political, religious and intellectual developments are examined and their impact on the development of modern Western civilization is traced.

HIS 102 Western Civilization: The Emergence of the Modern World/3 hrs. 3 cr.
This course traces the growth of the modern Western world to the present. It surveys the political, economic and social foundations of contemporary civilization.

continued on next page
HIS 200 Early American History: Colonial Period to Civil War/3 hrs. 3 cr.
In this course, the history of the United States from the Colonial period to the Civil War is studied and the major political, economic and social problems of the new nation are analyzed.

HIS 250 Modern American History: Civil War to Present/3 hrs. 3 cr.
This continued study of American history emphasizes the emergence of an industrial economy, an urban society, world responsibility and the expanded federal government.

HIS 600 History of Women/3 hrs. 3 cr.
This course in social and intellectual history examines ideas about women and women's status in society in selected periods of history. Emphasis is placed on the reading and interpretation of primary source material. Topics included are: the historiography of women's history; examples of matriarchy; women in the Ancient Near East; Greece and Rome in the Middle Ages and the Renaissance; the role of women in American slave and plantation society; women in the modern capitalist and socialist worlds.
Prerequisite: One semester of history or Departmental approval

Philosophy

PHI 100 Philosophy/3 hrs. 3 cr.
The study of philosophy helps students develop analytic skills and gain an appreciation of the general philosophical problems with which human beings have grappled throughout Western civilization. Basic philosophical problems such as free will and determinism, the criteria which justify ethical evaluations, the philosophical considerations which are relevant to belief or disbelief in God, and knowledge and illusion are examined during this course.

PHI 110 Logic/3 hrs. 3 cr.
This course focuses on the principles of sound thinking and valid argument in order to develop skills in analysis and evaluation of inductive and deductive reasoning. Students learn to discriminate between valid and invalid argument using as tools the techniques of formal and symbolic logic.

PHI 200 Great Issues in Philosophy/3 hrs. 3 cr.
Not offered in 1986-88

Political Science

POL 100 American Government/3 hrs. 3 cr.
The history, development and intellectual origins of the American government are studied and analyzed. Special consideration is given to the structure and operation of the executive, legislative and judiciary, and to the role of government and politics in a modern industrial society.

POL 300 Comparative Political Systems/3 hrs. 3 cr.
Not offered in 1986-88

POL 400 World Politics/3 hrs. 3 cr.
This course considers the basic factors involved in international relations. The components of nationalism, the state system and the concepts of politics as the crucial form of interstate relationship are discussed and examined. A systematic study is made of the capabilities, goals and methods of interstate relations, considering the underlying principles, forces, patterns and problems which historically characterize international organizations and the political systems of the world.
Prerequisite: POL 100

POL 500 Politics and Government in New York City/3 hrs. 3 cr.
This course explores the government and administration of the city of New York. Structures and institutions such as the Office of the Mayor, the City Council and the Board of Estimate are examined, as well as the city bureaucracies and non-governmental groups whose activities bear upon politics in New York. The emphasis is on the political process and decision-making systems.
Prerequisite: POL 100
Offered alternate semesters

Psychology

PSY 100 General Psychology/3 hrs. 3 cr.
This course stresses adaptive human behavior in relation to the environment. Topics considered include: origins and methods of psychology, neurophysiological bases of behavior, maturation, motivation, emotion, learning, frustration and conflict.

PSY 200 Social Psychology/3 hrs. 3 cr.
Human behavior, as shaped by the processes of social interaction, is studied in this course. Data, around which the fundamental topics are presented, are drawn from experimental and case studies dealing with the events of the social environment: socialization, communication and persuasion, attitudes and beliefs, group behavior and leadership.
Prerequisite: PSY 100 or SOC 100

PSY 300 Psychology of Personality/3 hrs. 3 cr.
This course examines the psychological structure of the individual. It considers the theoretical foundations and empirical approaches to the study of personality. The focus of the course is the normal adult in re-
Social Science (cont'd.)

lation to constitutional factors, childhood experiences and behavioral changes which occur during adulthood.
Prerequisite: PSY 100

PSY 345 Psychology of Women/3 hrs. 3 cr.
This course involves the interpersonal and institutional socialization of women in contemporary American society and the effect of these processes on individual personality through an examination of existing roles and exploration of alternatives.
Prerequisite: PSY 100, SOC 100 or SSC 100

PSY 400 Developmental Psychology/3 hrs. 3 cr.
a systematic examination is made of the behavioral changes which occur during principal stages of the life span, their flexibility and stability. Attention is given to genetic, physiological and social forces affecting human development.
Prerequisite: PSY 100 except for students in any health services program.

PSY 500 Child Psychology/3 hrs. 3 cr.
in this course physiological, motivational, emotional and intellectual aspects of behavior from birth to adolescence are studied. Students are taught how individual, social and cultural factors affect children's development.
Prerequisite: PSY 100

PSY 510 Abnormal Psychology/3 hrs. 3 cr.
Same as MHT 215 (see page 41)
This course discusses the causes, diagnoses, treatment and prevention of various types of maladjustment and mental disorders. The relation of the neuroses and functional psychoses to current conceptions of normal personality functioning is discussed.
Prerequisites: PSY 100 and permission of the Instructor

SOC 100 Introduction to Sociology/3 hrs. 3 cr.
This course analyzes the structure, processes and products associated with group living. Attention is focused on the concepts of social organization, culture, groups, stratification, major social institutions and significant trends in group living.

SOC 200 Social Problems/3 hrs. 3 cr.
a close relationship exists between the social problems and the values and structures regarded by society as normal and stable. In this course, students apply sociological principles, theory, methods and research toward an understanding of social problems.
Prerequisite: SOC 100

SOC 300 Ethnic Groups In American Life/3 hrs. 3 cr.
This course studies the various ethnic groups which comprise the population of the United States—their accommodations and assimilation, their changing attitudes and impact on one another. In addition, the effects of interracial tension on personality and social organization are explored and comparative analyses of selected countries are made.
Prerequisite: SOC 100

SOC 400 Urban Sociology/3 hrs. 3 cr.
This course involves a sociological analysis of the modern city and the urban way of life. Among the topics discussed are: the growth and decline of urban neighborhoods; social forces responsible for the modern urban community; urban ecology; urban blight and shifts in the residential distribution of racial, ethnic and income groups; plans and policies for urban development; and the future of the central city.
Prerequisite: SOC 100

SOC 500 The Family/3 hrs. 3 cr.
Not offered in 1986-88

Social Science

SSC 100 Social Science and Contemporary Society/3 hrs. 3 cr.
This course concentrates on the important issues confronting human beings in modern society. Its purpose is to analyze some of the crucial contemporary social issues and to show how social science can be used as a tool for improving our understanding of human behavior. The approach is interdisciplinary, utilizing the knowledge and methodology of the social science disciplines.
Strongly recommended for students in the Business career programs.

SSC 200 Field Experience in Italy/3 cr.
This course offers the student Social Science field experience in Italy. Prefield orientation, seminars with guest lecturers, field trips to sites of historic interest and cultural tours are an integral part of the travel program. The field experience base of operations is a university in Italy.
Prerequisites: The student must have completed at least one course in Italian and a Social Science elective.

Social Service

For the curriculum in Social Service leading to an Associate in Arts (A.A.) degree, see page 28.

continued on next page
SSR 110 Field Experience in Social Work/6 hrs. 3 cr.
In addition to one class hour each week, students, under professional supervision, are assigned to field work in social work agencies. Field work experience includes placements in areas of social work such as community centers, hospitals, family service agencies and agencies which work with the aged. Efforts are made to assign students to agencies whose functions coincide with students’ interests.
Corequisite: SSR 150. Open as an elective to Liberal Arts students.

SSR 150 Introduction to Social Work/3 hrs. 3 cr.
The objective of this course is to help students understand social work as a helping profession and to deepen their understanding of social work goals, values, knowledge, methods and settings.
Corequisite: SSR 110. Open as an elective to Liberal Arts students.

SSR 210 Field Experience in Social Work II/6 hrs. 3 cr.
This course follows the format of SSR 110, Field Experience in Social Work. Remaining in the same field placement, the student improves his/her knowledge and strengthens his/her skills through continued practice and supervision. In the weekly class session, the agency experience is reinforced by case presentations and group discussions.

SSR 300 Social Welfare Programs and Policies/3 hrs. 3 cr.
In this course, concurrent private and public social welfare programs are studied and are placed within an historical perspective. Attention is given to the roles that government, social welfare leaders, organized labor and the business community play in the determination of welfare programs and policies.
Open as an elective to Liberal Arts students.

SSR 400 Marriage and the Family/3 hrs. 3 cr.
In this course, students examine aspects of family structure and function (including family organization and disorganization, child rearing practices, interfamilial relationships and the interdependence between family and community) in terms of their relevance to the human services.
Open as an elective to Liberal Arts students.
Prerequisite: SOC 100 or PSY 100

SSR 500 Seminar on Social Welfare/2 hrs. 2 cr.
The material from previous Social Service courses is consolidated to give students a context from which to study current social work and social welfare issues. Students are introduced to the use of professional journals.
Prerequisite: Satisfactory completion of all other SSR courses or Departmental approval.
SPEECH, COMMUNICATIONS AND THEATRE ARTS

Chairperson: Anthony T. Millili
Deputy Chairpersons: Lois Adler, Charlotte Croman
Professors: Lois Adler, Charlotte Croman, Edward Mapp, Anthony T. Millili, Doris Newburger, Sandra Poster
Associate Professors: Jenny Egan, Frank Galassi, Carol Lane, Golda Solomon
Assistant Professors: Ernest L. Charrier, George Fleck, Ellwood E. Williams
Lecturers: Susan L. Grabina, Patricia Ivers
Adjunct Faculty: There are approximately 18 adjuncts in the Department

The courses offered by the Department of Speech, Communications and Theatre Arts are aimed at developing and enriching skills in communications.

The electives in Speech (SPE) introduce students to Voice and Diction, Oral Interpretation, Public Speaking, the Mass Media and Interpersonal Communication. The Theatre electives (THE), designed to develop an understanding of theatre as a humanistic study and as an art form, provide students with a broad selection of courses ranging from history and criticism to a variety of performance workshops.

The Department administers the Corporate and Cable Communications Program and the Theatre Management Program (see pages 22 and 37 for curricula).

Speech

SPE 100 Fundamentals of Speech/3 hrs. 3 cr.
The aim of this course is to develop effective skills in speech communication. The student examines how to generate topics and organize ideas, masters elements of audience psychology and practices techniques of speech presentation in a public forum. All elements of speech production and presentation are considered.
Required of all students

SPE 102 Fundamentals of Speech: Language Skills/3 hrs. 3 cr.
The course is intended for those who desire special emphasis in vocabulary building, pronunciation, enunciation and mechanics of effective delivery. This class is particularly recommended for those whose native language is not English as well as those wishing concentration in speech and language skills. Class work is implemented through the use of recordings, individual and group drills, interpersonal exercises, oral reading, impromptu and prepared group discussions and speeches. Weekly speech tutoring is required.
This course may be taken in place of SPE 100 and satisfies the requirement for Speech.

SPE 110 Oral Interpretation/3 hrs. 3 cr.
This course is devoted to the reading aloud of various works of literature, such as poetry, prose or drama, in order to develop an awareness of the voice and body as an instrument of communication, and to instill an appreciation of the beauty and sensitivity of the English language.
Prerequisite: SPE 100 or permission of Department

SPE 120 Public Speaking/3 hrs 3 cr.
The aim of the course is to provide the student with advanced experiences in the preparation and analysis of oral presentations for professional, nonprofessional and academic situations. A detailed study of the principles and theories of public speaking is made. The course includes the presentation of student speeches.
Prerequisite: SPE 100 or permission of Department

SPE 200 Voice and Diction/3 hrs. 3 cr.
Designed for those students who wish to improve their speech communication in the business and professional environment. Study of voice and articulation, development of auditory discrimination, utilization of individual and group exercises, and application of speech in group discussions and interviews are covered. This class is particularly recommended for those whose native language is not English as well as those desiring additional improvement in speech and language.

SPE 240 Interpersonal Communication/3 hrs. 3 cr.
The course introduces the basic concepts and theories of interpersonal communication in personal, educational and business settings. This includes a study of self as communicator, the affect of language on others, verbal and nonverbal expression of thoughts and feelings and factors which contribute to effective communication.
Prerequisite: SPE 100 or permission of Department

continued on next page
SPE 245 The Mass Media/3 hrs. 3 cr.
The focus of this course is to provide an understanding of the influence and impact on our lives and society by the mass media. The course examines the history, law, technology, economics and politics of the mass media through independent study, field trips, etc. Students are encouraged to be aware of techniques of influence used by the mass media to determine social and political values. In addition students learn to develop tools for critical analysis of and standards for discriminating consumption of the mass media.
Prerequisite: SPE 100 or permission of Department

Theatre

THE 101 Acting I/3 hrs. 3 cr.
This course is designed to aid students in acquiring the necessary skills that comprise the basics of acting. Students develop an appreciation of drama as the theatrical performance rather than literature. Scenes and one-act plays are studied.
Prerequisite: SPE 100 or permission of Department

THE 102 Acting II/3 hrs. 3 cr.
This course aims to facilitate further technical control in acting as well as offering intensive work in characterization. Scenes and full length plays are performed.
Prerequisite: THE 101 or permission of Department

THE 103 Advanced Performance/3 hrs. 3 cr.
The purpose of this course is to further the work of advanced students of acting and dramatic arts. Student effort is concentrated on elements of advanced performance skills in preparation for professional-level presentations.
Prerequisite: THE 102 or permission of Department

THE 130 Performance for the Camera/3 hrs. 3 cr.
Students are provided with practical experience in presenting themselves professionally, both on camera and on the sound stage. This course focuses on the technical aspects of media performance (television, film and video), including the special requirements for the on-camera performer. Attention is paid to appearance, voice, movement and script analysis. Practice in utilizing facilities and equipment as they relate to performance is included.
Prerequisite: SPE 100

THE 141 Introduction to Theatre Management/3 hrs. 3 cr.
Methods of financing, promotion, hiring, negotiations, contracts, box office procedures, casting and administration of personnel are topics for discussion. Actual productions are discussed and examined critically from artistic, business and promotional points of view (either BMCC productions or "farmed-in" productions). Specialists in the field are invited to participate.

THE 150 Introduction to Theatre/3 hrs. 3 cr.
This is a conceptual rather than a chronological approach to the origins and influences of significant theatrical movements from classical theatre to contemporary European and American theatre. This study of playwrights, production history, schools of acting, and theatre criticism includes discussion of such figures as Euripides, Shakespeare, Betterton, Gordon Craig, Stanislavski, Grotowski, Pinter, LeRoi Jones and Brustein.

THE 170 Elements of Production I/3 hrs. 3 cr.
A comprehensive overview of the fundamentals of professional theatre production, including the basic skills and technical theories involved in: scene design, stagecraft, stage properties, costuming, lighting and sound. Classroom instruction is augmented by practical application wherever possible. Visiting professionals in appropriate fields of specialization are brought in as guest lecturers.
Not offered to students who have received credit for THE 254

THE 210 Infodrama: Commercial and Educational Documentary Writing and Performance/2 hrs. 4 lab hrs. 4 cr.
Students research historical and factual material such as essays, diaries, eyewitness accounts and oral interviews. Acting techniques for documentary drama are covered and an Infodrama created and performed, using characters and dialogue assembled from each student's research.

THE 220 Cabaret Theatre Workshop/2 hrs. 4 lab hrs. 4 cr.
Stresses acting techniques common to musicals, plays, opera and related forms such as cabaret singing and street theatre. Sight reading of music is not required, but some musical experience or ability is a pre- requisite. A performance integrating text, music, dance and characterization, possibly using material written or composed by class participants, is the end-product of the Workshop.

THE 254 Externship: Elements of Theatre Production/15 hrs. 4 cr.
Students serve as interns in various elements of theatrical production. Technical skills in lighting, sound, scenery and props are included as well as experience with box office, publicity and promotion. Students are assigned to the BMCC Performing Arts Center or other theatre companies in Manhattan.
Prerequisite: Departmental approval
THE 255 Theatre in Society/3 hrs. 3 cr.
This course is an inquiry into the utilization of theatre and dramatics in society today—how and where it is used. A minimum of six Broadway and off-Broadway productions are seen and considered by the class during each semester.

THE 256 Classical Greek Theatre: A Contemporary Encounter/3 hrs. 3 cr.
A survey of the theatre of classical Greece as the earliest form of dramatic art in the Western world. The course considers the origins of drama in religious cult ritual, the Attic dramatists of tragedy (Aeschylus, Sophocles and Euripides) and comedy (Aristophanes and Menander). The place of the classical theatre in the contemporary world is evaluated through modern translations and production of classical plays.

THE 260 Community Dramatics/3 hrs. 3 cr.
The course aims to train students in leadership of creative dramatics in the school and community. In addition to regular classroom attendance, and in order to link theory with practice, students are assigned to work in community organizations where they are expected to devote one hour weekly to teaching children.

THE 262 Elements of Playwriting/3 hrs. 3 cr.
Introduction to basic theories and techniques for writing the one-act play. This course includes lectures on how to observe ones own plays, as well as introduces the student to the contemporary theatre and the type of plays it produces.
Prerequisite: ENG 101

THE 270 Elements of Production II: Stage Crewing/10 hrs. 4 cr.
Students are required to take active part in production, serving as crew members. Aspects of production include set construction, lighting, scene painting and properties. Specific responsibilities include serving as prop master and assisting in lighting, sound or set changes.
Prerequisite: THE 170 or THE 254

THE 291 Theatre Management Practicum I/3 hrs. 3 cr.
A practical course teaching the necessary techniques of professional management for theatrical publicity and press relations. The course stresses the importance of publicity and the various methods of obtaining it. Students learn to write press releases and to schedule personal appearances, as well as to focus upon the organization and function of the publicity office.
Open only to Theatre Management students.
Prerequisite: THE 141

THE 391 Theatre Management Practicum II/2 hrs. 2 lab hrs. 3 cr.
A basic training course in running a box office consisting of lectures that are augmented by supervised practice. The BMCC box offices are utilized as training grounds. Areas that are covered include: necessary supplies, provisions for security, the role and duties of the box office treasurer, computerized ticket systems, sales procedures (including theatre parties and group sales), taking reservations and mail orders.
Open only to Theatre Management majors.
Prerequisites: THE 141, THE 291

THE 401 Funding for the Theatre/3 hrs. 3 cr.
The course covers various ways of raising support money for both commercial and non-profit theatre. Discussion includes extrinsic funding such as federal grants, bequests and business grants, and intrinsic raising of money through rentals, concessions and special events. Producers, fundraisers and guest lecturers from theatre organizations will contribute their expertise and augment lectures of the instructor (a professional in the field).
Open only to Theatre Management majors.
Prerequisites: THE 141, THE 291, THE 391

Corporate and Cable Communications

CCC 130 Budgeting for Audiovisual Production/3 hrs. 3 cr.
Budgeting is one of the first steps in the audiovisual production process. This course teaches students how to prepare a production budget for corporate, cable and audiovisual projects. Students learn how to work within a strict budget to insure compliance with corporate and cable television organizational requirements.

CCC 140 Teleconferencing/3 hrs. 3 cr.
Teleconferencing offers an immediate, reliable and cost efficient method of transmitting a presentation of a speaker; a new product or training material to one or more meetings/business conventions without concern for travel or shipping time. This course is designed to acquaint students with the new teleconferencing methods of today. It explores the development of teleconferencing and its varied corporate applications. Students participate in visits to studios currently transmitting teleconferencing software.

CCC 150 Introduction to Corporate Media Applications/3 hrs. 3 cr.
This course introduces the many industrial applications of the state-of-the-art media. New technologies and current industrial communication problems are covered. Students study the history of modern
communications and each student is given a glossary of technical terms. The course covers corporate needs for artists, designers, photographers, camera operators, video technicians, multi-image programmers, lighting people and film and video editors.

**CCC 160 T.V. Studio Production for Business** 1/4 hrs. 3 cr.
A "hands-on" course designed to teach students every aspect of studio television production. Students learn how to produce industrial videotapes for: training programs, corporate "news" shows, public service television spots, point-of-purchase productions, executive communications messages, new product introductions, management seminars, and sales incentive programs. Instruction is given in basic production skills such as the operation of: cameras, studio lighting, audio switcher/fader, slide and motion picture film chain and special effects generator. Students perform the basic functions of a T.V. studio director, floor manager and technical director.

**CCC 170 Remote Production/Video Editing** 1/4 hrs. 3 cr.
Students will learn how to produce, shoot and edit industrial videotapes on campus, using 1/2" and 3/4" equipment. Productions include pre-planned, scripted projects as well as use of interview techniques and electronic news gathering.

**CCC 180 Non-Broadcast Television** 3 hrs. 3 cr.
This course acquaints students with the non-broadcast news media of today: cable television, pay television, videotape, videodiscs, satellites, microwave and laser technologies, two-way cablecasting, and teleconferencing. It explores the development of industrial use of these television media and the varied applications such as training, product promotion, and sales and management seminars. Students participate in workshops and visit non-broadcast television facilities.

**CCC 260 T.V. Studio Production for Business** II/4 hrs. 3 cr.
This "hands-on" course is designed to further teach students all aspects of studio television production. Students learn how to produce industrial videotapes for training programs, corporate "news" shows, public service television spots, point-of-purchase productions, executive communications messages, new product introductions, management seminars and sales incentive programs. In addition, each student learns to create, develop and produce programming for cable television.
Prerequisite: CCC 160 or permission of the Department

---

**SPECIAL COURSES**

**DSL 101 Academic Life and Skills**/1 hr. 1 cr.
This skills development course, offered by the Student Life Department, is designed to thoroughly familiarize students with the language, structure and organization of the College. The course also explores the elements of effective educational/career decision-making and helps students acquire study skills that facilitate and enhance their classroom performance. Specialized counselling is also an important component of this course.

**INT 100 Enlightenment, Revolution, Romanticism**/6 hrs. 6 cr.
Not offered in 1986-88

**INT 200 The Great Cities: Centers for Intellectual and Cultural Achievement**/3 hrs. 3 cr.
Not offered in 1986-88
Continuing Education and Community Services

Through the Office of Continuing Education, the Borough of Manhattan Community College responds to community needs by providing specialized classes and career information. The primary function of the Office is to provide flexible learning alternatives for adults, particularly in retraining and upgrading skills. In addition, the Office of Continuing Education works in cooperation with community organizations to train underemployed and unskilled workers to successfully function in an increasingly competitive job market. The Office also responds to requests by business and health agencies to organize educational programs tailored to the needs of their employees.

The following programs and courses are currently offered by the Office of Continuing Education and Community Services:

**The Institute of Study for Older Adults**
The Office of Continuing Education runs courses on various topics in senior centers in Manhattan, under a subcontract from New York City Technical College's Institute of Study for Older Adults.

**Certificate Program for Hospital Employees**
Our Office runs a number of non-clinical courses with the cooperation of approximately twenty New York City hospitals for their employees.

**Nursing and Allied Health Continuing Education**
In cooperation with the New York State Nurses Association's Council On Continuing Education, and the College's Departments of Allied Health Sciences and Nursing, the Office of Continuing Education offers licensed practical and registered nurses and practitioners in the Allied Health professions programs relevant to their continuing professional development. Courses in the program may be clinical or non-clinical. All successful participants in Nursing Continuing Education receive Continuing Education Units (C.E.U.'s) recognized by the New York State Nurses Association as evidence of continuing professional development. The courses are run at the College and at approximately twenty cooperating hospitals in New York City.

**Private Sector Employee Training and Development Program**
The Office of Continuing Education works closely with training and development departments and with the Regional Education Center for Economic Development to design, develop and implement customized programs structured to meet specific training needs. The primary objective is to augment individual programs with low-cost, professional in-house training.

**Public Sector Employee Training and Development Program**
Our Office works closely with governmental, union and community organizations to increase the productivity and potential of public sector employees. We specialize in the areas of clerical, organizational and developmental skills training. Examples of our clientele include the New York City Human Resources Administration, the New York State Civil Service Department, the U.S. Post Office and Local 1199.

**English as a Second Language**
Basic, intermediate and advanced courses in English as a Second Language are offered at the BMCC campus and LaGuardia High School.

**New York Association for New Americans (NYANA)**
Funded through the Job Training Partnership Act, our program provides English as a Second Language training for refugees and immigrants who wish to learn or improve their English language skills.

**Time, Inc. Grant**
Working in cooperation with the Community Education Project at P.S. 173, we provide English as a Second Language training for residents of the Washington Heights area. The program, offered at P.S. 173, is funded by Time, Inc.

**Learning For A Lifetime**
A number of courses focusing on the interests of the general public are offered at the BMCC campus and LaGuardia High School. Courses are offered under the general headings of Career Development, Business

continued on next page
Continuing Education (cont'd.)

Skills and Personal Development. The courses include: Word Processing, Management for Personnel Placement Consultants, Actors' Workshop and Private Pilot Ground School, to mention a few.

Manhattan House of Detention
The College, through a program developed by the Office of Continuing Education and funded by the Corrections Consortium, serves inmates at the recently re-opened Manhattan House of Detention. The program concentrates on testing, skills assessment and counseling of inmates. High School Equivalency and college level courses may be offered depending upon the amount of time inmates stay at the facility.

Association for the Help of Retarded Children
The Office of Continuing Education and the Association for the Help of Retarded Children (A.H.R.C.) are cooperating to offer a series of Continuing Education courses on Saturdays during 1986-88 for mentally retarded adults.
ACADEMIC GRADING
ACADEMIC GRADES, REGULATIONS AND PROCEDURES

GRADING SYSTEM
Final Grades are given at the end of the semester for each course. Grades assigned at the completion of a course are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definition</th>
<th>Quality Points Index</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>93-100%</td>
<td>4.0</td>
</tr>
<tr>
<td>A−</td>
<td>90.92%</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>87.89%</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>83.86%</td>
<td>3.0</td>
</tr>
<tr>
<td>B−</td>
<td>80.82%</td>
<td>2.7</td>

<td>Withdrew Unofficially (assigned by Registrar—counts in GPA computation; same as Failure)</td>
<td>0.0</td>
</tr>
<tr>
<td>R</td>
<td>The “R” grade means a course may be repeated until minimum level proficiency is attained. An “R” grade will not be issued for unofficial withdrawals (restricted to non-credit, remedial and developmental courses)</td>
<td>—</td>
</tr>
<tr>
<td>NC</td>
<td>No credit granted (restricted to regular compensatory courses)</td>
<td>—</td>
</tr>
<tr>
<td>ABS</td>
<td>Absent from final. A makeup exam is permitted. An “ABS” grade reverts to an “F” (Failure) if a change is not made by the following deadlines: Spring and Summer semesters — Nov. 1; Fall semester — March 15.</td>
<td>—</td>
</tr>
<tr>
<td>INC</td>
<td>Semester’s work incomplete. “INC” is issued at the instructor’s discretion. The “INC” grade reverts to an “F” (Failure) if a change is not made by the following deadlines: Spring and Summer semesters — Nov 1; Fall semester — March 15.</td>
<td>—</td>
</tr>
</tbody>
</table>
Grading System (cont’d.)

AUD  Course not taken for credit or grade: “AUD” appears on transcript. To audit a course students must:
  a) Obtain permission from the department chairperson.
  b) File an application with the Registrar’s office.
  c) Complete regular registration procedures.
  d) Pay required tuition and fees.
  Once classes have begun, students cannot change a course from audit status to credit status or from credit status to audit status. Credits in audited courses are not counted for financial aid.
  Students must comply with attendance and punctuality regulations.

PEN  Grading Pending. This grade requires prior clearance from the Registrar. “PEN” is given by an instructor who cannot evaluate the completed work of a student by deadline. If not changed to a grade by the deadline indicated in “INC”, the “PEN” grade will revert to an “FPN”.

REP  Indicates a course already taken and successfully completed.

FIN  “F” from Incomplete—to be used when an “INC” grade reverts to an “F”.

FAB  “F” from Absent—to be used when an “ABS” grade reverts to an “F”.

FPN  “F” from Pending—to be used when “PEN” grade reverts to an “F”.

Z    No grade submitted by the instructor. “Z” is an administrative grade which cannot be assigned by instructor.

TR   Transfer credit from another institution and courses taken on permit.

Grade-Point Average (GPA)
After completion of a course, you are issued a letter grade. Most letter grades have a numerical point value (see Grading System Chart on page 96). To compute your Grade-Point Average, multiply the number of points shown for the letter grade by the number of credits for that course. Divide the total number of points earned in all courses by the total number of credits.

For example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Final Grade</th>
<th>Point Value</th>
<th>Credits</th>
<th>Points Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>English I</td>
<td>B+</td>

<td>B</td>
<td>3</td>
<td>x 3</td>
<td>9</td>
</tr>
<tr>
<td>Health Education</td>
<td>F</td>
<td>0</td>
<td>x 2</td>
<td>0</td>
</tr>
</tbody>
</table>

GPA = \[
\text{Points Earned} \div \text{Credits} = \frac{42.3}{17} = 2.40
\] Only courses taken at the Borough of Manhattan Community College are computed in the cumulative Grade-Point Average.

Class Attendance
At BMCC, the maximum number of absences is limited to one more hour than the number of hours a class meets in one week. For example, you may be enrolled in a class that meets four times a week totaling four hours. You are allowed five hours of absence (not five days). If, before the end of the third week of classes, you are absent one more hour than the number of hours a class meets in one week, your instructor is required to give you a “WU” grade. After the third week a “WU” or “F” grade is assigned.

Attendance in both regular and remedial courses is mandated by policy of the City University of New York. Instructors are required by New York State law to keep an official record of class attendance.

See Notification of College Policy regarding absence for religious purposes, page 106.

Appeal of Grades
You may make a request to change a final earned grade continued on next page
issued by an instructor. Grades "A" through "Z" are earned grades (see Grading System on pages 96-97). Only the instructor who issued the grade can change it, however the following steps are available for further review:

- The Chairperson of the Department
- The Committee on Academic Standing (CAS). You must submit an "Appeal to the Committee on Academic Standing" form. The form is available at the Registrar's Office. (The Committee may make a recommendation to the Dean of Academic Affairs after first consulting with the instructor and the Department Chairperson.)
- The Dean of Academic Affairs.
- The Instructor.

NOTE: The time for appealing past grades is one year after the end of the semester in which the grades were issued.

Repeating Courses
You should not repeat a course if a passing grade has been received or if transfer credit has been accepted for a course completed at another institution. However, if you repeat a course for which you have received an earned grade, you can only receive a grade of "REP" for the repeated course and credit will not be awarded.

Academic Standing
While enrolled at BMCC, your academic performance is continually evaluated in order that you and the College can determine how you are progressing in your studies — your evaluation is based upon your cumulative Grade-Point Average (GPA). In order to be in good standing at BMCC, the following minimum retention standards must be met:

<table>
<thead>
<tr>
<th>Credits Attempted</th>
<th>Minimum Cumulative Grade-point Average (GPA)</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-12</td>
<td>1.50</td>
</tr>
<tr>
<td>13-24</td>
<td>1.75</td>
</tr>
<tr>
<td>25-upward</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Transcripts of Academic Record
Each semester transcripts showing your academic grades and GPA are mailed to your home address. In addition, an official transcript of your academic record can be forwarded to any institution or agency if you submit a written request to the Registrar's Office two weeks before the transcript is needed. Official transcripts bear the College seal and signature of the Registrar and are not issued to students or alumni. There is a $4 fee for each transcript mailed and payment is made directly to the Bursar's Office. The Bursar's Office issues a receipt of payment which you must submit to the Registrar's Office with your transcript request form. There is no charge to send official transcripts to any CUNY college. If you pay by cash or money order, your transcripts are mailed within one week of the request. Transcript requests that are paid by personal check are held for 15 business days before processing, in order for the check to clear the bank. Partial transcripts of your work are not issued. The College reserves the right to withhold all information on the record of any student who has not fulfilled financial and other responsibilities to the College, including payment of student loans.

Official transcripts of work taken at other institutions (including high school) which were presented for admission or for evaluation of credit become the property of the College and cannot be copied or reissued. If a transcript of this work is needed, it should be obtained directly from the other institution.

Graduation Requirements
To be eligible for graduation from BMCC, you must:

1. Successfully pass all the required courses and credits in your program of study.
2. Earn at least a 2.0 GPA.
3. Advanced Standing Students — complete at least 32 credits at BMCC.
4. Submit an application for graduation to the Registrar's Office at least one month after the start of your graduating semester (for example: June graduates must submit their applications in February).
5. Fulfill all financial obligations to the College.

Transfer For Further Education
Upon graduating from BMCC, you are guaranteed the right to transfer to a CUNY institution provided you meet the standards of proficiency established by the City University of New York.

Your BMCC credits are accepted toward further study as long as you pursue the baccalaureate degree in the same curriculum you studied at BMCC. If you change your curriculum, please be advised that some courses may not be transferred toward your baccalaureate degree because each CUNY college has individual B.A. or B.S. degree requirements.

For detailed information, contact a Transfer Counselor from the Student Life Department.
HONORS AND AWARDS

Dean's List
The Office of the Dean of Academic Affairs places students with a semester Grade-Point Average of 3.3 or better on the Dean's List. You must meet the following qualifications to be a recipient of this honor (no Dean's List certificates are awarded for courses taken during the Summer Session):

- You must be matriculated.
- You must be registered in credit-bearing courses.
- Full-time students must complete 12 or more credits in one semester.
- Part-time students must complete 12 or more credits in two consecutive semesters.

Only passing earned grades (A, B, C and D) in credit-bearing, non-remedial courses are counted for eligibility on the Dean's List.

Graduating With Honor
Graduates who have maintained a 3.30 GPA or better throughout their studies at BMCC are designated as Graduating With Honor.

Presidential Award
The President of the College presents this award to the full-time student who has exhibited qualities of leadership, academic excellence and popularity among the students and faculty.

The Dean's Award
The Dean of Academic Affairs presents this award to the full-time student(s) graduating “With High Distinction” (the highest cumulative Grade-Point Average).

The Dean of Student's Award
This award is presented by the Dean of Students to the student deemed to have outstanding citizenship and dedication to the college community.

Ellsworth Janifer/Aaron Benjamin Memorial Awards
The Black Faculty and Staff Association of BMCC, in honor of its past presidents: Dr. Aaron Benjamin (former member of the Modern Languages Department) and Dr. Ellsworth Janifer (former chairperson of the Music and Art Department), presents Commemorative Scholarship Awards to graduating students. The awards are in the following categories: Ideals of Ellsworth Janifer/Aaron Benjamin, Academic Excellence, Contribution to the College Community, and Contribution to the Black Community.

Martin B. Dworkis Memorial Award
This commemorative award, in honor of Martin B. Dworkis, the first President of BMCC, is presented to the athlete with the highest cumulative Grade-Point Average.

Dolly King Award
A memorial award for academic excellence and service to the Physical Education Department is given in honor of Dolly King, the first chairperson of the Physical Education Department.

Morisey Award
A commemorative scholarship in honor of the late A. Alexander Morisey, who was Director of Community Relations at BMCC, is awarded each year.

Louis and Caroline Salit Award
A commemorative award in honor of Louis and Caroline Salit is presented for Excellence in French.

Departmental Honors
Each academic department of the College presents awards and honors to graduates who have exhibited significant achievements in their studies.
THE LIBRARY

The A. Philip Randolph Memorial Library is BMCC's central source for information and research. The large modern facility serves the needs of the entire College community. Located on the fourth floor, overlooking the Hudson River and New York harbor, the library has a seating capacity for 700 students at tables and individual study carrels; a shelving capacity for 100,000 volumes; and group study rooms.

The 6,000 volume Reference Collection includes encyclopedias, dictionaries, indexes, bibliographies, a wide range of basic reference books, and a number of new reference sources in microform. The Reserve Collection has textbooks and other required reading materials. Currently, the Periodicals section has over 700 magazines, newspapers and scholarly journals. Microfilm reader/printers enable students to read the 10,000 reels of microfilm that make up the backfile of the Periodicals Collection. In addition, a growing collection of audio/video software is available to faculty for classroom use.

The library conducts orientation lectures for both beginning and advanced students and it publishes a handbook (available free to all visitors) describing its facilities and services.

LIBRARY HOURS
Monday to Thursday ......................... 9:00 AM–9:00 PM
Friday .................................. 9:00 AM–5:00 PM
Saturday .................................. 10:00 AM–5:00 PM

Chief Librarian .......................... Lina M. Lowry
Deputy Chief Librarian .................. Sherwood Smith
Professor ................................. Cyril O. Packwood
Associate Professors ...................... Sidney Eng
........................................ Evelyn Hisz
........................................ Lina M. Lowry
........................................ Wambui Mbugua
........................................ Sherwood Smith

Assistant Professors ...................... Joanna Bevacqua
........................................ Lester Bower
........................................ Anna Radziejowski
........................................ Vicente Revilla

Instructor ................................. Rafat Isahany

100
STUDENT ACTIVITIES
The Student Activities Office, administered by the Student Life Department, serves the diverse interests of BMCC students through a variety of extracurricular and co-curricular activities. In cooperation with campus based clubs and organizations, the Student Government Association (SGA) and various departments, the Student Activities Office plans and coordinates intellectual, cultural, and social programs throughout the academic year. The Office also distributes discount and free tickets to sport events, trips, concerts, performing art shows and Broadway plays to mention a few.

In addition to off-campus events, there are many on-campus activities scheduled throughout the academic year. Information about activities, BMCC clubs and the Student Government Association is in “This Month at BMCC” (the official Student Activities Office newsletter), and is posted on campus bulletin boards and in the Student Activities Office, room S227.

COUNSELING
The Department of Student Life provides counseling services to help make your college experience as rewarding as possible. BMCC's counseling staff will help you plan your academic schedule each semester and help you make decisions about your educational and occupational goals. If you wish to speak with someone about a personal, social or academic problem, including academic dismissal, please go to room S330 to make an appointment with one of the College's professionally trained counselors. (Counseling is provided on an individual or group basis.) Listed below are some of the various counseling services offered by the College:

Academic Advisement
Each semester you are required to meet with a faculty advisor to make certain that you are following your correct course of study. The faculty advisors help you plan your program for the following semester and assist you with information regarding curriculum choice.

Counselors in the Department of Student Life can assist you with information concerning withdrawal from courses, academic standing, rate of progress, classroom performance, academic probation, academic dismissal and changes in academic policies of the College. Students should contact any counselor in room S330.

Academic Probation
Counseling for students who have fallen below the academic retention standards (see Academic Standing, page 98).

Career Education
For freshmen and upper classmen seeking additional information regarding career options.

College Discovery
Students who are admitted to BMCC on the College Discovery (CD) Program are provided with supportive services from counselors. These services include an outreach counseling program and academic support such as tutoring, remediation and developmental skills workshops.

Foreign Student
Counseling for foreign students with problems relating to immigration, academic standing, exchange and study abroad programs and other matters is available. Foreign students tuition waiver applications are also available. For further information, contact the counselor in room S329.

Handicapped and/or Disabled Students
Specialized counseling geared to students who have medical problems and/or physical limitations and who need help in overcoming difficulties that may affect their academic progress. Students should contact the counselor for the handicapped, room S325.

Honor Students
Provides special assistance to students with GPA's of 3.3 or better in applying for scholarships and offers guidance in selecting an appropriate four-year college.

Transfer
Transfer counseling is available to students who wish to attend a senior institution for study toward a baccalaureate
degree. The Transfer Counselor arranges transfer conferences for BMCC students to meet with admissions officers from many colleges and universities. Students should contact the counselor in room S434.

Veterans
The Veterans’ Office assists veterans in processing papers and answering questions about their veterans’ benefits. Also available through this Office is information regarding the veterans’ tutorial program, veterans’ work-study program and discharge upgrading referrals. **All veterans should see a Veterans’ Counselor during their first semester at BMCC, room S363.**

**TUTORIAL SERVICES**

**Learning Resource Center**
The Learning Resource Center is an instructional support facility which offers a wide range of services designed to strengthen academic skills and learning needs of students. Every academic discipline is covered in the Center as well as topics on study skills and stress management. In addition to traditional tutoring services, the Learning Resource Center provides print, tape/slide, video and computerized learning systems for individualized and self-paced instruction from remedial through accelerated levels. It also contains laboratory space for use of the reading, writing and ESL programs.

For further information, contact the Director, room S501, tel. 618-1326.

**Weekend Tutoring**
The Weekend Tutoring Program is funded under the U.S. Department of Education’s Special Services for Disadvantaged Students Program (Title IV). The Program is designed to provide qualified students with a variety of academic support services including tutoring and counseling. The services are free and available 12 weekends each semester. **NOTE:** Students must register for the program during the week. Weekend Tutoring hours are: Saturday, 10am – 2pm and Sunday, 12pm – 4pm. For further information, contact the Weekend Tutoring Office, room S403, tel. 618-1663/1664.

**JOB PLACEMENT**
The Cooperative Education and Placement Department assists students and alumni to secure employment that meets their interests, skills and financial needs. Job referrals and placement with business, government, community and educational agencies are made through the Department. (Job openings are posted in room N759.) The Department also coordinates on-campus recruiting, career conferences, resume and interview workshops as well as computer-assisted interactive career counseling utilizing the Discover System.

Students who are candidates for graduation are especially encouraged to avail themselves of the occupational and career planning services. Students who wish additional help with occupational testing (which helps students with career choices) or specialized counseling should make an appointment with a counselor from the Department of Student Life, room S330.

For further information regarding job placement and referrals, contact the Cooperative Education and Placement Department, room N765, tel. 618-1476.

**NOTE:** Even though the Cooperative Education and Placement Department attempts to help students find suitable employment, there is no guarantee that every student will be placed. It is the policy of the Department to utilize employers who hire students without regard to sex, race, color, national origin, handicap or age.
Sports and Athletics

The Department of Physical Education, Health, Recreation and Dance provides an opportunity for BMCC students to participate in intercollegiate and intramural activities.

Intercollegiate sports is a formal intensive athletic program for students who are interested in joining a team to compete with other colleges. BMCC teams include baseball, men's and women's basketball, women's softball, soccer, tennis and volleyball.

The intramural program is ideal for students, campus clubs and organizations who wish to compete informally with other BMCC groups. Sports include basketball, swimming, tennis, and more. Interested students should contact the Department of Physical Education, Health, Recreation and Dance, room N210.

The leisure program is comprised of diversified physical, intellectual and social activities which allow students, faculty, staff and the community-at-large the opportunity to participate in a variety of leisure pursuits that are congruent with their particular life-styles. You may satisfy your leisure needs by participating in formal classes (non-credit) that emphasize individual instruction, or by engaging in informal, self-paced activity. The leisure program sponsors classes in dance, gymnastics, karate, physical fitness, swimming, tennis, and weight training; special events include the Annual Turkey Trot, Swim Festival, Dance Festival, Mr. & Ms. BMCC Contest and ski outings (in conjunction with Student Activities). Participants can attend all intercollegiate athletic events free of charge.
Rules and Regulations

Class Attendance
At BMCC, the maximum number of absences is limited to one more hour than the number of hours a class meets in one week. For example, you may be enrolled in a four hour class that meets four times a week. You are allowed five hours of absence (not five days). If, before the end of the third week of classes, you are absent one more hour than the number of hours a class meets in one week, your instructor is required to give you a “WU” grade. After the third week a “WU” or “F” grade is assigned.

Attendance in both regular and remedial courses is mandated by policy of the City University of New York. Instructors are required by New York State law to keep an official record of class attendance.

Repeating Courses
Students cannot repeat a course if a passing grade has been received or if transfer credit has been accepted for a course completed at another institution.

Transfer Credits
Advanced standing students (see page 4) who are registered at BMCC cannot have earned credits from another institution transferred to BMCC.

Academic Probation
Students are placed on academic probation if their GPA falls below minimum retention standards. Students on academic probation are in good standing but are limited to 12 credits until they attain the minimum required GPA (See Academic Standing, page 98).

Dismissal
Students whose GPA falls below minimum retention standards for two semesters are academically dismissed. Academically dismissed students cannot attend BMCC or any CUNY college for at least one semester.

Appeal of Dismissal
Academic dismissal may be appealed by writing to the Committee on Academic Standing. Documentary evidence in support of the appeal and/or written recommendation from a college counselor/academic advisor may be submitted. Appeal forms are available in the Registrar’s Office.

Readmission After Academic Dismissal
Academically dismissed students may be readmitted to the College on probation if the student:
1. Was academically dismissed once.
2. Has not attended BMCC for at least one semester.
3. Has a cumulative Grade-Point Average of 1.8 or more.
4. Files a readmission application with the Admissions Office.

The Committee on Academic Standing reviews all applications from any student with a GPA below 1.8 and has 45 credits or more. Students who are academically dismissed twice are not readmitted to BMCC.

Withdrawal From the College
For any reason, if you do not wish to continue your studies at BMCC, obtain and file the official “Withdrawal From the College” and “Withdrawal From Class(es)” forms with the Registrar’s Office. DO NOT DROP OUT OR WITHDRAW FROM CLASSES WITHOUT FILING THE APPROPRIATE FORM. If you unofficially withdraw, you will receive a “WU” or “F” grade which is computed in your cumulative Grade-Point Average as an “F”.

The date the form is filed is the official withdrawal date, not the day you stop attending classes. You have until the sixth week of classes to officially withdraw from the College with a “W” or “WF” grade. After the sixth week, withdrawal from the College will not be accepted.

Students who completely withdraw from the College will not be eligible for TAP or STAP the following semester.
LEGAL RIGHTS

Public Order (Education Law)

Rules and Regulations for the Maintenance of Public Order Pursuant to Article 129A of the Education Law (Henderson Rules)

The tradition of the University as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedoms; the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the University campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the university has the right, and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

THE PRESIDENT. The president, with respect to his/her educational unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his/her jurisdiction;

b. Be the advisor and executive agent of the Board and of his/her respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the bylaws, resolutions and policies of the Board, the lawful resolutions of any of its committees and the policies, programs and lawful resolutions of the several faculties;

c. Exercise general superintendence over the concerns, officers, employees and students of his/her educational unit.

I. Rules

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he/she interfere with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the University/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an official of the college.

3. Unauthorized occupancy of University/college facilities or blocking access to or from such areas is prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of University/college equipment and/or supplies.

4. Theft from or damage to University/college premises or property, or theft of or damage to property of any person on University/college premises is prohibited.

5. Each member of the academic community or an invited guest has the right to advocate his/her position without having a fear of abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of the academic community and other persons on the college grounds shall not use language or take actions reasonably likely to provoke or encourage physical violence by demonstrators, those demonstrated against or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their presence on any campus within the University/college, or whose presence on any such campus obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the institution's educational processes or facilities, or the rights of those who wish to avail themselves of any of the institution's instructional, personal, administrative, recreational and community services.

7. Disorderly or indecent conduct on University/college-owned or controlled property is prohibited.

8. No individual shall have in his/her possession a rifle, shotgun or firearm or knowingly have in his/her possession any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage upon a building or the grounds of the University/college without the written authorization of such educational institution. Nor shall any individual have in his/her possession any other instrument or material which can be used and is intended to inflict bodily harm on an individual or damage upon a building or the grounds of the University/college.

9. It is a violation of acceptable standards of conduct at the college, and it is prohibited for any individual, group or organization to engage in the practice of "hazing".

II. Penalties

1. Any student engaging in any manner in conduct prohibited under substantive Rules 1-9 shall be subject to the following range of sanctions as hereafter defined in the attached Appendix: admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection and/or arrest by the civil authorities.

2. Any tenured or non-tenured faculty member, or tenured or non-tenured member of the administrative or custodial staff engaging in any

continued on next page

105
manner in conduct prohibited under substantive Rules 1-9 shall be subject to the following range of penalties: warning, censure, restitution, fine not exceeding those permitted by law or by the Bylaws of the Board of Higher Education, or suspension with/without pay pending before an appropriate college authority, dismissal after a hearing, ejection and/or arrest by the civil authorities. In addition, in the case of a tenured faculty member, or tenured member of the administrative or custodial staff engaging in any manner in conduct prohibited under substantive Rules 1-9 shall be entitled to be treated in accordance with applicable provisions of the Education Law or Civil Service Law.

3. Any visitor, licensee, or invitee, engaging in any manner in conduct prohibited under substantive Rules 1-9 shall be subject to ejection and/or arrest by the civil authorities.

Appendix
SANCTIONS DEFINED:

A. ADMONITION. An oral statement to the offender that he/she has violated University rules.

B. WARNING. Notice to the offender, orally or in writing, that continuation or repetition of the wrongful conduct, within a period of time stated in the warning, may cause for more severe disciplinary action.

C. CENSURE. Written reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any University regulation within a period stated in the letter of reprimand.

D. DISCIPLINARY PROBATION. Exclusion from participation in privileges or extracurricular University activities as set forth in the notice of disciplinary probation for a specified period of time.

E. RESTITUTION. Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

F. SUSPENSION. Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time.

G. EXPULSION. Termination of student status for an indefinite period. The conditions of readmission, if any is permitted, shall be stated in the order of expulsion.

H. COMPLAINT TO CIVIL AUTHORITIES.

1. EJECTION.

Religious Beliefs & Class Attendance Education Law Section 224-a provides:

1. No person shall be expelled from or be refused admission as a student to an institution of higher education for the reason that he/she is unable, because of religious beliefs, to attend classes or to participate in any examination, study or work requirements on a particular day or days.

2. Any student in an institution of higher education who is unable, because of religious beliefs, to attend classes on a particular day or days shall, because of such absence on the particular day or days, be excused from any examination or any study or work requirements.

3. It shall be the responsibility of the faculty and of the administrative officials of each institution of higher education to make available to each student who is absent from school, because of his/her religious beliefs, an equivalent opportunity to make up any examination, study or work requirements which he/she may have missed because of such absence on any particular day or days. No fees of any kind shall be charged by the institution for making available to the said student such equivalent opportunity.

4. If classes, examinations, study or work requirements are held on Friday after four o'clock post meridian or on Saturday, similar to makeup classes, examinations, study or work requirements shall be made available on other days, where it is possible and practicable to do so. No special fees shall be charged to the student for these classes, examinations, study or work requirements held on other days.

5. In effectuating the provisions of this section, it shall be the duty of the faculty and of the administrative officials of each institution of higher education to exercise the fullest measure of good faith. No adverse or prejudicial effects shall result to any student because of availing him/herself of the provisions of this section.

6. Any student, who is aggrieved by the alleged failure of any faculty or administrative officials to comply in good faith with the provisions of this section, shall be entitled to maintain an action or proceeding in the Supreme Court of the county in which such institution of higher education is located for the enforcement of his/her rights under this section.

Campus Behavior Code

In order to ensure the continuance and enhancement of the positive image and reputation of all members of the College community and in the interest of promoting student and faculty welfare at the College and the safety and security of our entire College community, the following Code of Behavior is in effect:

Gambling and the sale and possession of drugs, including marijuana, are illegal by New York State law. Violators will be subject to disciplinary action and/or referral to outside authorities.

Any student who does not show his or her ID card upon a legitimate request will be considered a trespasser.

Alcoholic beverages are not permitted at any College (department or program) event to which students are invited or expected to participate.

Any form of cheating is prohibited.

Any student violating the code of behavior or any law or regulation established by the College, and by
the city, state, or federal government (including the use of drugs) shall be subject to formal disciplinary procedures as outlined in Articles 15.3 to 15.5 of the Board of Higher Education Bylaws and sanctions as listed in the Board of Higher Education Bylaws and Article 129A of the Education Law. The initiation of disciplinary procedures requires a predisciplinary hearing before a counselor from the Office of the Dean of Students as set up in line with the requirements of the Bylaws of the Board of Trustees immediately following an incident which is judged to be an infraction of law or Behavior Code to determine whether or not the case should be referred to the Student-Faculty Discipline Committee. As a result of emergency or extraordinary circumstances, a student may be suspended for a period not to exceed seven (7) school days. A hearing must be held within that same time period unless the student agrees or consents to an extension of the time.

If the charges are of sufficient nature and have not been settled at the predisciplinary hearing, a formal hearing will be scheduled before the Student-Faculty Discipline Committee as specifically outlined in Article 15.3 of the Bylaws of the Board of Trustees.

Students as a result of this hearing or failure to appear at the hearing may be subject to immediate and permanent suspension which may apply to all units of the City University of New York. All students involved will be advised of the various levels of appeal under the Bylaws of the Board of Higher Education.

**Damage to College Equipment**

Any student who damages any school equipment is required to pay the costs of repair or replacement.

**Student Records Policy**

The Federal Education Rights and Privacy Act of 1974 (the "FED") and regulations pursuant thereto grant present or former students the right to be informed of the following:

1. The types of student records, the information contained therein, the official having custody and the location of the educational records which are maintained by the College, the Central Office, the University Processing Center and the Office of Admission Services, provided such records are not otherwise excluded from mandatory access by the provisions of the Act.

2. The procedures for granting student inspection and review of records and the method of appeal where a request for access is denied.

3. A fee of 25 cents per page may be charged for each uncertified copy of records requested by a student.

4. The procedures for correcting, challenging or expunging student records which are misleading, inaccurate or in violation of a student's rights, i.e. the right to a hearing and the right to file a written statement disagreeing with any decision which denies the student's right to challenge the complained of information.

5. Unless requested by a student who has made an appropriate request, directory information (student's name, attendance dates, telephone listing, home address, present address, major minor fields of study, degree and awards received) will not be released by the College except to agencies exempted under the law.

6. The circumstances under which educational records may be furnished or access permitted to records without the prior consent of the student.

7. Personally identifiable information protected under this Act may be disclosed provided the student has signed an appropriate consent form; the student is provided with a copy of the released information, and the party to whom the information is released is advised of the limitations for using such information.

8. Access to records by parents of students is restricted by the provisions of the Act.

9. The Registrar shall maintain a record of each request for disclosure of a student's record; the Registrar's record shall be made available to the student upon request.

10. Only the student may waive his or her rights under the Act, provided such waiver is in writing; revocation of the waiver must also be in writing.

11. A copy of the Student Records Policy and the specific guidelines and regulations may be obtained from the Dean of Students, Registrar or Chief Librarian.

12. A student who believes that his or her rights under the Act or regulations thereunder have been violated may submit a complaint in writing to:

The Family Educational Rights and Privacy Act Office
330 Independence Avenue SW
Washington D.C. 20201

The foregoing information is intended only as a general description of student rights under the Act and policy of the College. Students requiring more specific information regarding procedures or guidelines for release of records are advised to consult with the Dean of Students or the Registrar.

**College Policy Against Sexual Harassment and Sex Discrimination:**

It is the policy of the City University of New York as well as the College to prohibit harassment or sex discrimination of employees or students on the basis of sex. This policy is related to and is in conformity with the equal employment opportunity policy of the University and Title IX of the Education Amendment Act of 1972 to recruit, employ, retain and promote employees without regard to sex, age, race, color, or creed. Prompt investigation of allegations will be made on a confidential basis to ascertain the veracity of complaints. Appropriate corrective action will be taken.

It is a violation of the policy for any member of the University community to engage in sexual harassment or sex discrimination. It is a violation of policy for any member of the University community
to take action against an individual for reporting sexual harassment or sex discrimination.

Policy Guidelines

A. Definition:
For purposes of this policy, unwelcome sexual advances, requests for sexual favors, and other verbal or written communications or physical conduct of a sexual nature constitute sexual harassment when:

1. submission to such conduct is made either explicitly or implicitly as a term or condition of an individual's employment or academic standing;
2. submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual;
3. such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

B. Responsibilities:

1. The President of the College is responsible for overseeing compliance with implementation of this policy.

2. Each dean, director, department chairperson, administrator or other person with supervisory responsibility is responsible within his/her area of jurisdiction for the implementation and dissemination of this policy.

C. Procedures:

1. Student claiming harassment on the basis of sex shall report such harassment or alleged sex discrimination to the Dean of Students. Upon receipt of such complaint, the Dean shall make an informal confidential investigation and report the findings to the President with appropriate recommendations. The Dean shall consult with the Campus Title IX Coordinator in this process.

2. Employees covered by collective bargaining agreement which includes gender discrimination as a ground for grievance, shall utilize the grievance procedure provided in their respective agreements.

3. Employees not covered by a collective bargaining agreement or covered by an agreement which does not include gender discrimination as a ground for grievance, shall utilize the following procedure:
   a. The President shall appoint a panel of at least three persons to handle complaints arising in the College; an appropriate announcement of the formation of the panel and its membership should be disseminated to the College community.
   b. Individuals who believe that they have been harassed or discriminated against on the basis of sex should communicate with a member of the panel. The panel member should be available for consultation and assistance and should attempt to resolve the problem in a manner which is fair and equitable and which is consistent with this University policy. The initial effort by a panel member in response to a complaint shall be made on an informal basis and every effort shall be made to insure the privacy of both the complainant and the accused.
   c. If no informal resolution of the allegations is achieved, the panel member shall promptly submit a written report with recommendations to the President.
   d. Following receipt of the report, the President may take such further action as he/she deems necessary, including the initiation of disciplinary proceedings.

4. Allegations of sexual harassment or discrimination under C.1 and C.3 above should be made within 30 days of the date of alleged occurrence except for extenuating circumstances.

5. The University Offices of Faculty and Staff Relations and Legal Affairs are available to assist the College in the implementation of these procedures.

Nondiscrimination on the Basis of Handicap

The Borough of Manhattan Community College of the City University of New York does not discriminate on the basis of handicap. This includes admission and retention of students, employment of faculty and staff (instructional and non-instructional).

Except for employees who are covered by a handicap discrimination provision in their collective bargaining agreements, all other employees and students may avail themselves of the following procedures:

Students should communicate their complaints to the Counselor for the Handicapped, room 5325. Complaints received by the counselor will be handled on an informal and confidential basis in order to ensure the privacy of both the complainant and the accused. If the matter cannot be resolved through the informal process, the complainant may avail him/herself of a formal complaint procedure.

In the case of a formal complaint, a committee made up of three individuals will be formed: 1) a dean or chief administrator of the area from which the complaint emanated, for example, the Dean of Academic Affairs for complaints having to do with a faculty member; 2) one individual chosen by the complainant and 3) one individual chosen by the person who is the subject of the complaint. If a complaint is to be lodged against a dean or administrator who otherwise would sit on the committee, he or she would be replaced by someone designated by the President. The committee's responsibility will be to make a finding and recommendation to the President.

Students, faculty or staff requiring any further information or who wish to make a claim for discrimination in any of the above described categories may contact Mrs. Alyne Holmes Coy, Title IX and Section 504 Coordinator at 618-1591/92.
CUNY/BMCC Special Programs

The City University of New York (CUNY) and BMCC provide educational programs to help you develop beyond your academic degree requirements.

The following special programs are available:

CUNY Baccalaureate Degree Program

The CUNY Baccalaureate Degree Program permits mature and highly motivated students to design their own academic programs under the guidance of a faculty committee. If you have a definite career objective and you are interested in designing a totally individualized program of study leading to a B.A. or B.S. degree, please make an appointment with Dr. Francis N. Elmi, Campus Coordinator of the CUNY B.A. Program, room S334.

CUNY Law School

The City University of New York Law School at Queens College reflects an expansive view of the functions of law and lawyers in society, and includes a significant core of required courses that integrate related subject matter.

The admissions program seeks to identify candidates with strong academic abilities and qualities that make an outstanding lawyer—judgement, initiative, empathy, interpersonal competence and the ability to work collaboratively as well as independently.

The school works actively to develop job opportunities in public and private positions.

Directed Study

The Directed Study Program is available for advanced students to work independently of a formal classroom situation.

Within each department, courses numbered 901-909 are Directed Study codes. For example, a course numbered 901 indicates a 1-credit course, 902 a 2-credit course, etc. A maximum of 9 credits may be earned. For information on eligibility and enrollment procedures, please contact the Department Chairperson of your particular field of interest.

New York/Paris Exchange Program

The New York/Paris Exchange Program offers CUNY students of all disciplines the opportunity to study at one of the universities of Paris while earning credits toward their CUNY degree. Applicants should be in good academic standing and have three semesters of college French or the equivalent proficiency. For further information or applications, contact: Dr. Maxine Fisher, New York/Paris Exchange Program, Baruch College, 17 Lexington Avenue, Box 339, New York, NY 10010. Telephone: (212) 725-3214. Prof. Michael Giammarella, Student Life Department, is campus coordinator of the Program at BMCC.
OFFICE OF THE PRESIDENT
Augusta Souza Kappner .................. President
Susan Armiger .................. Vice President for Development and Planning

PRESIDENT'S ADVISORY COUNCIL.

A group of civic-minded individuals interested in the Borough of Manhattan Community College and its students serve on the President's Advisory Council. They volunteer their time and assistance to the President to implement the needs and to further the purposes of the College. Distinguished in their own communities, the members of the President's Advisory Council come from various walks of life and diverse backgrounds. The members are:

Dr. James R. Dumpsnon, Chairperson
Assistant Director
New York Community Trust

Dr. Althea T. L. Simmons, Deputy Chairperson
Director, Washington Bureau NAACP

Dr. Herbert Bienstock
Alumni Merit Professor of Labor & Urban Values
Queens College

Dr. Egon Brenner
Executive Vice President
Yeshiva University

Mr. John Burnell
Director
Transport Worker's Union
Local 100

Mr. Leighton K. Chong

Pastor, Canaan Baptist Church
The City University of New York

The City University of New York (CUNY) is an urban institution noted for its commitment to academic excellence and open admissions. CUNY's beginning dates back to 1847 when the free school — now known as The City College — was established in order to provide free higher education to the City of New York. Today CUNY is a public institution comprised of ten senior colleges, seven community colleges, affiliated medical schools and two university-wide doctoral programs.

Under CUNY's open admissions policy, any student with a high school or equivalency diploma is admitted to any CUNY college. Since 1969, when open admissions was instituted, enrollment rapidly increased to comprise a student body from various socio-economic levels and ethnic backgrounds. To serve the educational needs of its diverse student body, CUNY has provided new facilities, new programs and innovative research methods. The largest university sponsored program in the nation that aids disadvantaged high school youth enter and stay in college was developed by CUNY. Also developed were urban centers that offer vocational training and college adaptor courses. The following are some of the services provided by CUNY to help students and prospective students with their educational needs:

Office of Admission Services
The Office of Admission Services (OAS) assists all prospective students and applicants who are interested in attending one of the colleges of The City University of New York. OAS, in conjunction with the University Application Processing Center (UAPC) processes all freshman and advanced standing transfer applications and evaluates all foreign educational documents. The office is located at 101 West 31st Street in Manhattan and contains the following divisions:

The Information Center: Provides information on CUNY admissions procedures, international student admissions, financial aid, CUNY programs and General Equivalency Diploma (GED) information. The Center is open Monday through Wednesday from 9:00 a.m. to 5:45 p.m., Thursday from 10:00 a.m. to 5:45 p.m. and Friday from 9:00 a.m. to 4:45 p.m.

School and Community Services: Disseminates pre-admission information on CUNY to students and guidance counselors in all New York City high schools and most of the large community agencies.

In addition, OAS administers the College Level Examination Program (CLEP) and the Test of English as a Foreign Language (TOEFL). Other functions include the preparation of CUNY publications such as The Freshman Guide to Admissions and FACETS, the CUNY newsletter.

The Borough of Manhattan Community College is an Affirmative Action Equal Opportunity Institution. The College does not discriminate in any way on the basis of sex, age, color, race, religion, national origin or physical handicap in its admission or retention policies, educational or activities programs, hiring or other employment procedures.

It is a violation of University and College policy for any member of the college or university community to engage in sexual harassment or to take action against an individual who reports an incident of sexual harassment. Sexual harassment shall include unwelcome sexual advances, requests for sexual favors, and other verbal or written communications or physical conduct of a sexual nature when made a condition of or basis for employment or academic standing or designed to interfere with or affect the work or academic environment.

The College’s Affirmative Action Officer is Reuben Braxton, Associate Dean of Academic Affairs for Instruction, room S725, tel. 618-1571/2.
